MISSION OF THE AUTHORITY

The mission of the Minnesota Higher Education Facilities Authority is to assist eligible institutions of higher education in the State of Minnesota in financing their capital needs in an efficient and cost-effective manner.

Within the framework of Minnesota Statutes 136A.25 – 136A.42, the Authority works to assist educational institutions primarily through the issuance of tax-exempt debt obligations on their behalf. The Authority also actively seeks to develop financing programs that may be of benefit to institutions and shall make its staff and technical resources available to institutions whenever the application of those resources may prove beneficial in the development or implementation of institutional debt financing plans. The Authority shall, where appropriate, actively seek to have laws and regulations amended to empower the Authority to provide such assistance. The Authority will also endeavor to inform and update the representatives of the institutions on the current regulations and strategies of debt financing.

The Authority shall conduct its activities in strict accordance with all applicable laws and regulations. The Authority will not act as a regulatory body with respect to the internal policies and activities, financial or otherwise, of any educational institution, except as may be required by law and prudent fiscal policy in the course of providing assistance to such educational institutions.

LETTER FROM THE CHAIR

Greetings:

We are pleased to present the Annual Report of the Minnesota Higher Education Facilities Authority for the year ended June 30, 2007, including the financial statements for the year, as audited by Kern, DeWenter, Viere, Ltd. This report includes information about the services provided by the Authority to nonprofit institutions of higher education in the State of Minnesota. The primary service is to provide financing for capital projects of those colleges and universities through tax-exempt debt issued by the Authority. A critical benefit associated with that service is the monetary savings that are realized by those institutions as a result of the lower interest rates available through the Authority's tax-exempt financing.

Throughout the Authority's history, this financing assistance has been provided without cost to the taxpayers of Minnesota. The credit of the State does not back the bonds, either directly or indirectly, and the operating expenses of the Authority are paid from fees associated with the various financings.

In fiscal year 2007, the Authority completed nine financings for eight institutions. The total principal amount of \$137,260,000 compared to the previous year's total of \$93,460,000. Taking into account regularly

scheduled repayments and the refunding of certain prior Authority bonds usually in order to take advantage of lower interest rates, the total principal outstanding for Authority-issued debt stands at approximately \$719,852,000 as of the end of the fiscal year. During the 2007 session, the State Legislature granted the Authority an increase in the limit on outstanding debt from \$800 million to \$950 million.

During the fiscal year, Governor Pawlenty reappointed Kathryn Balstad Brewer and Gary D. Benson to serve another four-year term and appointed Janet Withoff to fill a vacancy to complete a term.

Annual bonding volume will continue to fluctuate with market conditions and institutional needs. Since 1971, the Authority has remained a constant source of financing to Minnesota's nonprofit colleges and universities. Through the combined efforts of the Authority members, staff and advisors, the Authority will continue to provide requested services in an efficient and cost-effective manner.

INDEPENDENT AUDITORS' REPORT

October 2, 2007

To the Executive Director and Members of the
Minnesota Higher Education Facilities Authority
St. Paul, Minnesota:

We have audited the accompanying basic financial statements of the Minnesota Higher Education Facilities Authority, St. Paul, Minnesota, as of and for the year ended June 30, 2007 as listed in the Table of Contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express opinions on these financial statements based on our audit. The prior year partial comparative information has been derived from the Authority's 2006 financial statements and, in our report dated August 16, 2006, we expressed an unqualified opinion on these financial statements.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority, as of June 30, 2007 and the changes in its financial position and its cash flows, for the year then ended in conformity with U.S. generally accepted accounting principles.

The financial statements include partial prior year comparative information. Such information does not include all of the information required to constitute a presentation in conformity with U.S. generally accepted accounting principles. Accordingly, such information should be read in conjunction with the government's financial statements for the year ended June 30, 2006, from which such partial information was derived.

The Management's Discussion and Analysis, which follows this report letter, is not a required part of the basic financial statements but is supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS: INTRODUCTION

This discussion and analysis of the financial performance of the Minnesota Higher Education Facilities Authority (the Authority) is supplementary information required by the Governmental Accounting Standards Board. It introduces the basic financial statements and provides an analytical overview of the Authority's financial activities for the year ended June 30, 2007.

