MINNESOTA HIGHER EDUCATION FACILITIES AUTHORITY

REVENUE BONDS, SERIES SIX-U
(Saint John's University)

(BOOK ENTRY ONLY)

INTRODUCTORY STATEMENT

This Official Statement provides information concerning the Minnesota Higher Education Facilities Authority (the "Authority") and the Order of St. Benedict, a Minnesota nonprofit corporation (the "Corporation"), as owner and operator of Saint John's University, an institution of higher education located in Collegeville, Minnesota (the "Institution" or the "University") in connection with the issuance of the Authority's $11,375,000 Revenue Bonds, Series Six-U (Saint John's University) (the "Bonds" or the "Issue").

The Bonds are being issued pursuant to the provisions of Sections 136A.25 through and including 136A.42, Minnesota Statutes, as amended, by the provisions of which the Authority was created and authorized to issue its obligations to assist institutions of higher education within the State of Minnesota (the "State") to finance certain projects.

The Bonds are also being issued pursuant to the Trust Indenture (the "Indenture") dated as of June 1, 2008 between the Authority and Wells Fargo Bank, National Association, Minneapolis, Minnesota, as trustee (the "Trustee"). The Trustee will also be the Registrar and Paying Agent for the Bonds.

Pursuant to a Loan Agreement between the Corporation and the Authority relating to the Bonds, the Corporation will covenant as a general obligation of the Corporation to make Loan Repayments in amounts sufficient to pay the principal of and interest on the Bonds as the same shall become due. The proceeds of the Bonds will be loaned to the Corporation by the Authority and will be used to:

1. Construct and equip an approximately 24,000 square foot 58-bed apartment style student housing complex,
2. Construct and equip an approximately 8,000 square foot campus community center,
3. Renovate and upgrade dining facilities, including the Refectory,
4. Renovate and upgrade five Seton Apartment buildings,
5. Capitalize interest on the Bonds during the construction period,
6. Fund a Debt Service Reserve Account, and
7. Pay issuance costs.

The Bonds are secured by a pledge of the Loan Repayments, which are a general obligation of the Corporation. Under the Loan Agreement, the Corporation will agree to provide the funds necessary to make timely payment of the Loan Repayments. See "SOURCE OF PAYMENT FOR THE BONDS AND FINANCIAL COVENANTS" herein.

The Bonds are also secured by the Reserve Account created under the Indenture and held by the Trustee. The Reserve Account will be funded in the amount of the Reserve Requirement from Bond proceeds. See "ACCOUNTS – Reserve Account."

The Bonds shall not be legal or moral obligations of the State of Minnesota, nor shall they constitute a debt for which the faith and credit of the Authority or the State of Minnesota, or the taxing powers of the State, are pledged. The Authority has no taxing powers.

The descriptions and summaries of various documents hereinafter set forth do not purport to be comprehensive or definitive, and reference is made to each document for the complete details of all terms and conditions. All statements herein are qualified in their entirety by reference to such documents. See Appendices IV and V for definitions of certain words and terms used herein and for a description of certain provisions of the documents hereinafter referred to.

RISK FACTORS

No person should purchase Bonds without carefully reviewing the following information which sets forth some, but not all, of the factors which may affect the Owners' receipt of payments of the principal of, premium, if any, and interest on the Bonds.

Risk of Insufficient Collateral

The Bonds are secured by (a) a pledge by the Authority to the Trustee of amounts payable by the Corporation under the Loan Agreement, and (b) amounts in the Reserve Account and other accounts and funds which will be held by the Trustee and applied to the payment of principal, premium, if any, and interest on the Bonds. See Appendix IV – DEFINITION OF CERTAIN TERMS – Reserve Requirement. The Bonds are not secured by a mortgage on or security interest in any real property or personal property.

Adequacy of Revenues

Payment of principal and interest on the Bonds is intended to be made from the Corporation's Loan Repayments. The Corporation's ability to make Loan Repayments will be dependent on its ability to receive sufficient unrestricted revenues in excess of expenditures. Such revenues and expenditures are subject to many conditions and factors, some of which may be beyond the control of the Corporation and may change in the future to an extent that cannot be presently determined.

Liens and Mortgages

Certain debt of the Corporation is secured by mortgage liens on the property financed. The aggregate amount of debt secured by mortgage liens as of April 1, 2008 was $3,311,392. Certain other indebtedness of the Corporation is secured by liens on revenues. (See "THE CORPORATION AND THE UNIVERSITY – The Corporation – Long-Term Debt of the Corporation" herein). Such liens will take priority as to the secured assets over the claims of the Bondholders in the event of a default.

Competition

Competition among institutions of higher education is intense nationally and within the upper Midwest region from which the University draws the majority of its students. Universities and colleges compete principally based on location, tuition rates, degree offerings, and academic reputation. To the extent that competitors have or achieve an advantage with respect to any of these factors, the University could be adversely affected. In addition, competitive pressures could result in tuition reductions or the inability to raise tuition, which could adversely affect the change in the Corporation's unrestricted net assets.

Changes in demographics, such as a decrease in the overall number of high school graduates or a decrease in the number of high school graduates who elect to go to college, could adversely affect the University's efforts to attract students.

Reliance on Tuition

The adequacy of the Corporation's revenues will largely depend on the amount of future tuition revenue the University receives. Such revenue in turn will depend primarily on the University's ability to charge sufficient rates for tuition and to maintain enrollment levels. Future enrollment levels will depend on the number of students applying to the University and accepting offers of admission. A number of factors, including, without limitation, levels of tuition rates and other fees, competition from other colleges and universities, a change in the number of college age students and changing general economic conditions will influence the number of applicants to the University.

Financial Aid and Loans

Approximately 92% of the University's students currently receive some federal, state or University financial aid covering some portion of tuition and fees or living expenses. No assurance can be given that federal, state or University financial aid will continue to be funded at current levels. Curtailment of such aid may cause a decline in enrollment, which may in turn have an adverse effect on the Corporation's revenues. State financial shortfalls may result in reductions to state aid funding for colleges, including the University. See Appendix I, "THE CORPORATION AND THE UNIVERSITY – The University – Financial Aid" herein.

No assurance can be given that student loans will continue to be available to students and their parents at current levels. Reductions in availability of such loans may cause a decline in enrollment, which may in turn have an adverse effect on the Corporation's revenues.

Damage or Destruction

Although the Corporation will be required to obtain certain insurance as set forth in the Loan Agreement, there can be no assurance that the Corporation will not suffer losses for which insurance cannot be or has not been obtained or that the amount of any such loss will not exceed the coverage of such insurance policies.

Nature of Pro Forma Debt Service Coverage

Certain historical operating revenue for the Corporation and computed pro forma debt service coverage is provided in Appendix I under the caption "Annual Debt Service for Fiscal Years 2009 and 2010 and Pro Forma Coverage Statement." The pro forma coverage is merely a mathematical computation as reflected in the applicable table, and constitutes no assurance as to the future sufficiency of Corporation revenues to satisfy Corporation operations and Bond and other debt service requirements.

Limited Obligation

No entity or person other than the Corporation is, or shall be, in any way liable or responsible for any payments to be made under the Loan Agreement, the Indenture, or the Bonds or the other obligations of the Corporation under such documents. Accordingly, for payment of principal of and interest on the Bonds, holders of the Bonds must look solely to the Loan Repayments to be made by the Corporation under the Loan Agreement and other funds, if any, the Trustee holds under the Indenture.

Bankruptcy

The ability of the Trustee to exercise rights under the Loan Agreement and the Indenture may be limited by bankruptcy, insolvency, reorganization or other similar laws or equitable principles related to or affecting the enforcement of creditors' rights.

Construction Risks

Construction of the projects is subject to ordinary risks associated with new construction, such as risks of cost overruns, noncompletion and delays due to a variety of factors, including, among other things, site difficulties, necessary design changes or final detailing, labor shortage or strife, delays in and shortages of materials, weather conditions, fire, and casualty. Any delays in construction may adversely impact the Corporation's ability to complete the projects by the expected completion date, which may result in, among other things, cost overruns.

Derivative Products

The Corporation may enter into interest rate swaps or other similar arrangements in the future. Under certain market conditions, termination of an interest rate swap agreement prior to its expiration may require the Corporation to pay a termination fee to the counterparty to the agreement and such payment could be material to the Corporation.

Permitted Restructurings

The Loan Agreement permits the Corporation to engage in certain asset sales and purchases and merger transactions. In addition, the Loan Agreement permits the Corporation to spin off the Institution and other assets (and related liabilities) into a new entity which would assume the Corporation's obligations under the Loan Agreement. If the new entity meets certain financial tests (including the 50% Funded Debt Ratio and the 120% coverage of Net Income Available for Debt Service over Maximum Annual Debt Service) the Corporation may be released from its obligations under the Loan Agreement. See Appendix V, "Summary of Documents – Loan Agreement," herein.

Other Possible Risk Factors

The occurrence of any of the following events, or other unanticipated events, could adversely affect the operations of the Corporation:

1. Inability to control increases in operating costs, including salaries, wages and fringe benefits, supplies and other expenses, without being able to obtain corresponding increases in revenues.
2. Adoption of federal, state or local legislation or regulations having an adverse effect on the future operating or financial performance of the Corporation.
3. International events, including any acts of war and terrorism, which may have adverse effects on enrollment and investments.

CONTINUING DISCLOSURE

In order to assist the Underwriter in complying with SEC Rule 15c2-12 promulgated by the Securities and Exchange Commission, pursuant to the Securities Exchange Act of 1934, as amended (the "Rule"), the Corporation will enter into an undertaking (the "Undertaking") with the Trustee for the benefit of beneficial owners of the Bonds to provide certain financial information and operating data relating to the Corporation to certain information repositories annually, and to provide notices of the occurrence of any of the events enumerated in the Rule to such repositories or the Municipal Securities Rulemaking Board and to the Minnesota state information depository, if any. The specific nature of the Undertaking, as well as the information to be contained in the annual report or the notices of material events is set forth in the Continuing Disclosure Agreement to be executed by the Corporation at the time the Bonds are delivered, a copy of which is available from the Corporation or the Trustee. Appendix III, "ANNUAL REPORT INFORMATION," contains a summary of the financial information and operating data to be provided annually. The Continuing Disclosure Agreement may be amended under certain circumstances as permitted by the Rule.

Furthermore, the Corporation has reserved its right to discontinue providing information required by the Continuing Disclosure Agreement or the Rule, if a final determination is made by a court of competent jurisdiction that the Rule is invalid or otherwise unlawful, and to modify the terms of the Continuing Disclosure Agreement if a court of competent jurisdiction or the Corporation determines that such modification is required by the Rule.

The Corporation has never failed to comply with any previous undertakings under the Rule to provide annual reports or notices of material events. A failure by the Corporation to comply with the Undertaking will not constitute an event of default on the Bonds (although holders may have other remedies at law or in equity). Nevertheless, such a failure must be reported in accordance with the Rule and must be considered by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the Bonds in the secondary market. Consequently, such a failure, or the information supplied by the Corporation pursuant to the Undertaking, may adversely affect the transferability and liquidity of the Bonds and their market price.

Any filing under the Continuing Disclosure Agreement may be made solely by transmitting such filing to (a) the Texas Municipal Advisory Council (the "MAC") as provided at http://www.disclosureusa.org unless the United States Securities and Exchange Commission has withdrawn the interpretive advice in its letter to the MAC dated September 7, 2004, or (b) as required or permitted by amendments to the Rule promulgated after the date hereof (whether or not such rule, regulation or procedure by its terms applies to bonds issued prior to the effective date thereof).
.

THE BONDS

General

The Bonds will be dated June 1, 2008. The Bonds will mature annually each October 1, commencing October 1, 2009, as set forth on the cover page of this Official Statement. The Bonds are being issued in denominations of $5,000 and integral multiples thereof not exceeding the amount maturing in any maturity, and shall be fully registered as to principal and interest. Interest on the Bonds will be payable on each April 1 and October 1, commencing October 1, 2008.

Book Entry Only System

The Depository Trust Company

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

For further detail on DTC, see Appendix VI, "The Depository Trust Company."

Prior Redemption

Mandatory Redemption

The Bonds maturing on October 1 in the years 2028 and 2033 (the "Term Bonds") shall be called for redemption on October 1 in the years and in the principal amounts set forth immediately below, without premium, plus accrued interest to the date fixed for redemption, from moneys in the Bond and Interest Sinking Fund Account.

Term Bonds Due October 1, 2028		Term Bonds Due October 1, 2033	
Year	Amount	Year	Amount
2024	$485,000	2029	$620,000
2025	$515,000	2030	$645,000
2026	$535,000	2031	$675,000
2027	$560,000	2032	$715,000
2028*	$590,000	2033*	$745,000

* *Stated maturity*

The Term Bonds or portions thereof to be so redeemed shall be selected by the Trustee by lot or in such other random manner as the Trustee shall determine.

The Term Bonds may, at the option of the Corporation, be reduced by the principal amount of any Bonds of such maturity which at least 45 days prior to such redemption:

1. have been delivered to the Trustee for cancellation; or

2. have been purchased or redeemed (other than through operation of the Bond and Interest Sinking Fund Account) and canceled by the Trustee and not theretofore applied as a credit against such mandatory redemption obligations.