The Minnesota Higher Education Facilities Authority was created by the legislature in 1971 (Sections 136A.25 through 136A.42, Minnesota Statutes) to assist Minnesota institutions of higher education in capital financing needs. The Authority consists of eight members appointed by the Governor. A representative of the Office of Higher Education and the President of the Minnesota Private College Council, who is a non-voting member, are also members of the Authority.

The Authority is authorized to issue revenue bonds whose aggregate outstanding principal amount at any time cannot exceed a statutory limit. The Legislature amended the limit from the \$800 million to \$950 million effective July 1, 2007. The Authority has had 163 issues (including refunded and retired issues) totaling \$1,413,678,307 of which \$719,852,623 is outstanding as of June 30, 2007. Bonds issued by the Authority are payable only from the loan repayments, rentals and other revenues and moneys pledged for their payment. The bonds of the Authority do not represent or constitute a debt or pledge of the faith or credit or moral obligation of the State of Minnesota. The operations of the Authority are financed solely from fees paid by the participating institutions. It has no taxing power. Bond issuance costs, including the fees of legal counsel, the financial advisor, and the trustee, are paid by the participating institution.

Educational institutions eligible for assistance by the Authority are generally private nonprofit educational institutions authorized to provide a program of education beyond the high school level. Under current statutory authority, public community and technical colleges in the State are also eligible for assistance, but only in financing of child-care and parking facilities. In addition, pursuant to special legislation, the Authority has twice issued bonds

on behalf of a public community college for housing purposes.

The Authority may issue bonds for a broad range of projects, including buildings or facilities for use as student housing, academic buildings, parking facilities, day-care centers, and other structures or facilities required or useful for the instruction of students, the conducting of research, or the operation of an institution of higher education. The Authority is also authorized to issue revenue bonds for the purpose of refunding bonds of the Authority and other debt.

Beginning with fiscal year 1996, the Authority has acted as dissemination agent on behalf of those institutions that are subject to the annual reporting requirement of SEC rule 15c2-12 (most public issues after June 30, 1995). Almost all of the colleges and universities borrowing through the Authority are now subject to the reporting. The service is offered as a convenience to the institutions at no additional charge.

The annual debt financing conference was held in April 2007. The conference was again coordinated with a similar conference for business officers sponsored by the Minnesota Private College Council. The annual conference provides a chance for Authority clients, members and finance professionals to share information on higher education capital financings. This year, the conference included a discussion of who is investing in tax-exempt bonds and how products are changing for those investors in the municipal marketplace. It also provided a forum for representatives from a national rating agency to give their views on national trends in education and comment on Minnesota's higher education trends.

The Authority continues to review its policies and procedures in an ongoing attempt to most effectively provide financing assistance to Minnesota's nonprofit colleges and universities. It is through the concerted efforts of the borrowers, the Authority's advisors, staff and members, as well as public finance professionals, that tax exempt financing continues to be a vital tool for higher education. The Authority will work with all these groups to continue providing affordable financing to the private colleges and universities and, ultimately to their students.

MANAGEMENT'S DISCUSSION AND ANALYSIS: OVERVIEW OF THE FINANCIAL STATEMENTS

The three basic statements presented within the financial report are as follows:

- ⊕ **Statements of Net Assets** – This Statement presents information reflecting the Authority's assets, liabilities and net assets. Net assets represent the amount of total assets less total liabilities. The Statement of Net Assets is categorized as to current and noncurrent assets and liabilities. For purposes of the financial statements, current assets and liabilities are those assets and liabilities with immediate liquidity or which are collectible or becoming due within one year of the statement date.
- ⊕ **Statement of Revenues, Expenses and Changes in Net Assets** – This Statement reflects the operating revenues and expenses during the year. Operating revenue is from administrative fees charged to colleges and universities. The change in net assets for an enterprise fund is similar to net profit or loss for any other business enterprise.
- ⊕ **Statement of Cash Flows** – This Statement is presented on the direct method of reporting which reflects cash flows from operating and investing activities. Cash collections and payments are reflected in this Statement to arrive at the net increase or decrease in cash for the year.