Optional Redemption

At the Corporation's direction, on October 1, 2018 and on any day thereafter the Authority may elect to redeem Bonds maturing on or after October 1, 2019. Redemption may be in whole or in part. All optional redemptions shall be at a price of par plus accrued interest.

Extraordinary Optional Redemption

The Bonds will also be subject to optional redemption at par in integral multiples of $5,000, as a whole or in part, plus accrued interest in certain cases of damage to or destruction or condemnation of certain Project Facilities and upon a Determination of Taxability as provided in the Loan Agreement (see "THE BONDS – Determination of Taxability" herein and "SUMMARY OF DOCUMENTS – The Loan Agreement" in Appendix V).

Partial Redemption

If fewer than all Bonds of a maturity are called for redemption, the Authority will notify DTC of the particular amount of such maturity to be prepaid. DTC will determine by lot the amount of each participant's interest in such maturity to be redeemed and each participant will then select by lot the beneficial ownership interests in such maturity to be redeemed.

In the case of Bonds of denominations greater than $5,000, if fewer than the full principal amount of such Bonds then outstanding is to be called for redemption, then for all purposes in connection with redemption, each $5,000 of principal amount shall be treated as though it were a separate Bond of the denomination of $5,000 bearing the number borne by such fully registered Bond and a subnumber assigned by the Trustee. Interest shall cease to accrue on the portion of the principal amount of such Bond represented by such $5,000 unit or units of principal amount on and after the date fixed for redemption provided that funds sufficient for payment of the redemption price shall have been deposited with the Trustee and available for the redemption of said $5,000 unit or units on the date fixed for redemption and, in such event, such Bond shall not be entitled to the benefit or security of the Indenture or the Loan Agreement to the extent of the portion of its principal amount (and accrued interest to the date fixed for redemption and applicable premium, if any) represented by such $5,000 unit or units of principal amount, nor shall new Bonds be thereafter issued corresponding to said unit or units.

Notice of Redemption

Notice of any redemption shall be mailed to the registered Owners at their addresses shown on the registration books of the Authority and maintained by the Trustee not less than 30 days, and if more than 60 days, then again not less than 30 nor more than 60 days, before the date fixed for such payment. If moneys are available at the office of the Trustee to pay the redemption price on the date of redemption, any Bonds thus called shall not bear interest after the call date and, except for the purpose of payment by application of the funds so deposited, shall no longer be protected by the Indenture.

Determination of Taxability

If a Determination of Taxability is made that the interest payable on the Bonds is subject to federal income taxes by reason of the application of the provisions of the Internal Revenue Code and regulations thereunder in effect on the date of issuance, the Bonds shall bear additional interest equal to two percent (2.00%) per annum above the basic interest rate from the Date of Taxability effective until the date on which the principal of the Bonds is paid. **If a Determination of Taxability should occur, any monetary damages or loss resulting from or incident thereto shall be limited to the increased interest rate on the Bonds.** See “TAX EXEMPTION” herein and Appendix IV, “DEFINITION OF CERTAIN TERMS.”

The Corporation has the option to prepay the Loan on the next date for which due notice of redemption can be given, in full or in part and on any date thereafter following a Determination of Taxability at a price of par and accrued interest (including additional interest from the Date of Taxability and without a premium).

USE OF PROCEEDS

The Plan of Finance

Bond proceeds will be used to:

1. Construct and equip an approximately 24,000 square foot 58-bed apartment style student housing complex,
2. Construct and equip an approximately 8,000 square foot campus community center,

The Corporation will fund that portion of the construction and renovation costs from Bond proceeds in the amount shown below. The Corporation will fund the balance of the construction and renovation costs with its own funds. In addition, the Corporation will fund a Debt Service Reserve Account and capitalized interest during the construction period with Bond proceeds.

SOURCE OF PAYMENT FOR THE BONDS AND FINANCIAL COVENANTS

General

The Bonds will be special obligations of the Authority payable solely from Loan Repayments made by the Corporation as required by the Loan Agreement or out of other amounts pledged therefor under the Indenture including moneys and investments in the Reserve Account. The Reserve Account will be fully funded to the Reserve Requirement from Bond proceeds at Bond Closing.

The Bonds are secured by the pledge of the Loan Repayments, which are a general obligation of the Corporation, the Reserve Account and other funds the Trustee holds under the Indenture. The Corporation will agree pursuant to the terms of the Loan Agreement and the Indenture to make payments directly to the Trustee in such amounts and at such times as to assure that the Trustee has sufficient funds with which to pay the principal of and interest on the Bonds. The Corporation agrees to make such payments out of its operating funds or any other moneys legally available.

The Corporation covenants and agrees to charge tuition fees, other fees, rentals and charges which, together with the general funds or any other moneys legally available, will be sufficient at all times to make the Loan Repayments and other payments required under the Loan Agreement; to meet current operation and maintenance expenses of the Project Facilities; and to pay all other obligations of the Corporation as they become due.

The Bonds shall not be legal or moral obligations of the State of Minnesota nor shall they constitute a debt for which the faith and credit of the Authority or the State of Minnesota, or the taxing powers of the State, are pledged. The Authority has no taxing powers.

The Bonds will not be secured by the General Bond Reserve of the Authority (see "GENERAL BOND RESERVE ACCOUNT").

Financial Covenants

The Corporation will also covenant in the Loan Agreement that so long as the Bonds shall remain outstanding:

a. The Revenue/Expenditure Test must be met in at least two of the preceding three complete Fiscal Years.

b. On June 30, 2008 and at the end of each Fiscal Year thereafter, the Funded Debt Ratio will be no less than 50%. Within 120 days after the end of each Fiscal Year, the Corporation shall furnish to the Trustee a certificate of an Authorized Institution Representative showing the calculation of the Funded Debt Ratio as of the end of the Fiscal Year. If at the end of any Fiscal Year, the Funded Debt Ratio is below 50% the Corporation shall obtain (from gifts, removal of encumbrance or restriction, sale of tangible property or otherwise) additional Unrestricted Liquid Funds at least equal to the amount necessary to restore the Funded Debt Ratio to 50% as promptly as possible, but in any event no later than 180 days after the close of the Fiscal Year, and shall report the same to the Trustee, but proceeds of borrowed funds or from the sale of tangible property leased back by the Corporation for a term of more than two years or with a repurchase option shall not be included in computation of amounts eligible to cure the deficiency.

c. The Corporation shall incur no Funded Debt (except for a refunding or refinancing of Funded Debt which does not increase the Maximum Annual Debt Service and further excepting indebtedness for capital projects for which the Corporation has secured funds on hand or written and signed pledges of gifts in an amount equal to 80% of the estimated cost of such project), unless the Net Income Available for Debt Service for the most recent complete Fiscal Year for which audited financial statements are available was at least 120% of Maximum Annual Debt Service of (A) then Outstanding Funded Debt, and (B) Funded Debt thereafter proposed to be incurred. The Corporation may take into account as part of Net Income Available for Debt Service estimated net revenues from funded projects, estimated net tuition increases, and estimated net savings from financed equipment or facilities, as more fully provided in the Loan Agreement. See Appendix V, "SUMMARY OF DOCUMENTS – Loan Agreement – Financial Covenants" herein.

For purpose of these covenants, the following terms shall have the following meanings:

"Adjusted Increase (Decrease) in Unrestricted Net Assets" means the Increase (Decrease) in Unrestricted Net Assets from Operating Activities, as reported in the Statement of Activities section of the audited financial statements of the Corporation, adjusted to: (a) exclude depreciation and amortization expense; and (b) exclude net assets released from restriction representing acquisition of land, buildings and equipment. Included in Adjusted Increase (Decrease) in Unrestricted Net Assets is the amount equal to the investment income allocated for operations (draw) pursuant to the Endowment Spending Policy. Excluded from Adjusted Increase (Decrease) in Unrestricted Net Assets are non-cash changes in the value of financial products, including interest rate swap agreements.

"Endowment Spending Policy" means an amount determined by applying the percentage then in effect as determined from time to time by the Board of Directors as part of the Corporation's endowment spending policy, to a principal amount which is the sum of unrestricted, temporarily and permanently restricted cash investments.

"Funded Debt" means (i) indebtedness for borrowed money having a maturity date of more than one year from the date of incurrence or assumption thereof and which, under generally accepted accounting principles, is shown on the balance sheet as a liability, including such obligations and indebtedness having a maturity date of one year or less if the maturity date may be extended beyond one year at the option of the Corporation, and (ii) capital leases including lease rental obligations having a term of more than one year from the date of incurrence or assumption thereof by the Corporation which, under generally accepted accounting principles, are shown on the balance sheet as a liability.

"Funded Debt Ratio" means for any particular period, the ratio (expressed as a percentage) determined by dividing Unrestricted Liquid Funds by the total outstanding principal balance of Funded Debt.

"Maximum Annual Debt Service", as used in paragraph (c) above, means the largest total amount of principal and interest on Funded Debt payable by the Corporation in any future Fiscal Year during which Bonds will (if paid at their stated maturity dates or redeemed in accordance with a mandatory sinking fund schedule) be outstanding and subject to adjustments in accordance with Section 6.14 of the Loan Agreement.

"Net Income Available for Debt Service" means the Adjusted Increase (Decrease) in Unrestricted Net Assets plus interest payments on Funded Debt.

"Revenue/Expenditure Test" means the Adjusted Increase in Unrestricted Net Assets shall not be less than zero.

"Unrestricted Liquid Funds" means the Total Unrestricted Net Assets of the Corporation adjusted to exclude Net Investment in Property, Plant and Equipment, as reported in the Balance Sheet section of the audited financial statements of the Corporation. Excluded from Unrestricted Liquid Funds are non-cash changes in the value of financial products, including interest rate swap agreements.

For purposes of (a), (b) and (c) above, all capitalized terms used but not otherwise defined in the Loan Agreement shall have the meanings provided for audits of colleges and universities, as applied by the Corporation's auditors in the report of the Corporation's financial statements for the Fiscal Year ended June 30, 2007.

ACCOUNTS

Summary

The Indenture will provide for the creation of certain trust accounts into which certain proceeds from the sale of the Bonds and revenues received as Loan Repayments under the Loan Agreement are to be deposited. These accounts include a Construction Account, a Bond and Interest Sinking Fund Account, a Reserve Account, and a Redemption Account. The net proceeds of original issue and sale of the Bonds are to be deposited into the Construction Account, except that the amount of Reserve Requirement will be deposited into the Reserve Account, and accrued interest will be deposited in the Bond and Interest Sinking Fund Account. Following Bond Closing, amounts received by the Trustee from the Corporation as Loan Repayments are to be deposited into the Bond and Interest Sinking Fund Account, the Reserve Account and the Redemption Account as required by the Loan Agreement and used, to the extent needed, to redeem or pay the principal of and interest on the Bonds.

Construction Account

There shall be deposited initially into the Construction Account certain proceeds of the Bonds, except as otherwise required to be deposited into the Bond and Interest Sinking Fund Account, or the Reserve Account. In addition to such proceeds of the Bonds, pursuant to the Loan Agreement, the Corporation has covenanted that it will provide and apply additional funds, if necessary, which, together with Bond proceeds, will be sufficient to provide for the payment of all Project Costs and all other costs relating to the Project. The Authority shall have no obligation to deposit any moneys in said Construction Account or apply moneys to Project Costs except proceeds of the Bonds or funds made available therefor by the Corporation.

The moneys in the Construction Account shall be held in trust by the Trustee and applied to the payment and reimbursement of Project Costs and pending such application shall be subject to a lien and charge in favor of the Holders of the Bonds and shall be held for the further security of such Holders until paid out.

Payments may be made from the Construction Account for costs of improvement, acquisition, construction and equipping of the Project ("Project Costs"), provided, however, that proceeds of the Bonds may not be applied to the costs of issuance thereof (including underwriting discount) in an amount in excess of two percent of the proceeds (par value adjusted for original issue discount and/or original issue premium) of the Bonds.

Project Costs shall be paid only upon written order of the Authorized Institution Representative provided that interest accruing on the Bonds during the Construction Period may be paid from the Construction Account without such an order.

Bond and Interest Sinking Fund Account

Initially there shall be deposited into the Bond and Interest Sinking Fund Account any amount of Bond proceeds representing accrued interest, which is to be used to pay interest on the Bonds. Deposits shall be made to the Bond and Interest Sinking Fund Account from transfers of amounts in other accounts, as permitted by the Indenture, and from Loan Repayments made by the Corporation. Deposits into the Bond and Interest Sinking Fund Account shall be made at least five (5) Business Days prior to each Interest Payment Date in an amount sufficient, together with other amounts on deposit in such account, to pay interest and principal, if any, coming due on such Interest Payment Date.

The moneys and investments in the Bond and Interest Sinking Fund Account will be irrevocably pledged to and shall be used by the Trustee, from time to time, to the extent required, for the payment of principal of and interest on the Bonds as and when such principal and interest shall become due and payable and for that purpose only.

Reserve Account

There shall be initially deposited into the Reserve Account from Bond proceeds the Reserve Requirement for the Bonds. The Reserve Account is irrevocably pledged to the payment of principal of and interest on the Bonds, as may be required from time to time. All amounts paid by the Corporation as Loan Repayments not deposited or required to be deposited into the Bond and Interest Sinking Fund Account or the Redemption Account will be deposited into the Reserve Account in order to maintain the Reserve Account in an amount not less than the Reserve Requirement.

In the event that a withdrawal of funds from the Reserve Account reduces the balance therein to a sum less than the Reserve Requirement, the Corporation shall forthwith restore the deficiency, provided that if such funds are withdrawn in order to make any rebate payment required to be made by the Authority under the Loan Agreement, the Authority shall restore such deficiency or shall reimburse the Corporation for amounts so withdrawn. Investments in the Reserve Account shall be valued at market value. Investments in the Reserve Account shall be valued by the Trustee not less frequently than as of September 1, 2008 and semiannually thereafter. If upon any valuation date, the amount on deposit in the Reserve Account (exclusive of accrued but unrealized interest on moneys or investments therein) is more than the amount of the Reserve Requirement, or more than the amount (if less than the Reserve Requirement) allowed for a reasonably required reserve fund under the Arbitrage Regulations, the Trustee shall forthwith transfer the excess to the Bond and Interest Sinking Fund Account. If on any valuation date the amount on deposit in the Reserve Account is less than the amount of the Reserve Requirement, then (unless the value of the amount on deposit exceeds the amount allowed for a reasonably required reserve fund under the Arbitrage Regulations) such deficiency shall be restored to an amount equal to the amount of the Reserve Requirement within 30 days.

Interest and income in the Reserve Account shall be transferred first, to the Bond and Interest Sinking Fund Account to the extent the amount on deposit in the Bond and Interest Sinking Fund Account is less than the amount permitted for a bona fide debt service fund under the Arbitrage Regulations, and second, to the Redemption Account any excess interest and income. When the moneys and investments in the Reserve Account shall be sufficient to pay the principal of and interest on all outstanding Bonds when due, such moneys and investments shall be transferred, as appropriate, into the Bond and Interest Sinking Fund Account or the Redemption Account; provided that the Trustee is authorized, in its discretion, to use funds and investments in the Reserve Account to pay the amount of any rebate due the United States in respect of the Bonds under Section 148 of the Internal Revenue Code if the Corporation or the Authority shall have failed to pay or provide for the payment thereof under the Loan Agreement.

Redemption Account

There shall be deposited into the Redemption Account all other amounts required to be deposited therein pursuant to any provision of the Loan Agreement or the Indenture.

Amounts on deposit to the credit of the Redemption Account shall be used, first, to make up deficiencies in the Bond and Interest Sinking Fund Account; second, to create and maintain the Reserve Requirement in the Reserve Account; and, third, for the redemption of outstanding Bonds at the request or direction of the Corporation and for the purchase of outstanding Bonds on the market at prices not exceeding the redemption price on the next available date for redemption. Notwithstanding the foregoing, the Trustee is authorized in its discretion to use funds and investments in the Redemption Account to pay the amount of any rebate due the United States in respect of the Bonds under Section 148 of the Internal Revenue Code if the Corporation or the Authority shall have failed to pay or provide for the payment thereof under the Loan Agreement.

Authorized Investments

Moneys on deposit to the credit of the Construction Account, the Bond and Interest Sinking Fund Account, the Reserve Account, and the Redemption Account shall be invested by the Trustee only in investments as authorized by Minnesota law from time to time. Section 5.04 of the Indenture sets forth specific parameters as to type, credit quality, and maturity of investments.

GENERAL BOND RESERVE ACCOUNT

Pursuant to its General Bond Resolution adopted October 31, 1972, the Authority has established and maintains a General Bond Reserve Account. **The Bonds will not be secured by the General Bond Reserve Account, and Bondholders will have no right to require the**

Authority to apply moneys or investments in the General Bond Reserve Account to the payment of the Bonds or interest thereon.

FUTURE FINANCINGS

The Corporation regularly improves, expands and changes its physical plant and incurs long-term financing as needed for these purposes. The Corporation does not anticipate financing any such projects with debt within the next six months.

THE AUTHORITY

The Minnesota Higher Education Facilities Authority was created by Chapter 868, Laws of Minnesota, 1971 (Sections 136A.25 through 136A.42, Minnesota Statutes), for the purpose of assisting institutions of higher education within the State in the construction and financing of projects. The Authority consists of eight members appointed by the Governor with the advice and consent of the Senate. A representative of the Minnesota Office of Higher Education and the President of the Minnesota Private College Council, who is a non-voting member, are also members of the Authority.

Marianne T. Remedios has been the Executive Director of the Authority since 2000.

Elaine J. Yungerberg has been Assistant Executive Director of the Authority since 1993.

The Authority is authorized and empowered to issue revenue bonds whose aggregate outstanding principal amount at any time shall not exceed $950 million. The Authority has had 167 issues (including refunded and retired issues) totaling over $1 billion, of which approximately $741 million is outstanding as of April 1, 2008. Bonds issued by the Authority are payable only from the loan repayments, rentals, and other revenues and moneys pledged for their payment. The bonds of the Authority do not represent or constitute a debt or pledge of the faith or credit or moral obligation of the State.

Educational institutions eligible for assistance by the Authority are generally private nonprofit educational institutions authorized to provide a program of education beyond the high school level. Under current statutory authority, public community and technical colleges in the State are also eligible for assistance, but only in financing of child-care and parking facilities. In addition, pursuant to special legislation, the Authority has twice issued bonds on behalf of a public community college for housing purposes. Sectarian institutions are not eligible for assistance; however, the fact that an institution is sponsored by a religious denomination does not of itself make the institution sectarian. Application to the Authority is voluntary.

The scope of projects for which the Authority may issue bonds is broad, including buildings or facilities for use as student housing, academic buildings, parking facilities, day-care centers, and other structures or facilities required or useful for the instruction of students, or conducting of research, in the operation of an institution of higher education.

While the Authority retains broad powers to oversee planning and construction, it is current policy to permit the institution almost complete discretion with respect to these matters.

The Authority is also authorized to issue revenue bonds for the purpose of refunding bonds of the Authority and to refinance other debt for capital improvements.

The operations of the Authority are financed solely from fees paid by the participating institutions; it has no taxing power.

Bond issuance costs, including fees of bond counsel, the financial advisor and trustee, are paid by the participating institution.

FINANCIAL ADVISOR

The Authority has retained Springsted Incorporated, Public Sector Advisors, of Saint Paul, Minnesota, as financial advisor (the "Financial Advisor") in connection with the issuance of the Bonds. In preparing the Official Statement, the Financial Advisor has relied upon Corporation officials and other sources who have access to relevant data to provide accurate information for the Official Statement, and the Financial Advisor has not been engaged, nor has it undertaken, to independently verify the accuracy of such information. The Financial Advisor is not a public accounting firm and has not been engaged by the Authority to compile, review, examine or audit any information in the Official Statement in accordance with accounting standards. The Financial Advisor is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities and therefore will not participate in the underwriting of the Bonds.

UNDERWRITING

The Bonds are being purchased by RBC Capital Markets Corporation (the "Underwriter"). The Underwriter has agreed to purchase the Bonds at a purchase price of $11,193,539.95 (representing the aggregate principal amount of the Bonds less an underwriter's discount of $108,062.50 and less net original issue discount of $73,397.55) plus accrued interest.

The Underwriter intends to offer the Bonds to the public initially at the offering prices which result in the yields or prices set forth on the front cover of this Official Statement, which may subsequently change without any requirement of prior notice. The Underwriter reserves the right to join with dealers and other underwriters in offering the Bonds to the public. The Underwriter may offer and sell the Bonds to certain dealers (including dealers depositing the Bonds into investment trusts) at prices lower than the public offering prices.

The Corporation has agreed in the Bond Purchase Agreement to indemnify the Underwriter and the Authority against certain civil liabilities, including certain potential liabilities under federal securities laws.

The Underwriter may conduct a competitive bidding process for the investment of certain bond proceeds, and if such bidding is done the Underwriter will receive a fee therefor.

RATING

As noted on the cover page hereof, Moody's Investors Service has assigned a long-term rating of "A2" to the Bonds. This rating reflects only the view of such rating agency. Further information concerning such rating is available from Moody's.

Generally, a rating agency bases its ratings on the information and materials furnished it and on investigations, studies and assumptions by the rating agency. There is no assurance that such rating will continue for any given period of time or that it may not be lowered or withdrawn entirely by the rating agency if in its judgment circumstances so warrant. Any such downward change in or withdrawal of such rating may have an adverse effect on the market price of the Bonds.

LITIGATION

The Authority and the Corporation are not aware of any pending or overtly threatened in writing litigation which would affect the validity of or the tax-exempt nature of the interest on the Bonds or materially affect the ability of the Corporation to pay the principal of or interest on the Bonds as the same become due.

LEGALITY

The Bonds will be subject to the unqualified approving opinion as to validity and tax exemption by Fryberger, Buchanan, Smith & Frederick, P.A., of Duluth, Minnesota as Bond Counsel. A legal opinion in substantially the form set out in Appendix II herein will be delivered at Bond Closing.

Certain legal matters will be passed upon for the Corporation by Gray Plant Mooty Mooty & Bennett, P.A., Minneapolis, Minnesota; and for the Underwriter by Faegre & Benson LLP, Minneapolis, Minnesota.

TAX EXEMPTION

Federal Tax Considerations

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements that must be met subsequent to the issuance and delivery of the Bonds in order that interest on the Bonds be and remain excludable from gross income under Section 103 of the Code. These requirements include, but are not limited to, (1) provisions relating to the expenditure of Bond proceeds, (2) provisions which prescribe yield and other limits relative to the investment of the proceeds of the Bonds and other amounts, (3) provisions which require that certain investment earnings be rebated periodically to the Federal government and (4) provisions relating to the ownership and operation of the facilities financed or refinanced by the Bonds. Noncompliance with such requirements may cause interest on the Bonds to become includable in gross income for purposes of Federal and State income taxation retroactive to their date of original issue, irrespective in some cases of the date on which such noncompliance is ascertained.

The Loan Agreement and Indenture contain provisions (the "Tax Covenants") including covenants of the Authority and the Corporation, pursuant to which, in the opinion of Bond Counsel, such requirements can be satisfied. The Tax Covenants do not relate to all the continuing requirements referred to in the preceding paragraph. If a Determination of Taxability occurs, however, whether or not as a result of violation of any of the Tax Covenants, the outstanding Bonds are subject to optional redemption without premium, and the Bonds shall bear additional interest at a rate of two percent (2%) per annum from the Date of Taxability until the respective dates on which the principal of the Bonds is paid. (See “SUMMARY OF DOCUMENTS – The Loan Agreement – Determination of Taxability” in Appendix V). A determination that interest on the Bonds is includable in the computation of the alternative minimum tax imposed on individuals under the Code is not a Determination of Taxability.

Assuming compliance with the Tax Covenants and on the basis of the certifications to be furnished at Bond Closing, in the opinion of Bond Counsel, under present laws and rulings, interest on the Bonds is not includable in gross income for federal income tax purposes. Interest on the Bonds is not treated as a preference item in determining federal alternative minimum taxable income of individuals and corporations. However, the interest is includable in “adjusted current earnings” for purposes of computing the federal alternative minimum taxable income of corporations.

The Code imposes a branch profits tax equal to 30% of the "dividend equivalent amount" which is measured by "earnings and profits" effectively connected to the United States, net of certain adjustments. Included in the earnings and profits of a United States branch of a foreign corporation is income that would be effectively connected with a United States trade or business if such income were taxable, such as the interest on the Bonds.

In addition, interest on the Bonds is includable in the net investment income of foreign insurance companies for purposes of Section 842(b) of the Code. In the case of a property, casualty or other insurance company subject to the tax imposed by Section 831 of the Code, the amount which otherwise would be taken into account as losses incurred under Section 832(b)(5) of the Code must be reduced by an amount equal to 15% of the interest on the Bonds that is received or accrued during the taxable year. In addition, passive investment income, including interest on the Bonds, may be subject to federal income taxation under Section 1375 of the Code for an S corporation that has Subchapter C earnings and profits at the close of the taxable year if more than 25% of its gross receipts is passive investment income.

The Code further provides that interest on the Bonds is includable in the calculation of modified adjusted gross income in determining whether Social Security or railroad retirement payments are to be included in taxable income of individuals.

Minnesota Tax Considerations

Assuming compliance with the Tax Covenants and on the basis of the certifications to be furnished at Bond Closing, in the opinion of Bond Counsel, under present laws and rulings, interest on the Bonds is not includable in the taxable income of individuals, estates and trusts for Minnesota income tax purposes. Interest on the Bonds is not treated as a preference item in determining the Minnesota alternative minimum tax applicable to individuals, estates and trusts. However, the interest is subject to the Minnesota franchise tax imposed on corporations, including financial institutions, measured by taxable income and the alternative minimum tax base.