The following summarizes the financial position and results of operations of the Authority for the years ended June 30, 2007 and 2006.

MANAGEMENT'S DISCUSSION AND ANALYSIS: FINANCIAL HIGHLIGHTS

The demand for capital among Minnesota private colleges and universities remains strong.

The total principal amount issued in fiscal year 2007 was \$137,260,000 compared to \$93,460,000 in fiscal year 2006. Following is a listing of the bond issues for fiscal year 2007.

AUGSBURG COLLEGE

⊕ Series Six-J1 issued July 2006 in the amount of \$15,655,000. The bonds, and a portion of Series Six-J2, will be used to finance the Gateway Project, a multi-use building for student housing, offices, classroom and retail.

⊕ Series Six-J2 issued July 2006 in the amount of \$5,000,000. The bonds will be used to finance the expansion of Si Melby Hall and renovation of the Augsburg House and Event Center, and provide additional financing for the Gateway Project.

MINNEAPOLIS COLLEGE OF ART & DESIGN

⊕ Series Six-K issued July 2006 in the amount of \$7,670,000. The proceeds of this bond issue were used to advance refund the outstanding principal of Series Five-D bonds.

HAMLIN UNIVERSITY

⊕ Series Six-E3 issued August 2006 in the amount of \$2,195,000. The proceeds of this bond issue were used to current refund the outstanding principal of Series Four-I bonds.

COLLEGE OF ST. CATHERINE

⊕ Series Six-L issued August 2006 in the amount of \$8,000,000. The proceeds of this bond issue were used to finance the construction of a student residence hall for approximately 150 beds.

COLLEGE OF ST. BENEDICT

⊕ Series Six-M issued October 2006 in the amount of \$7,345,000. The proceeds of this bond issue were used to finance the construction of a two-story, student dining center located on the College campus in St. Joseph, Minnesota.

COLLEGE OF ST. CATHERINE

⊕ Series Six-N issued April 2007 in the amount of \$6,500,000. The proceeds of this bond issue were used to finance the construction of a student residence hall for approximately 140 beds.

ST. OLAF COLLEGE

⊕ Series Six-O issued March 2007 in the amount of \$45,405,000. The proceeds of this bond issue were used to finance the construction of a new science complex and advance refund the outstanding amount of Series Four-R bonds.

MACALESTER COLLEGE

⊕ Series Six-P issued March 2007 in the amount of \$39,490,000. The proceeds of this bond issue were used to finance the construction of a new athletic and recreation center and a current refunding of the outstanding amount of the Series Four-U1 and Four-U2 bonds.

FACTORS EXPECTED TO AFFECT FUTURE FINANCIAL POSITION AND OPERATION

The Authority is primarily dependent on administrative fee revenue with supplemental revenue provided by earnings from its accumulated operating reserve. The fees are based upon the actual outstanding principal amount of each series of bonds when billed.

Starting in fiscal year 1997, the Authority's annual administrative fees have been reduced across the board. Utilizing the operating reserve to subsidize the operating expenses, the Authority was able to reduce its annual administrative fees to all borrowers in fiscal year 2007 by 75%. The fees for fiscal year 2008 will be reduced by 75%. Although future reductions are not guaranteed, the Authority is committed to providing financing services at affordable fees to colleges and universities in Minnesota.

BASIC FINANCIAL STATEMENTS: NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**A. REPORTING ENTITY**

The Minnesota Higher Education Facilities Authority (the "Authority") is a state agency created to assist nonprofit institutions of higher education in financing the construction of educational facilities. The Authority finances projects through the issuance of bonds; the principal and interest of which are paid by the lease/loan payments collected from the higher

education institutions. In fiscal year 2007, the Authority was authorized to have a maximum of \$ 800 million of revenue bonds outstanding. Bonds issued by the Authority are payable only from specified revenues and collateral and do not constitute a debt of the State of Minnesota.