Original Issue Premium

Certain maturities of the Bonds have been sold to the public at an amount in excess of their stated redemption price at maturity. Such excess of the purchase price of a Bond over its stated redemption price at maturity constitutes premium on such Bond. A purchaser of a Bond must amortize any premium over such Bond’s term using constant yield principles, based on the purchaser’s yield to maturity. As premium is amortized, the purchaser’s basis in such Bond is reduced by a corresponding amount, resulting in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes upon a sale or disposition of such Bond prior to its maturity. Even though the purchaser’s basis is reduced, no federal income tax deduction is allowed. Purchasers of any Bonds at a premium, whether at the time of initial issuance or subsequent thereto, should consult with their own tax advisors with respect to the determination and treatment of premium for federal income tax purposes and with respect to state and local tax consequences of owning such Bonds.

Original Issue Discount

The dollar amount of the initial offering price to the public of the Bonds with stated maturities in 2018 through 2023, inclusive, and the Term Bonds maturing in 2028 and 2033 (the "Discount Bonds") is less than the principal amount of such maturities. The difference between the initial public offering price of each such Discount Bond (assuming a substantial amount of the Discount Bonds is sold at such price) and its principal amount represents original issue discount. Under existing laws, regulations, rulings and decisions, Bond Counsel is of the opinion with respect to the Discount Bonds that the amount of original issue discount constitutes tax-exempt interest to the extent that it is deemed to accrue to an owner for federal and State of Minnesota income tax purposes (other than Minnesota corporate franchise taxes measured by taxable income and the alternative minimum tax base). Original issue discount is deemed to accrue for such purposes on the basis of a constant yield to maturity taking into account semiannual compounding. The amount of original issue discount that accrues during any accrual period to a holder of a Discount Bond who acquires the Discount Bond in this offering generally equals (i) the issue price of such Discount Bond plus the amount of original issue discount accrued in all prior accrual periods, multiplied by (ii) the yield to maturity of such Discount Bond (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period), less (iii) any interest payable on such Discount Bond during such accrual period. The amount of original issue discount so accrued in a particular accrual period will be considered to be received ratably on each day of the accrual period, will be excluded from gross income for federal income tax purposes to the same extent as stated interest and will increase the holder's tax basis in such Discount Bond. Any gain realized by a holder from a sale, exchange, payment or redemption of a Discount Bond would be treated as gain from the sale or exchange of such Discount Bond.

Bondholders should consult their tax advisors with respect to collateral consequences arising from the receipt of interest on the Bonds, including without limitation the calculations of alternative minimum tax or foreign branch profits tax liability, or the inclusion of social security or other retirement payments in taxable income.

NOT QUALIFIED TAX-EXEMPT OBLIGATIONS

The Bonds will not be “qualified tax-exempt obligations” for purposes of Section 265(b)(3) of the Internal Revenue Code of 1986 relating to the ability of financial institutions to deduct from income, for federal income tax purposes, interest expense that is allocable to carrying and acquiring tax-exempt obligations.

THE CORPORATION AND THE UNIVERSITY

The Corporation

The Order of St. Benedict (the "Corporation") is a Minnesota nonprofit corporation located in Collegeville, Minnesota. The Corporation has four operating divisions: Saint John's Abbey, Saint John's Preparatory School, The Liturgical Press and the University. The four divisions are located on one site, consisting of a total of approximately 2,450 acres.

The Abbot of Saint John's Abbey is the President of the Corporation. The Corporation's other officers are the Secretary and the Treasurer who are appointed by the President. The Board of Directors of the Corporation is comprised of the Abbot and ten members of the Corporation, five of whom are elected by the members and five of whom are appointed by the Abbot. The membership of the Corporation is limited to the members of Saint John's Abbey who hold permanent status through final vows. The members of Saint John's Abbey and the members of the Corporation are identical.

Relationship of the Corporation and the University

To provide for the governance and management of the University, the Corporation has established the governance statutes of the University. The governance statutes, as amended, reserve to the Corporation certain powers concerning the University. Principal among these are the reservations concerning encumbrance or disposition of the assets of the University and the power to amend or revoke the statutes.

The governance statutes establish a self-perpetuating Board of Regents to exercise governance of the University and a President to serve as the chief executive officer of the University. The Board of Regents' responsibility includes assistance in fundraising and prudent management of the University's resources as designated by the Corporation, which retains the power to authorize or modify operating and capital budgets prepared by the President of the University and approved by the Board of Regents.

To enable the University to plan and carry out its approved mission, the Corporation provides for a supplemental schedule of University accounts within the Corporation's audit and designates certain funds as University reserves and endowment.

In order to assure adequate representation of the Corporation in University governance, the officers of the Corporation are ex-officio members of the Board of Regents and the Executive Committee of the Board of Regents. In addition, the Abbot serves as the Chancellor of the University with power to nominate the President of the University for election by the Board. The members of Saint John's Abbey also elect eight of their members to the Board of Regents. It is understood that the President of the University may be called on to report to the Corporation concerning the University.

By these procedures the Corporation retains ultimate control of the University while delegating its governance and management to the Board of Regents and the President of the University.

Long-Term Debt of the Corporation

The Corporation's long-term debt outstanding as of April 1, 2008 is as follows:

7) $700,000 mortgage payable to an individual secured by the Philippi real estate purchased with proceeds of the loan. Payments of interest only are due on March 15 and October 15 during each year of the term, with the principal balance and any accrued interest to be fully paid on or before October 15, 2011. $1,000,000 is outstanding.

The Corporation's outstanding debt totals $41,489,233. The Corporation's total long-term debt will increase by the principal amount of the Bonds upon issuance.

The Corporation is discussing entering into a credit arrangement with a Saint John's University alumnus that would allow the Corporation to draw on the credit up to $4,000,000, if necessary, for the purpose of financing production of the Saint John's Bible Heritage Edition. The Corporation intends that this credit arrangement, if entered into, will be secured only by inventory of the Heritage Edition Bible and will not be a general obligation of the Corporation or the University.

Annual Debt Service for Fiscal Years 2009 and 2010 and Pro Forma Coverage Statement

The following table sets forth the estimated debt service on the Bonds and debt service on the Corporation's currently outstanding long-term debt. Column 6 shows coverage of the annual debt service by the amount of Corporation revenue that was available for debt service for the year ended June 30, 2007, as further detailed in footnote (c) of the table.

The following table is intended merely to show the relationship of the Corporation's Fiscal Year 2007 revenues available for the payment of debt service to a pro forma statement of the Corporation's combined annual debt service after giving effect to assumed interest rates on and amortization of the Bonds. The table is not intended and should not be considered a projection of the Corporation's future revenues, expenses, debt service or debt service coverage. There is no assurance that the Corporation's future revenues, expenses, debt service and debt service coverage or the respective relationships thereof will correspond to the revenues, expenses and debt service or the respective relationships thereof shown by or reflected in the following table.

The University

Saint John's University (the "University"), located in Collegeville, Minnesota, was founded in 1857 by the Order of St. Benedict. It is one of the oldest institutions of higher learning in the Midwest. The University is a separate unincorporated operating division of the Corporation.

The University offers four-year undergraduate degrees in the College of Arts and Sciences and graduate degrees in the School of Theology. Enrollment in the College of Arts and Sciences is limited to men; however, the School of Theology admits both men and women.

Although the University continues to enroll only undergraduate men, it also educates undergraduate women through its cooperation with the College of St. Benedict, a four-year undergraduate college for women, which is four miles from the University. The Corporation does not own or control the College of St. Benedict, but the two schools cooperate in virtually all aspects of college life. They share a common academic calendar, maintain a single registrar's and admissions office and operate a combined library system and joint academic and administrative computing services. Requirements for most major programs are the same for students from both colleges. Students may generally attend classes on either campus.

The University is accredited by the North Central Association of Colleges and Secondary Schools as well as by appropriate professional organizations. The University is also registered with the Minnesota Higher Education Services Office in accordance with Minnesota Statutes.

The University admits qualified students without regard to race, color, age, religion or veteran status in accordance with the requirements of federal and State law.

The $8 million, 48,000 square-foot Science Center opened in August 1998. A $7 million athletic renewal project in 1997 included renovation of the football stadium and Warner Palastra, and an outdoor track and all-purpose field house. Improvements included a 6,200 square foot health and fitness center, and athletic training area; and a 300-foot by 210-foot field house, featuring a championship 200-meter, six-lane track and five tennis courts.

Academic Information

The University confers the Bachelor of Arts degree to undergraduates completing all departmental and University requirements. The School of Theology currently offers the Master of Arts degree in theology, pastoral ministry, liturgical studies and liturgical music and the Master of Divinity degree.

Typical assistance provided to students includes Federal and State grants (if applicant qualifies), institutional grants, loans and work-study determined in relation to the student's needs and other factors.

**These are standard charges for first-time, full time, full-year undergraduate students, including fees assessed on all undergraduates. Several colleges have differential tuition for upper-level students or other policies that result in some variation across class levels and students.*

$11,375,000
MINNESOTA HIGHER EDUCATION FACILITIES AUTHORITY
REVENUE BONDS, SERIES SIX-U
(SAINT JOHN'S UNIVERSITY)

We have acted as bond counsel in connection with the issuance by the Minnesota Higher Education Facilities Authority (the "Authority") of its fully registered (initially book-entry) Revenue Bonds, Series Six-U (Saint John's University), in the aggregate principal amount of $11,375,000 (the "Bonds"), dated June 1, 2008. The Bonds mature on October 1 in the years 2009 through 2023 and on October 1, 2028 and 2033, and bear interest at the interest rates per annum specified in the Indenture (defined below) for each maturity subject to an increase in such interest rates in the event of a Determination of Taxability. The Bonds are subject to optional, mandatory and extraordinary redemption prior to maturity as provided in the Indenture.

The Bonds are issued for the purpose of funding a loan from the Authority to the Order of St. Benedict (the "Corporation"), a Minnesota nonprofit corporation, located in Collegeville, Minnesota, in order to finance (i) the construction and equipping of an approximately 24,000 square foot 58-bed apartment style student housing complex, (ii) the construction and equipping of an approximately 8,000 square foot campus community center, (iii) the renovation and upgrades of dining facilities, including the Refectory, and (iv) the renovation and upgrades of five Seton Apartment buildings, all of which are to be owned by the Corporation and operated by the Institution and located on the Project Site. We have examined executed counterparts of the Loan Agreement (the "Loan Agreement") between the Authority and the Corporation and the Trust Indenture (the "Indenture") between the Authority and Wells Fargo Bank, National Association, in Minneapolis, Minnesota, as Trustee (the "Trustee") each dated as of June 1, 2008, one or more opinions of Gray Plant Mooty Mooty & Bennett, P.A. and Quinlivan & Hughes, P.A., as counsels to the Corporation, the form of the Bonds prepared for execution, and such other documents as we deemed necessary for the purpose of the following opinion.

As to questions of fact material to our opinion, we have relied upon certified proceedings, documents and certifications furnished to us by public officials and officials of the Corporation without undertaking to verify such facts by independent investigation. We have also relied upon the opinion of Gray Plant Mooty Mooty & Bennett, P.A. as to the Loan Agreement having been duly authorized and executed and being binding upon the Corporation, as to the corporate organization, tax-exempt status and good standing and powers of the Corporation, all without examining the records of the Corporation, and we have relied on the opinion of Quinlivan & Hughes, P.A. as to title to the Project Site (as defined in the Loan Agreement and Indenture) without examining the original title records or abstracts of title.

Except as set forth in our opinion to RBC Capital Markets Corporation, dated the date hereof, we have not been engaged or undertaken to verify the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds, and we express no opinion relating thereto (except to the extent, if any, stated in the Official Statement).

Based on our examination, we are of the opinion, as of the date hereof, as follows:

1. The Authority is an agency of the State of Minnesota with authority under Sections 136A.25 to 136A.42, Minnesota Statutes, to issue the Bonds, to loan the proceeds thereof to the Corporation and to execute and deliver the Loan Agreement and the Indenture to secure the Bonds.

2. The Loan Agreement and the Indenture are valid and binding instruments of the parties thereto, enforceable in accordance with their terms.

3. The Bonds are valid and binding limited obligations of the Authority, payable from and secured by the assignment of the loan repayments payable by the Corporation under the Loan Agreement to the Trustee, scheduled to be made in amounts and at times sufficient (if timely paid in full) to pay the principal of and interest on the Bonds when due, and by the pledge of the funds and investments held by the Trustee under the Indenture and by the pledge of funds and rights to payment held by the Trustee, as assignee, under the Loan Agreement.