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The Authority utilizes the accrual basis of accounting and is reported using the economic resources measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The operating revenues of the Authority consist principally of annual administrative fees paid by the participating institutions. While the annual administrative fee rate for new bond issues has changed periodically, the fee rate remains constant for the life of the bonds, with the exception of fee reductions for operating reserve stabilization purposes. The annual fee structure is as

follows: bonds issued from December 1971 to September 1975 are charged .125% of the original balance of the bonds; bonds issued from October 1975 to December 1989 are charged .2% of the original balance of the bonds; bonds issued from January 1990 to the present are charged .125% of the outstanding balance of the bonds. In an effort to stabilize its unrestricted net asset balance, the Authority periodically evaluates the administrative fees charged to participating institutions. For the year ended June 30, 2007, the Authority required participating institutions to pay 25% of the contractual administrative fees.

C. ASSETS, LIABILITIES AND NET ASSETS

1 – CASH AND INVESTMENTS

Cash and investment balances are invested to the extent available in various securities as authorized by state law. Securities in which the Authority may invest include government bonds, notes, bills, mortgages and other securities which are direct obligations or are guaranteed or insured issues of the U.S., its agencies, its instrumentalities or organizations created by an act of Congress.

Subject to applicable law, the Authority may also invest in general obligation or revenue bonds of any state or any political subdivision provided the general obligation bonds are rated AA or better for states and AAA or better for political subdivisions and revenue bonds are rated AAA or better for both. Time deposits are allowed, provided they are fully insured by Federal Deposit Insurance Corporation (FDIC) insurance. In some cases, investment agreements with corporations rated AA by Standard & Poor's (S&P) or AA by Moody's are allowed as well as repurchase agreements fully collateralized by U.S. government securities. Commercial paper maturing in 270 days or less and rated within the top two categories without gradation by either S&P's or Moody's is also allowed.

Minnesota Statutes require that all deposits be protected by federal depository insurance, corporate surety bonds or collateral. The market value of collateral pledged, must equal 110% of the deposits not covered by FDIC insurance or corporate surety bonds.

The Authority's cash and cash equivalents are considered to be cash on hand, deposits and highly liquid debt instruments purchased with original maturities of three months or less from the date of acquisition. Investments are stated at fair value.

Custodial Credit Risk – Deposits: For deposits, this is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority has a deposit policy that requires the Authority's deposits be collateralized in an amount equal to 110% of an amount exceeding FDIC coverage.

Interest Rate Risk: Managing exposure to fair value arising from increasing interest rates. The Authority's investment policy states the Authority should be made with consideration for cash flow requirements, taking into account budgeted expenditures.

Credit Risk: This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper and corporate bonds to the top two ratings issued by nationally recognized statistical rating organizations. The Authority's investment policy requires its investments to be rated in the top two categories by S&P or Moody's.

Concentration of Credit Risk: This limits the amount the Authority may invest in any one issuer. The Authority's policy states, the Authority should consider the credit quality in the selection of individual securities of any single issuer in excess of 5% of the Authority's total investments.

Custodial Credit Risk – Investments: For an investment, this is the risk that in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Authority's investment policy does not address custodial credit risk for investments other than to follow the overall framework provided by Minnesota Statutes.

2 – PREPAID ITEMS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Prepaid items are recorded as an expense at the time of consumption.

3 – CAPITAL ASSETS

Capital assets, which include office furniture and equipment, are stated at historical cost and depreciated on the straight-line method over the estimated useful lives of the assets, generally three, five or ten years. The Authority's threshold for capitalization of assets is \$500.

4 – CONDUIT DEBT

The Authority issues tax-exempt instruments (bonds, notes or other obligations), which do not constitute a debt of the Authority. These debt instruments are limited obligations of the Authority, payable solely from payments made by the related borrowing institutions and related assets held by trustees. The Authority has no general liability with respect to these obligations and has no beneficial interest in the related assets held by trustees. Acting solely in an agency capacity, the Authority serves as a financing conduit, bringing the ultimate borrower and the ultimate lender together. The Authority has elected to exclude these obligations, and the related assets held by trustees, from the financial statements.