4. Assuming compliance with certain covenants in the Loan Agreement and Indenture, under existing laws, regulations, rulings and decisions as presently construed, the interest on the Bonds is not includable in gross income for purposes of federal income taxation or in taxable income of individuals, estates and trusts for purposes of Minnesota income taxation. Interest on the Bonds is not an item of tax preference required to be included in the computation of "alternative minimum taxable income" for purposes of the federal alternative minimum tax applicable to individuals under Section 55 of the Internal Revenue Code of 1986, as amended (the "Code") or Minnesota alternative minimum tax applicable to individuals, trusts and estates. Interest on the Bonds, however, is includable in "adjusted current earnings" for purposes of the computation of "alternative minimum taxable income" of corporations under Section 55 of the Code and is subject to the Minnesota franchise tax imposed upon corporations, including financial institutions, measured by taxable income and the alternative minimum tax base. The Bonds are not arbitrage bonds within the meaning of Section 148 of the Code. The Bonds are "private activity bonds" within the meaning of Section 141(a) and "qualified 501(c)(3) bonds" within the meaning of Section 145 of the Code. Ownership of the Bonds will result in disallowance of a deduction for a portion of the interest expense of a "financial institution" under Section 265(b) of the Code. Reference is made to the caption "Tax Exemption" in the Official Statement for a description of the effect of certain provisions of the Code relating to, among other things, the branch profits tax imposed on foreign corporations, losses incurred by property and casualty insurance companies, Subchapter C earnings of S corporations, net investment income of foreign corporations, and the taxability of Social Security and railroad retirement benefits.

The rights of the holders of the Bonds and the enforceability of the Bonds, the Indenture and the Loan Agreement may be subject to bankruptcy, insolvency, reorganization, moratorium and receivership proceedings and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and their enforcement may also be subject to the exercise of judicial discretion in accordance with principles of equity.

Dated: June 4, 2008

Respectfully submitted,

SUMMARY OF DOCUMENTS

THE LOAN AGREEMENT

The following is a summary of certain provisions of the Loan Agreement. This summary does not purport to be complete and reference is made to the full text of the Loan Agreement for a complete recital of its terms. Certain words and terms used in this summary are defined in "DEFINITIONS OF CERTAIN TERMS," Appendix IV, contained herein.

Construction of Project

The Corporation represents that construction, acquisition and installation of the Project will be substantially completed by no later than August 15, 2010, subject only to "force majeure," as provided in the Loan Agreement. The Corporation may apply to the Authority at any time to delete from the Project any building, system or equipment proposed to be acquired, constructed or improved as part of the Project, or to add any building, system or equipment to the Project, or both, and upon approval of the Authority, the description of the Project shall accordingly be amended by a supplement to the Loan Agreement executed by the Authority and the Corporation, a copy of which shall be furnished to the Trustee, provided that no such amendment of the description of the Project shall be approved if the Project, as so amended, will not constitute an authorized "project" under the Act or will adversely affect the tax-exempt status of interest on the Bonds and an Opinion of Counsel to such effect is furnished. The Corporation has agreed that it has previously paid or will itself pay all costs relating to the acquisition, construction, improving and equipping of the Project, including costs of issuance of the Bonds, to the extent such payments and costs exceed the proceeds of the Bonds, including investment earnings in the Construction Account.

Loan Repayments

Under the Loan Agreement, the Corporation agrees to make Loan Repayments in amounts and at times sufficient to provide for payment in full of all principal of and interest and premium, if any, on the Bonds when due. To provide for such payments the Corporation covenants to pay for the account of the Authority in the following amounts:

(a) at least five Business Days prior to each April 1 and October 1, commencing October 1, 2008, into the Bond and Interest Sinking Fund Account a sum which will be equal to the amount payable as interest on the Bonds on the next succeeding interest payment date, or the amount payable as principal (whether at maturity or mandatory sinking fund redemption) on such principal payment date; provided however, that there shall be credited against such obligations (i) the net amount of funds and investments then on deposit to the credit of the Bond and Interest Sinking Fund Account (including amounts transferred from the Construction Account); and (ii) any credits permitted by Sections 5.01, 5.02, 5.03 or 5.04 of the Indenture (relating to the transfer to the Bond and Interest Sinking Fund Account of certain investment earnings and certain excess funds); and

(b) on or prior to a date established for the optional redemption or mandatory redemption and prepayment of the Bonds, into the Redemption Account such amount, if any, as shall be necessary and sufficient to provide for the redemption of any Bonds called for redemption from the Redemption Account; and

(c) forthwith into the Bond and Interest Sinking Fund Account or Redemption Account, as appropriate, the amount of any deficiency in the event that the funds on deposit in the Bond and Interest Sinking Fund Account or Redemption Account on any Bond principal or interest payment date are for any reason insufficient to pay principal of, premium, if any, and interest on the Bonds then due or then to become due (whether at maturity, or by call for redemption, or by acceleration of maturity); and

(d) into the Reserve Account any amounts required to be deposited therein by Section 5.02 of the Indenture; and

(e) into any fund or account designated by the Trustee funds in the amount determined by the Trustee to be necessary to comply with the provisions of Section 6.09(f) of the Loan Agreement and Section 5.05 of the Indenture (relating to arbitrage rebate); and

There is reserved to the Corporation the right to prepay all or part of the Loan and to redeem Bonds prior to their maturity in certain events as described under “THE BONDS.”

As additional payments the Corporation agrees to pay the annual fee of the Authority, fees and expenses of the Trustee, rebate of certain excess investment earnings to the United States, and certain other expenses.

Use of Project Facilities

The Corporation agrees to use the Project Facilities as educational facilities, in compliance with law and ordinance requirements, and not as facilities for sectarian instruction or religious worship, nor primarily in connection with a program of a school or department of divinity for any religious denomination. The Corporation agrees not to permit use of the Project Facilities in such manner or to such an extent as would result in loss of the tax-exemption of interest on the Bonds under the Internal Revenue Code or loss of the Corporation’s status as an exempt organization under Section 501(c)(3) of the Code.

Maintenance of Project Facilities

The Corporation agrees that, so long as there are Bonds outstanding, the Corporation will keep the Project Facilities in good repair and good operating condition at its own cost, making such repairs, modifications, and replacements as are necessary so that the Project will remain a “project” under the Act and interest on the Bonds will be exempt from federal income taxation. The Corporation may lease or sublease or enter into agreements in the ordinary course of business for the use of the Project Facilities, (i) so long as the tax-exempt status of the Bonds will not be affected thereby, (ii) such lease, sublease or use agreement shall not be inconsistent with the Loan Agreement, the Indenture or the Act, (iii) the Corporation shall remain fully obligated under the Loan Agreement as if such lease, sublease or use agreement had not been made, and (iv) in the case of such sale, transfer or conveyance or in the case of any lease to or occupancy by persons who are not students, employees or faculty of the Corporation, an Opinion of Bond Counsel is provided to the Trustee to the effect that tax exemption of the interest on the Bonds is not adversely affected; provided further that the Corporation may demolish any of the Project Facilities that, in the judgment of the Corporation are worn out, obsolete, or require replacement, are no longer used, or the Corporation, by resolution of its Board of Directors, has determined in its judgment are no longer useful.

Operating Expenses and Liens

The Corporation will pay all utility charges and other charges arising from the operations of the Project Facilities which, if unpaid, would become a lien on the Project Facilities and will not permit to be established or to remain unsatisfied any mechanics' liens for labor or materials furnished in connection with the acquisition or construction of the Project, or with any remodeling, additions, modifications, repairs, renewals or replacements; provided, that the Corporation may in good faith contest such utility and other charges and any mechanics' or other liens filed or established against the Project Facilities, and in such event may permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom unless the Authority or the Trustee shall notify the Corporation that, in the Opinion of Independent Counsel, by nonpayment of any such items the Project Facilities or any part thereof will be subject to loss or forfeiture, in which event the Corporation shall promptly pay and cause to be satisfied and discharged all such unpaid items.

Taxes and Other Governmental Charges

The Corporation will pay all taxes, special assessments, license fees and governmental charges of any kind that may at any time be lawfully assessed or levied against, or with respect to the operations of the Corporation, or the Project Facilities or any improvements, equipment or related property installed or bought by the Corporation therein or thereon, or the Bonds, the Loan Agreement, the Indenture, or the interest of the Authority, the Trustee, or the Bondholders therein.

The Corporation may, at its expense, in good faith contest any such taxes, assessments, license fees and other charges and may permit the taxes, assessments, license fees or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom unless the Authority or the Trustee shall notify the Corporation that, in the Opinion of Independent Counsel, by nonpayment of any such items the Project Facilities or any part thereof, or the revenue therefrom will be subject to loss or forfeiture, in which event such items shall be paid promptly.

Insurance

The Corporation is required to maintain, or cause to be maintained, insurance, with certain deductible amounts, as follows:

(a) Insurance against loss and/or damage to the Project Buildings, the Project Equipment and contents, under a policy or policies covering such risks as are ordinarily insured against by similar institutions, including fire and extended coverage in an amount not less than the lesser of (i) the full insurable replacement value of the Project Buildings and the Project Equipment or (ii) the principal amount of the Outstanding Bonds or (if greater) 80 percent of the full insurable replacement value of the Project Buildings and the Project Equipment, but any such policy may have a deductible amount of not more than $500,000.

(b) Comprehensive general public liability insurance including blanket contractual liability and personal injury liability and automobile insurance in the minimum amount for each occurrence of $5,000,000 and aggregate for each year of $5,000,000 with a deductible amount of up to $500,000 and against liability for property damage in the minimum amount for each occurrence of $500,000.

(c) Workers' compensation insurance in such amount as is customarily carried by organizations in like activities of comparable size and liability exposure to the

Corporation, provided that the Corporation may be self-insured with respect to all or a part of its liability for workers' compensation.

Upon the written request of the Corporation, the Trustee (i) may permit modifications to such insurance requirements and deductible amounts, including permission for the Corporation to be self-insured in whole or in part for any comprehensive general public liability insurance, upon such terms and conditions as the Trustee may require, and (ii) shall permit modifications to such insurance requirements and deductible amounts, including permission for self-insurance for (a) and (b) above, in accordance with the recommendation of an independent insurance consultant employed by the Corporation and satisfactory to the Trustee.

The Corporation is required to furnish to the Trustee on or before September 1 of each year a certificate of insurance compliance. Each required policy shall contain a provision that the insurer will not cancel or modify the policy without giving written notice to the Corporation and the Trustee at least 30 days before the cancellation or modification becomes effective.

Damage or Destruction

If the Project Facilities shall be damaged or partially or totally destroyed there shall be no abatement in the Loan Repayments, and to the extent that the claim for loss resulting from such damage or destruction is not greater than $1,000,000, the Corporation will promptly repair, rebuild or restore the property damaged or destroyed with such changes, alterations and modifications (including the substitution and addition of other property) as will not impair the character or significance of the Project Facilities as educational facilities. To the extent that the claim for loss resulting from such damage or destruction exceeds $1,000,000, the Corporation shall either repair, rebuild or restore the damaged facilities, or redeem and prepay the Bonds in whole or in part as more fully provided in the Loan Agreement.

The Bonds may be redeemed in whole if (i) all or part of the Project Facilities are damaged or destroyed to such extent that they cannot be reasonably restored within six months or (ii) normal use and operation of such Project Facilities are interrupted for a six month period or (iii) the cost of restoration exceeds the available Net Proceeds by more than $500,000 (plus the amount of any deductible). The Bonds may be redeemed in part if (i) all or a portion of the Project Facilities have been damaged or destroyed, (ii) the Corporation determines that the Project Facilities so damaged or destroyed are not needed in its operations, (iii) the Corporation has elected not to repair, rebuild, restore or replace such Project Facilities and (iv) the available Net Proceeds (and not more than the amount of such available Net Proceeds) are deposited in the Redemption Account and used to redeem or purchase Bonds.

Condemnation

If at any time before the Bonds have been fully paid (or provision for payment thereof has been made in accordance with the Indenture), title to the Project Facilities, shall be taken in any proceeding involving the exercise of the right of eminent domain, the Corporation shall either redeem the Bonds in whole or in part or rebuild or restore such facilities, as more fully provided in the Loan Agreement.

If the Bonds are to be redeemed in whole or in part, such redemption shall be as described in the second paragraph under “Damage or Destruction” above.

Removal or Release of Project Equipment and Building Equipment

The Corporation may remove or release Project Equipment and Building Equipment from the Project Facilities if no Default exists and upon the following conditions:

(a) the Corporation may substitute equipment and related property for any Project Equipment and Building Equipment, provided that such substitution shall not materially impair the character or revenue producing significance or value of the Project Facilities;

(b) the Corporation may release any equipment from the definition of Project Equipment (with or without the physical removal thereof) without substitution therefor, provided that the Corporation pays a sum equal to the then value of such Project Equipment as determined by an Independent engineer selected by the Corporation, to the Trustee for deposit in the Redemption Account for the redemption and prepayment of the Bonds; provided that if the depreciated book value of any item of Equipment so removed was less than $100,000, such release without substitution and such deposit to the Redemption Account may be effected without such determination of value and Certificate by an Independent engineer upon such showing by the Corporation as may be satisfactory to the Trustee; and

(c) the Corporation may remove any Building Equipment without substitution therefor provided that such removal will not materially impair the character or revenue producing significance or value of the Project Facilities.

In connection with (a) and (b) above, if the depreciated book value of the Project Equipment or, in connection with (c) above, the depreciated book value of Building Equipment, to be substituted, removed or released equals or exceeds $100,000 the Corporation will deliver to the Trustee a certificate signed by the Authorized Institution Representative stating that the substitution, removal, or release, as the case may be, of such equipment will not materially impair the character or revenue producing significance of the Project Facilities.

Indemnification

The Corporation agrees to hold the Authority, its members and employees, harmless against any claim, cause of action, suit or liability for any loss or damage to property or any injury to or death of any person that may be occasioned by any cause whatsoever pertaining to the Project Facilities and the use thereof, including that caused by any negligence of the Authority or anyone acting in its behalf, provided that the indemnity shall be effective only to the extent of any loss that may be sustained by the Authority in excess of the net proceeds received by the Authority from any insurance carried with respect to the loss sustained.

The Corporation agrees to indemnify and hold harmless the Authority against any and all losses, claims, damages or liability to which the Authority may become subject under law, and to reimburse the Authority for any out-of-pocket legal and other expenses (including reasonable counsel fees) incurred by the Authority in connection with investigating any such losses, claims, damages, or liabilities or in connection with defending any actions, insofar as the same relate to information furnished to the Authority by the Corporation in connection with the sale of the Bonds.

Existence and Accreditation of Corporation and Institution

The Corporation agrees that during the term of the Loan Agreement it will maintain its existence as a nonprofit corporation and will maintain the Institution’s existence as a nonprofit institution of higher education under the laws of Minnesota, accredited as such by recognized accrediting agencies, and that it will not dissolve or otherwise dispose of all or substantially all of its assets or all or substantially all the assets of the Institution, or consolidate with or merge into another corporation, or permit one or more other corporations to consolidate with or merge into it, except upon the conditions provided in the Loan Agreement. The conditions are the following: (a) If the surviving, resulting or transferee corporation or institution, as the case may be, is other than the Institution, such surviving, resulting or transferee corporation shall assume in writing all of the obligations of the Corporation in the Loan Agreement and shall be either a state university or college or a nonprofit corporation operating or authorized to operate an institution of higher education under the laws of Minnesota, eligible to be a participating nonprofit institution under the Act, and complies and will comply with the provisions of the Loan Agreement against unlawful discrimination and requiring that the Institution be nonsectarian; and (b) the Corporation shall furnish to the Trustee an opinion of bond counsel that such consolidation, merger or transfer shall have no effect upon the tax-exempt nature of the interest on the Bonds under the Internal Revenue Code and regulations thereunder.

Divestiture of Institution

The Corporation may incorporate the Institution as a new entity which is considered to be exempt under Section 501(c)(3) of the Internal Revenue Code, transfer the assets and liabilities of the Corporation constituting and relating to the Institution to the new entity, and assign its interest herein to the new entity (which may include a ground lease of the land upon which the Institution's buildings and related facilities are located so long as the initial term of any such ground lease does not end prior to the date which is at least ten years after the final maturity of the Bonds) and thereafter be released from further liability hereunder, subject to the following conditions: (a) the new entity shall assume in writing all of the obligations of the Corporation, and shall be an entity operating or authorized to operate an institution of higher education under the laws of Minnesota, (b) the Corporation shall furnish to the Trustee an Opinion of Counsel, who shall be nationally recognized bond counsel, that the transfer and assignment shall not cause the interest on the Bonds to be includable in gross income of the recipient for federal income tax purposes, and (c) the Corporation shall furnish to the Trustee a certificate by an Independent certified public accountant or firm of Independent certified public accountants demonstrating that: (i) based on the two most recent Fiscal Years of the Corporation for which audited financial statements are available, and based on the supplementary information thereto which reflects the financial statements of the Institution, the Institution for each of such Fiscal Years maintained a ratio of "Net Income Available for Debt Service" to "Maximum Annual Debt Service" of at least 120%, and (ii) based on the balance sheet of the new entity at the time immediately following transfer of assets and assumption of liabilities of the Corporation constituting and relating to the Institution to the new entity, the new entity has a "Funded Debt Ratio" of no less than 50%.

$150,000,000 Limitation on Outstanding Non-Hospital Bonds

The Corporation has represented that the sum of the principal amount of the Bonds, plus the respective outstanding aggregate principal amounts of all tax-exempt bonds issued on behalf of or for the benefit of the Corporation and all organizations under common management or control with the Corporation (other than qualified hospital bonds), within the meaning of Section 145 of the Internal Revenue Code, does not exceed $150,000,000, excluding nonhospital bonds issued on or after August 5, 1997, to finance expenditures incurred after August 5, 1997. Under the Loan Agreement, in no event will the Corporation affiliate or consolidate with or merge into another corporation or sell or otherwise transfer to another institution all or substantially all of its assets or the assets of the Institution as an entirety if the effect of any such transaction would be to adversely affect the tax exempt status of the Bonds, such as by exceeding limitations on the outstanding aggregate principal amounts of all tax-exempt bonds issued by or on behalf of the Corporation or such other resulting entity, and all organizations under common management or control with the Corporation or such resulting entity (other than qualified hospital bonds), within the meaning of Section 145 of the Internal Revenue Code.

Institution to be Nonsectarian

Except for the School of Theology, which is separate from the general undergraduate programs of the Institution, the Institution will continue to be nonsectarian; will not require or forbid attendance by students or any other persons at religious worship or acceptance of any religious creed; and will not promulgate the distinctive doctrines, creeds or tenets of any particular religious sect.

Federal Income Tax Status

The Corporation represents that it presently is and agrees that it shall take all appropriate measures to assure that it remains an organization described in Section 501(c)(3) of the Internal Revenue Code, exempt from income taxes under Section 501(a) of such Code.

Determination of Taxability

In the event a Determination of Taxability is made at any time that interest payable on the Bonds is includable in gross income for purposes of federal income taxation under the provisions of the Internal Revenue Code and regulations thereunder as in effect at the date of issuance of the Bonds, the Bonds shall bear additional interest at the rate of two percent per annum from the Date of Taxability until the respective dates on which the principal of the Bonds is paid. In addition, in the event of such Determination of Taxability, the Bonds shall be subject to optional redemption, in whole or in part, on the next date for which due notice can be given or any date thereafter and the redemption price therefor shall be equal to par plus accrued interest (including additional interest from the Date of Taxability).

Negative Pledge

As further security for the payments required to be made, the Corporation covenants that except for Permitted Encumbrances, as otherwise permitted by Section 5.03 of the Loan Agreement and as otherwise permitted by Section 5.02 of the Loan Agreement for the sale, transfer, conveyance, lease or sublease or execution of agreements in the ordinary course of business (but not as collateral), the Corporation will not mortgage, grant a lien upon, pledge, grant a security interest in, make an assignment of its interest in or permit the creation of any encumbrance on the Negative Pledge Property.

Other Covenants

The Corporation further agrees to comply with all applicable laws and regulations against unlawful discrimination, and not to discriminate on account of religion, race, color, creed or national origin in the use of the Project Facilities; to provide and file such financing statements and other instruments of further assurance as the Authority or the Trustee may request; to perform all obligations imposed by the Internal Revenue Code and regulations thereunder with respect to the non-arbitrage status of the Bonds; and to observe all applicable State laws and regulations, including those of the Authority and the Minnesota Office of Higher Education subject to the right of contest. The Corporation agrees to indemnify the Authority from losses arising from certain representations made by the Corporation regarding the absence of hazardous waste on the Project Facilities.

The Authority further agrees to comply with the applicable rebate requirements imposed under Section 148(f) of the Internal Revenue Code with respect (but only with respect) to amounts paid by the Corporation to the Authority as the Authority's annual fee under the Loan Agreement and any income earned or imputed therefrom.

Events of Default

Following are Events of Default under Section 7.01 of the Loan Agreement:

(a) If the Corporation shall fail to make any Loan Repayment when due and either (i) the moneys on deposit in the Bond and Interest Sinking Fund Account, Reserve Account and Redemption Account on a Bond principal or interest payment date are insufficient to pay when due principal and interest on the Bonds, or (ii) such failure shall continue for five Business Days after notice from the Trustee or the Authority to the Corporation that such payment has not been made; or

(b) If the Corporation shall fail to comply with the provisions of Section 6.09(f) of the Loan Agreement (relating to arbitrage calculation and rebate requirements); or

(c) If the Corporation shall fail to maintain the balance in the Reserve Account in the amount of the Reserve Requirement as defined in Section 5.02 of the Indenture, provided failure to comply with such requirement shall not become an Event of Default unless the Corporation fails to restore such deficiency within a period of 30 days after written notice specifying such deficiency and requesting that it be remedied is given to the Corporation by the Authority or the Trustee; or

(d) If the Corporation shall fail to observe and perform for reasons other than force majeure any other covenant, condition or agreement on its part under the Loan Agreement for a period of 30 days after written notice, specifying such default and requesting that it be remedied, is given to the Corporation by the Authority or the Trustee provided that failure to comply with Section 6.14(b) of the Loan Agreement shall not become an Event of Default unless the Corporation fails to restore the deficiency within 180 days from the close of the Fiscal Year in which such deficiency was reported; or

(e) If the Corporation files a petition in voluntary bankruptcy, or for the composition of its affairs or for its corporate reorganization under any state or Federal bankruptcy or insolvency law, or makes an assignment for the benefit of creditors, or consents in writing to the appointment of a trustee or receiver for itself or for the whole or any substantial part of the property of the Corporation; or

(f) If a court of competent jurisdiction shall enter an order, judgment or decree against the Corporation in any insolvency, bankruptcy, or reorganization proceeding, or appointing a trustee or receiver of the Corporation or of the whole or any substantial part of the property of the Corporation, and such order, judgment or decree shall not be vacated or set aside or stayed within ninety days from the date of the entry thereof; or

(g) If, under the provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction shall assume custody or control of the Corporation or the Corporation or of the whole or any substantial part of the property of the Corporation, and such custody or control shall not be terminated within ninety days from the date of assumption of such custody or control.

The term “force majeure” as used above includes the following: acts of God; strikes, lockouts or other employee disturbances; acts of public enemies; orders, regulations or laws of any kind of the government of the United States of America or of the State of Minnesota or any of their departments, agencies, political subdivisions or officials, or any civil or military authority; insurrections; riots; epidemics; landslides; lightning; earthquakes; fires; hurricanes; tornadoes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accident to machinery, transmission pipes or canals; partial or entire failure of utilities; or any other cause or event not reasonably within the control of the Corporation. The provisions of paragraph (d) above, are subject to the further limitation that if the Default can be remedied but not within a period of 30 days after notice and if the Corporation has taken all action reasonably possible to remedy such default within such 30-day period, the default shall not become an Event of Default for so long as the Corporation shall diligently proceed to remedy such default and in accordance with any directions or limitations of time made by the Trustee. The Corporation agrees, however, to use its best efforts to remedy with all reasonable dispatch any cause or causes preventing the Corporation from carrying out its agreements.

Remedies on Default

Whenever any Event of Default shall have happened, and be subsisting, the Loan Agreement provides that any one or more of the following steps may be taken:

(a) The Trustee may declare all or any amount of Loan Repayments thereafter to become due under and payable for the remainder of the term of the Loan Agreement to be immediately due and payable, whereupon the same shall become immediately due and payable.

(b) The Trustee (or the Authority with respect to certain sections of the Loan Agreement) may take whatever action at law or in equity which may appear necessary or desirable to collect the payments then due and thereafter to become due under the Loan Agreement.

(c) The Trustee may take whatever action in law or equity which appears necessary or desirable to enforce the security provided by or enforce any provision of the Loan Agreement or the Indenture in accordance with the provisions thereof.

Any amounts collected by the Trustee pursuant to action taken under the foregoing paragraphs shall be applied first to advances and expenses, second to payment of the Bonds as provided in Section 7.04 of the Indenture and any excess to the Corporation.

Amendments

Except as otherwise provided in the Loan Agreement or in the Indenture, subsequent to issuance of the Bonds and so long as any Bonds are outstanding, the Loan Agreement may not be amended without the prior written consent of the Trustee.

THE INDENTURE

The following constitutes a summary of certain provisions of the Trust Indenture (the "Indenture"). This summary does not purport to be complete and reference is made to the full text of the Indenture for a complete recital of its terms. Certain words and terms used in this summary are defined in "DEFINITIONS OF CERTAIN TERMS," Appendix IV, contained herein.

Granting Clauses

Pursuant to the Indenture, the Authority grants to the Trustee, as security for the Holders of the Bonds, the following:

Moneys on deposit to the credit of the Accounts shall be invested by the Trustee only in investments as authorized by law from time to time which currently and generally are as follows: Direct obligations of the United States government and certain obligations issued or guaranteed by certain of its agencies; direct and general obligations of states rated at least in the rating category of "AA" or "Aa" or political subdivisions of states rated at least in the rating category of "AAA" or "Aaa"; revenue bond obligations of states and their political subdivisions insured by municipal bond insurance and rated "AAA" or "Aaa"; mutual funds or unit trusts which invest solely in the foregoing obligations of the United States government, its agencies, states and their political subdivisions or in certain repurchase agreements; constant dollar value money market funds that invest solely in the types of obligations or repurchase agreements in which the foregoing mutual funds may invest and which are rated in the highest rating category by a national credit rating agency; time deposits of insured state or national banks fully insured by the Federal Deposit Insurance Corporation; certain guaranteed investment contracts issued by a bank or insurance company rated at least in the highest two rating categories of a nationally recognized rating agency; certain types of repurchase agreements; and certain commercial paper maturing in 270 days or less. Section 5.04 of the Indenture sets forth further restrictions as to type and maturity of investments.