These obligations are itemized in Note 6. Assets held by trustees related to these obligations totaled \$ 74,037,742 as of June 30, 2007.

5 – COMPENSATED ABSENCES

The Authority compensates all employees upon termination of employment for unused vacation up to a maximum of 275 hours. At June 30, 2007, the Authority has recorded a liability for all unused vacation.

Authority employees accrue sick leave at the rate of 4 hours for each 10-day pay period of full time service. Employees are compensated for unused sick leave upon termination of employment only if they meet the requirements of the employment agreement or plan under which they are employed. Sick leave is disbursed at termination at the rate of 40% for the first 900 hours and at 12.5% for any accrued time in excess of 900 hours.

D. NET ASSETS

Net assets represent the difference between assets and liabilities in the basic financial statements. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets.

E. USE OF ESTIMATES

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expense during the reported period. Actual results could differ from those estimates.

F. CHANGE IN ACCOUNTING PRINCIPLE

The Authority changed the cash and investment footnote (Note 2.B.) presentation from weighted average maturity to specific identification. There is no financial impact as a result of this change.

BASIC FINANCIAL STATEMENTS: NOTE 2 - DEPOSITS AND INVESTMENTS**A. DEPOSITS**

In accordance with applicable Minnesota Statutes, the Authority maintains deposits at depository banks authorized by the Authority's Board.

Custodial Credit Risk – Deposits: As of June 30, 2007 the Authority's bank balance of \$ 20,488 was not exposed to custodial credit risk because it was insured through FDIC insurance.

As of June 30, 2007, the Authority's carrying value of the cash equivalents was as follows:

Deposits	\$	17,691
Brokered Money Market		<u>142,343</u>
Total Cash Equivalents	\$	<u><u>160,034</u></u>

B. INVESTMENTS

As of June 30, 2007, the Authority had the following investments:

BASIC FINANCIAL STATEMENTS: NOTE 7 – RISK MANAGEMENT

The Authority is exposed to various risk of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In order to protect against these risks of loss, the Authority purchases commercial insurance through the State of Minnesota Department of Administration Risk Management Division.

During the year ended June 30, 2007, there were no significant reductions in insurance coverage from the prior year. Settled claims have not exceeded the Authority's commercial coverage in any of the past three years.

**BASIC FINANCIAL STATEMENTS:
NOTE 8 – STATE EMPLOYEES RETIREMENT FUND AND
STATE UNCLASSIFIED EMPLOYEES RETIREMENT PROGRAM**

Pension fund information is provided by the Minnesota State Retirement System (MSRS), who prepares and publishes their own stand-alone Comprehensive Annual Financial Report (CAFR), including financial statements and required supplementary information. Copies of the report may be obtained directly from MSRS at 60 Empire Drive, Suite 300, St. Paul, Minnesota 55103-3000.

The statutory authority for State Employees Retirement Fund (SERF) is Minnesota Statutes Chapter 352. The SERF is a cost-sharing, multiple-employer defined benefit plan. All classified employees are covered by this plan. The annuity formula is the greater of a step rate reduction for each month of early retirement, or a level rate (the higher step rate) with an actuarial reduction for early retirement. The applicable rates are 1.2% and 1.7%.

The statutory authority for State Unclassified Employees Retirement Program (SUERP) is Minnesota Statutes Chapter 352D. Only certain unclassified employees are covered by this defined contribution program. The cash value may not be withdrawn prior to termination of the covered employee.

The funding requirements for both SERF and SUERP are 4% to 6% for both employer and employee. Actual contributions were 100% of required contributions. Required contributions for the Authority were:

Fiscal Year	Amount
2007	\$ 9,976
2006	9,798
2005	9,907

BASIC FINANCIAL STATEMENTS: NOTE 9 – SUBSEQUENT EVENT

Series Six-R revenue bonds in the amount of \$ 44,000,000 were issued for the benefit of Bethel University on August 1, 2007. Bethel University will use the proceeds to refinance the Series Four-S and Five-V Bonds and to finance the acquisition, construction, furnishing and equipping of a University Commons.