Trustee's Right to Payment

The Trustee shall have a first lien, with right of payment prior to payment of interest on or principal of the Bonds, for reasonable compensation, expenses, advances and counsel fees incurred in and about the execution of the trusts created by the Indenture and exercise and performance of the powers and duties of the Trustee under the Indenture, and the cost and expenses incurred in defending against any liability in the premises of any character whatsoever (unless such liability is adjudicated to have resulted from the negligence or willful default of the Trustee).

Covenants of the Authority

Under the Indenture the Authority covenants, among other things, to perform its various undertakings and agreements; not to extend the maturity of any of the Bonds or the time of payment of any claims for interest; to take such action or cause and permit the Trustee to take such action as may be necessary and advisable to enforce the covenants, terms and conditions of the Loan Agreement, if such action shall, in the discretion of the Trustee, be deemed to be in the best interests of the Authority or the Bondholders; to comply with the applicable arbitrage rebate requirements under Section 148(f) of the Code and regulations thereunder; to keep proper books, accounts and records; and not to issue or permit to be issued any Bonds under the Indenture in any manner other than in accordance with the provisions of the Indenture and not to suffer or permit any default to occur under the Indenture. Under the Act, and it is expressly agreed that, the Authority has no obligation to make any advance or payment or incur any expense or liability from its general funds for performing any of the conditions, covenants or requirements of the Indenture or from any funds other than Loan Repayments or moneys in the Accounts established by the Indenture.

Events of Default

The following are Events of Default under the Indenture:

(a) If payment of the principal of any of the Bonds, when the same shall become due and payable (whether at maturity or by proceedings for redemption or by declaration of acceleration or otherwise), shall not be made; or

(b) If payment of any interest on the Bonds when the same shall become due and payable (in which case interest shall be payable to the extent permitted by law on any overdue installments of interest, in each case at the interest rate borne by the Bonds in respect of which such interest is overdue) shall not be made; or

(c) If the Authority shall default in the due and punctual performance of any of the covenants, conditions, agreements and provisions contained in the Bonds or in the Indenture, or in any supplemental indenture on the part of the Authority to be performed, and such default shall have continued for a period of 60 days after written notice, specifying such default and requiring the same to be remedied, shall have been given to the Authority and to the Corporation (giving the Corporation the privilege of curing such default in the name of the Authority, if permitted by law) by the Trustee, which may give such notice in its discretion and shall give such notice upon written request of the Holders of not less than a majority in principal amount of the Bonds then outstanding; or

(d) If any "event of default" on the part of the Corporation, as that term is defined in the Loan Agreement, shall occur and be continuing.

Remedies

Upon the occurrence of an Event of Default, the Trustee may, and upon written request of the Holders of a majority in aggregate principal amount of Bonds outstanding shall, by notice in writing delivered to the Authority, declare the principal of all Bonds then outstanding and the interest accrued thereon immediately due and payable, and such principal and interest shall thereupon become and be immediately due and payable subject, however, to the right of the Holders of a majority in aggregate principal amount of Bonds then outstanding by written notice to the Authority and to the Trustee, to annul such declaration and destroy its effect at any time if all covenants with respect to which default shall have been made shall be fully performed or made good, and all arrears of interest upon all Bonds outstanding and the reasonable expenses and charges of the Trustee, its agents and attorneys, and all other indebtedness secured by the Indenture (except the principal of any Bonds which have not then attained their stated maturity and interest accrued on such Bonds since the last interest payment date) shall be paid, or the amount thereof shall be paid to the Trustee for the benefit of those entitled thereto.

In the case of the breach of any of the covenants or conditions of the Loan Agreement or the Indenture, the Trustee, anything therein contained to the contrary notwithstanding and without any request from any Bondholder (subject, however to its rights to indemnity and notice provided in the Indenture) shall be obligated to take such action or actions for the enforcement of its rights and the rights of the Bondholders and the rights of the Authority under the Loan Agreement as due diligence, prudence and care would require and to pursue the same with like diligence, prudence and care.

Upon the happening and continuance of an Event of Default, the Trustee may, and shall upon the written request of the Holders of not less than a majority in aggregate principal amount of outstanding Bonds, proceed forthwith by suit or suits at law or in equity or by any other appropriate remedy to enforce payment of the Bonds, to enforce application to payment of the Bonds the funds, revenues and income appropriated thereto by the Indenture and by the Bonds, to enforce any such other appropriate legal or equitable remedy as the Trustee, being advised by counsel, deem most effectual to protect and enforce any of its rights or any of the rights of the Bondholders. Notwithstanding the foregoing, the Trustee need not proceed upon any such written request of the Bondholders as aforesaid, unless such Bondholders shall have offered to the Trustee security and indemnity satisfactory to it against the costs, expenses and liabilities to be incurred therein or thereby.

Concerning the Trustee

The Trustee has no responsibility to use its own funds under the Indenture, but it may make advances at a rate equal to the Reference Rate of Wells Fargo Bank, National Association, Minneapolis, Minnesota, which advances are given priority of payment. The Trustee also has a lien with right of payment prior to payment of Bond interest or principal for reasonable compensation, expenses, advances and counsel fees. The responsibilities of the Trustee prior to an Event of Default are limited to express provisions of the Indenture, and at all times the Trustee shall not be liable unless it acts negligently or in bad faith. The Trustee is not required to institute suit or take other steps to enforce its rights and powers unless indemnified to its satisfaction against all costs and expenses. The Trustee and its officers and directors are authorized to acquire and hold Bonds and otherwise deal with the Authority or the Corporation to the same extent as if it were not Trustee. Provision is made for the succession or replacement of the Trustee by another corporate Trustee with a minimum capital, surplus and undivided profits of $10 million in event of merger, resignation, or removal by Holders of a majority in principal amount of outstanding Bonds, or in the event of disability, by the Authority or a court. Provision is also made for removal of the Trustee by Bondholders or the Authority, at the request of the Corporation, provided that the Authority may, but is not required to remove the Trustee with or without the request of the Corporation if an Event of Default has occurred and is continuing or a default which with the passage of time or the giving of notice will become an Event of Default has occurred and is continuing. The Authority may not remove a successor Trustee properly appointed by the Bondholders.

Concerning the Bondholders

No Bondholder shall have any right to institute any proceeding in equity or at law for the enforcement of the Indenture or for any remedy under the Loan Agreement unless a default has occurred of which the Trustee has been notified or of which it is deemed to have notice; nor unless also such default shall have become an Event of Default and the Holders of a majority in aggregate principal amount of Bonds outstanding shall have made written request to the Trustee and shall have offered it reasonable opportunity either to proceed to exercise the powers granted or to institute such action, suit or proceeding in its own name; nor unless also they shall have offered to the Trustee indemnity as provided in the Indenture; and no one or more Bondholders shall have the right to affect, disturb, or prejudice the lien of the Indenture by his or their action or to enforce any right thereunder except in the manner therein provided, and that all proceedings at law or in equity shall be instituted and maintained in the manner therein provided and for the equal benefit of the Holders of all Bonds outstanding.

The Trustee upon the written request of the Holders of a majority in principal amount of the Bonds at the time outstanding shall waive any default under the Indenture and its consequences, except a default in the payment of the principal of the Bonds at the date of maturity specified therein; provided, however, that a default in the payment of interest on the Bonds shall not be waived unless, prior to such waiver, all arrears of interest, and all expenses of the Trustee shall have been paid or shall have been provided for by deposit with the Trustee of a sum sufficient to pay the same. In case of any such waiver, the Authority, the Trustee and the Holders of the Bonds shall be restored to their former positions and rights respectively. No waiver of any default or Event of Default, whether by the Trustee or by the Bondholders, shall extend to or shall affect any subsequent default or Event of Default or shall impair any rights or remedies consequent thereon.

Provision is made for meetings of Bondholders, proof of ownership of Bonds and execution of consents and other instruments by Bondholders.

Defeasance

If the Authority and the Corporation shall:

(a) pay or cause to be paid the principal of, and premium, if any, and interest on the outstanding Bonds at the time and in the manner stipulated therein and in the Indenture, or

(b) provide for the payment of principal of, premium, if any, and interest on the outstanding Bonds by depositing with the Trustee at or at any time before maturity an amount either in cash or direct obligations of the United States in such aggregate face amount, bearing interest at such rates, and maturing on such dates sufficient to pay the entire amount due or to become due for principal and premium, if any, and interest to maturity of all Bonds outstanding, or

(c) deliver to the Trustee (1) proof that notice of redemption of all of the outstanding Bonds not surrendered or to be surrendered to it for cancellation has been given or waived, or that arrangements have been made insuring that such notice will be given or waived; or (2) a written instrument executed by the Corporation for the Authority and expressed to be irrevocable, authorizing the Trustee to give such notice for and on behalf of the Authority; or (3) file with the Trustee a waiver of such notice of redemption signed by the Holders of all such outstanding Bonds, and in any case, deposit with the Trustee before the date on which such Bonds are to be redeemed, the entire amount of the redemption price, including interest accrued and to accrue, and premium, if any, either in cash or direct obligations of the United States of America in such aggregate face amount, bearing interest at such rates and maturing at such dates as shall be sufficient to provide for the payment of the redemption price on the date such Bonds are to be redeemed and on any interest payment dates, or

(d) surrender to the Trustee for cancellation all Bonds for which payment is not so provided,

and shall also pay or provide for the payment of all unpaid fees and expenses of the Trustee and the rebate of all amounts due or to become due to the United States under Section 148(f) of the Internal Revenue Code and regulations thereunder, then at the request of the Authority or the Corporation all the Trust Estate shall revert to the Authority and the Corporation as their interests appear, and the entire estate, right, title and interest of the Trustee, and of registered owners of Bonds in respect thereof, shall thereupon cease, determine and become void; and the Trustee in such case, upon cancellation of all Bonds for the payment of which cash or government obligations shall not have been deposited in accordance with the provisions of the Indenture, shall, upon receipt of a written request of the Authority and of a certificate of the Authority and an opinion of counsel as to compliance with conditions precedent, and at its cost and expense, execute to the Authority, or its order, proper instruments acknowledging satisfaction of the Indenture and surrender to the Authority or its order, all cash and deposited securities, if any (except that held for the payment of the Bonds), which shall then be held thereunder.

When the Authority or the Corporation shall have deposited at any time with the Trustee in trust for the purpose, in the manner provided, or left with it if previously so deposited, cash or direct obligations of the United States of America sufficient to pay the principal of any Bonds (and premium, if any) when the same become due, either at maturity or otherwise, or at the date fixed for the redemption thereof and to pay all interest with respect thereto at the due date of such interest or to the date fixed for redemption, for the use and benefit of the Holders thereof, then upon such deposit all such Bonds shall cease to be entitled to any lien, benefit or security of the Indenture except the right to receive the funds so deposited, and such Bonds shall be deemed not to be outstanding thereunder; and from and after such redemption date or maturity, interest on such Bonds so called for redemption shall cease to accrue.

Supplemental Indentures

The Authority and the Trustee may enter into such supplemental indentures as shall by them be deemed necessary or desirable for any one or more of the following purposes, among others:

(a) to correct the description of any property conveyed or pledged by the Indenture or intended so to be, or to assign, convey, pledge or transfer and set over to the Trustee additional property for the benefit and security of the Holders and owners of all Bonds under the Indenture;

(b) to add to the covenants and agreements of the Authority or to surrender any right or power reserved to or conferred upon the Authority;

(c) to evidence the succession of any other department, agency, body or corporation to the Authority;

(d) to cure any ambiguity or to correct or supplement any defective or inconsistent provision contained in the Indenture or in any supplemental indentures or to make such other provisions in regard to matters or questions arising under the Indenture or any supplemental indenture as the Authority may deem necessary or desirable and which shall not be inconsistent with the provisions of the Indenture or any supplemental indenture and which shall not impair the security of the same; and

(e) to modify the Indenture as authorized by the Bondholders.

In addition and subject to the provisions set forth below, the Holders of not less than 51% in aggregate principal amount of the Bonds then outstanding shall have the right to consent to and approve such supplemental indentures as shall be deemed necessary or desirable by the Authority for the purpose of modifying, altering, amending, adding to or rescinding in any particular, any of the terms or provisions of the Indenture or in any supplemental indenture; provided, however, that such provision shall not be construed as permitting without the consent of the Holders of all Bonds directly or indirectly affected (a) an extension of the maturity of any Bond, or (b) a reduction in the principal amount of any Bond or the redemption premium or the rate of interest thereon, or (c) the creation of a lien upon or a pledge of revenues ranking prior to or on a parity with the lien or pledge created by the Indenture, or (d) a preference or priority of any Bond over any other, or (e) a reduction in the aggregate principal amount of the Bonds the Holders of which are required to consent to such supplemental indenture or the Loan Agreement as set forth in the Indenture.

Amendments to the Loan Agreement

The Authority and the Corporation with the consent of the Trustee may, without the consent of or notice to any of the Bondholders, consent to and (if requested) execute any amendment, change or modification of the Loan Agreement as may be required (a) by the provisions of the Loan Agreement or Indenture, (b) for the purpose of curing any ambiguity or formal defect or omission, (c) so as to add additional rights acquired in accordance with the provisions of the Loan Agreement, or (d) in connection with any other change therein which, in the judgment of the Trustee, is not to the prejudice of the Trustee or the Holders of the Bonds.

Except for amendments, changes or modifications provided for in the preceding paragraph, neither the Authority nor the Trustee may consent to any amendment, change or modification of the Loan Agreement without the written approval or consent of the Holders of not less than 51% in aggregate principal amount of the Bonds at the time outstanding, given and procured as provided in the Indenture. However, the Indenture does not permit a reduction in, or a postponement of, the Loan Repayments under the Loan Agreement without the consent of the Holders of all the Bonds then outstanding.

Registration

The Bonds shall be fully registered as to principal and interest at the principal corporate trust office of the Trustee, which shall also perform the functions of registrar and paying agent. Bonds may be transferred and exchanged by surrender to the Trustee with a written authorization by the registered Holder or his authorized attorney satisfactory to the Trustee subject to such reasonable regulations as the Trustee may prescribe and shall be without expense to the Holder, except as to any taxes or other governmental charges required to be paid. If the Bonds are no longer in book entry form, Bonds may be exchanged for a new Bond or Bonds of the same series, aggregate principal amount, maturity and interest rate of any

Authorized Denominations. Payment of principal will be at the principal corporate trust office of the Trustee and interest shall be by check or draft of the Trustee mailed (or, pursuant to an agreement with the Trustee, by wire transfer) to the registered Owner at his address as shown on the registration books of the Trustee, subject to applicable procedures while in book entry form.

THE CONTINUING DISCLOSURE AGREEMENT

The following is a summary of certain provisions of the Continuing Disclosure Agreement. This summary does not purport to be complete and reference is made to the full text of the Continuing Disclosure Agreement for a complete recital of its terms.

The Corporation has undertaken the responsibility for continuing disclosure to bondholders as described below, and the Authority shall have no liability to the holders of the Bonds or any other person with respect to continuing disclosure.

The Corporation has covenanted for the benefit of holders of the Bonds to provide certain financial information and operating date by not later than 270 days following the end of the Corporation's fiscal year commencing with fiscal year ending June 30, 2008, and to provide notices of the occurrence of certain enumerated events, if material.

The Continuing Disclosure Agreement will be executed and delivered by the Corporation, the Disclosure Agent and the Authority, for the benefit of the holders of the Bonds in order to enable the Underwriter to reasonably determine an "undertaking" has been entered into sufficient to assure compliance with the ongoing disclosure requirements of SEC Rule 15c2-12(b)(5).

Definitions

"Annual Report" means, with respect to the Reporting Party, a document or set of documents which contains (or includes by reference as provided in the Continuing Disclosure Agreement) financial and operating data with respect to the Reporting Party described in Exhibit "A" of the Continuing Disclosure Agreement.

"Listed Events" shall mean any of the events listed below.

"National Repository" shall mean, as of the date of determination, any Nationally Recognized Municipal Securities Information Repository for purposes of the Rule.

"Participating Underwriter" shall mean RBC Capital Markets Corporation.

"Reporting Party" shall mean, subject to release as provided in "Termination" below, the Corporation; together with any successors or assigns as provided in the Continuing Disclosure Agreement.

"State Repository" shall mean any public or private repository or entity designated by the State of Minnesota as a state repository for the purpose of the Rule. As of the date of the Continuing Disclosure Agreement there is no State Repository.

Provisions of Annual Report

On or before the Annual Report Date, the Corporation shall cause the Annual Report to be delivered to the Authority, the Trustee and each Repository. To the extent included in an Annual Report, the financial statements shall be audited and prepared in accordance with generally accepted accounting principles. Each Annual Report may incorporate any information on file with each Repository or the Commission, instead of setting forth the information in the annual report. Concurrently with the delivery of the Annual Report to the Trustee, there shall be delivered a written certificate from the Reporting Party stating whether or not the Annual Report has been provided to each Repository or by filing with the Texas Municipal Advisory Council.

If the Trustee has not received an Annual Report by January 1 of each year, commencing with January 1, 2009, together with the certification by the Reporting Party described above, the Trustee shall promptly notify the Disclosure Representative of the failure to receive the Annual Report and the certification.

Reporting of Listed Events

The Trustee shall promptly notify the Reporting Party of any of the following occurrences (each, a "Listed Event") of which it has actual knowledge; and no later than three Business Days after receiving actual notice of the occurrence of a Listed Event, the Reporting Party shall notify the Trustee in writing of the Listed Event:

(i) Principal and interest payment delinquencies;
(ii) Non-payment related defaults;
(iii) Unscheduled draws on debt service reserves reflecting financial difficulties;
(iv) Unscheduled draws on credit enhancements reflecting financial difficulties (this is not applicable to the Bonds);
(v) Substitution of credit or liquidity providers, or their failure to perform (this is not applicable to the Bonds);
(vi) Adverse tax opinions or events affecting the tax-exempt status of the security;
(vii) Modifications to rights of security holders;
(viii) The giving of notice to redeem any Bonds other than for a sinking fund redemption;
(ix) Defeasances;
(x) Release, substitution, or sale of property securing repayment of the securities (this is not applicable to the Bonds) and;
(xi) Rating changes.

No later than five Business Days after either (i) the Reporting Party has received notice from the Trustee of a Listed Event or (ii) the Reporting Party is required to give notice of a Listed Event to the Trustee, the Reporting Party shall give notice of the occurrence of the Listed Event, if material, to each Repository or MSRB.

The Trustee shall promptly give notice to each Repository or MSRB of a failure of the Reporting Party to provide the Annual Report on or before the Annual Report Date.

Termination of Reporting Obligation

The Reporting Party's obligations under the Continuing Disclosure Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds.

Amendment

Notwithstanding any other provision of the Continuing Disclosure Agreement, the Reporting Party and the Trustee may amend any provision of the Continuing Disclosure Agreement (and the Trustee shall agree to any amendment so requested by the Reporting Party so long as, in the judgment of the Trustee, its burdens or liabilities are not increased thereby), subject to the following conditions:

(a) the amendment is in connection with a change in circumstances that arises from a change in legal requirements, change in law or change in the identity, nature or status of the Reporting Party or type of business conducted;

(b) the Continuing Disclosure Agreement, after giving effect to the amendments, would have complied with the requirements of the Rule as of the date of the Official Statement, after taking into account any subsequent amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) the Trustee either determines, in its discretion, that the amendment does not materially impair the interest of the Holders of the Bonds or obtains the consent of Holders of at least 51% in aggregate principal amount of the Bonds then outstanding.

In addition, any Annual Report containing amended operating data or financial information shall explain, in narrative form, the reasons for the amendment and the impact of the change in the type of operating data or financial information.

Alternate Filing Methods

As an alternative to filing with each Repository, any filing under the Continuing Disclosure Agreement may be made by transmitting such filing using alternatives as described in the Continuing Disclosure Agreement.

Additional Information

Nothing in the Continuing Disclosure Agreement shall be deemed to prevent the Reporting Party from disseminating any other information, using the means of dissemination set forth in the Continuing Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by the Continuing Disclosure Agreement.

Default

In the event of a failure of the Reporting Party to provide a timely Annual Report or to report the occurrence of a Listed Event, the Trustee or any Holder of Bonds may take such actions as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the Reporting Party to provide the reports. In the event of a failure of the Reporting Party to comply with provisions (with regard to the Annual Report and Reporting of Listed Events) or a challenge to the adequacy of any report, the Trustee may (and, at the request the Holders of at least 51% of the aggregate principal amount of Bonds then outstanding, shall) take such actions as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the Reporting Party to comply with its obligations under the Continuing Disclosure Agreement.

Beneficiaries

This Agreement shall inure solely to the benefit of the parties hereto, the Participating Underwriter and the Holders from time to time of the Bonds, and shall create no rights in any other person or entity.

THE DEPOSITORY TRUST COMPANY

The Depository Trust Company ("DTC") is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for securities that its participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust and Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If fewer than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer or Bond Registrar as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payment of principal, interest, and redemption premium, if any, on the Bonds will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the Issuer or its agent on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC (nor its nominee), the Bond Registrar, or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest, and redemption premium, if any, to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Bond Registrar, Issuer, or the Issuer's agent. Disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the Issuer or its agent. Under such circumstances, in the event that a successor securities depository is not obtained, certificates are required to be printed and delivered.

The Authority, at the Corporation's direction, may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book entry system has been obtained from DTC, which is solely responsible for such information. The Authority, the Corporation and the Underwriter take no responsibility for the accuracy thereof.

ORDER OF ST. BENEDICT
FINANCIAL STATEMENTS AND
INDEPENDENT AUDITOR'S REPORT

JUNE 30, 2007 AND 2006

[THIS PAGE INTENTIONALLY LEFT BLANK]

INDEPENDENT AUDITORS' REPORT

Rt. Rev. John B. Klassen, O.S.B., Abbot
Order of St. Benedict
Collegeville, Minnesota

We have audited the accompanying balance sheets of the Order of St. Benedict, as of June 30, 2007 and 2006, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Order's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Order of St. Benedict, as of June 30, 2007 and 2006, and the changes in its net assets and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

As discussed in Note 12 to the financial statements, during the year ended June 30, 2006, the University adopted the provisions of FASB Interpretation No. 47 (FIN-47), *Accounting for Conditional Asset Retirement Obligations.*

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Order of St. Benedict (Order) is a monastic institution of the Benedictine Order of the Roman Catholic Church located in Collegeville, Minnesota. Founded in 1856, the Order currently has four operating divisions:

Saint John's Abbey

This includes the health, education, living expenses and charities of the members of Saint John's Abbey, together with activities of the monks not reported in one of the other divisions. Corporate functions such as Physical Plant, Power Plant, Garage, etc. are managed within this division.

St. John's University

Two schools make up St. John's University: the College of Arts and Sciences and the graduate School of Theology. The College, an all-male institution, operates in coordination with the College of St. Benedict, an all-female college; sharing academic programs, facilities and staff. The coeducational School of Theology educates and provides student development programs for priesthood candidates, candidates for other ministries, and persons interested in theological studies. The Hill Museum and Manuscript Library and Artist in Residence are part of the University programming.

St. John's Preparatory School

St. John's Preparatory School is coeducational, providing a college prep academic curriculum, extra-curricular activities and student development programming for both day and residential students. Male residents reside on the St. John's campus; female residents reside on the College of St. Benedict campus.

The Liturgical Press

The Liturgical Press publishes under three imprints: *The Liturgical Press* for liturgical works of the Catholic Church, literature to support the church's liturgy and bible study; *Glazier* for theological works and textbooks; and *Pueblo* for popular books on spirituality, theology and liturgy. Products include periodicals, books, audio/video, and educational programming.

Measure of Operations

In its statements of activity, the Order includes in its definition of operations, all revenues and expenses that are an integral part of its programs and supporting activities. Non-operating activity consists primarily of investment income, including net realized and unrealized gains and losses, earned in excess of the Order's aggregate authorized spending amount, change in value of split-interest agreements, and contributions to temporarily and permanently restricted net assets.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation

Net assets and revenues, gains and losses are classified based on donor imposed restrictions. Accordingly, net assets of the Order and changes therein are classified and reported as follows:

Unrestricted – Those resources over which the Board of Directors has discretionary control. The Board designated amounts represent those amounts which the Board has set aside for a particular purpose.

Temporarily Restricted – Those resources subject to donor imposed restrictions which will be satisfied by actions of the Order or passage of time.

Permanently Restricted – Those resources subject to a donor imposed restriction that they be maintained permanently by the Order. The donors of these resources permit the Order to use all or part of the income earned, including capital appreciation, or related investment income for unrestricted or temporarily restricted purposes.

Accrual Basis

The financial statements of the Order have been prepared on the accrual basis of accounting.

Estimates and Assumptions

Management uses estimates and assumptions in preparing the financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from those estimates that were used.

Financial Instruments

The carrying amounts of cash and cash equivalents, accounts and current contributions and unitrusts receivable, accounts payable and accrued liabilities approximate fair value because of the short maturity of these financial instruments. The carrying values of investments and assets held in charitable remainder unitrusts are based upon values provided by an external investment manager or quoted market values. In the limited cases where such values are not available, historical cost is used as an estimate of market value.

A reasonable estimate of the fair value of the receivables from students under government loan programs and the government grants repayable for student loans could not be made because the notes receivable are not salable and can only be assigned to the U.S. government or its designees.

A reasonable estimate of the fair value of the contributions and other receivables could not be made because the contribution and other receivables are not salable.

The long-term debt is valued based on the borrowing rates currently available to the Order for long-term borrowing with similar terms and average maturities.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial Instruments (Continued)

A reasonable estimate of the fair value of the annuities and unitrusts payable could not be made because the annuities and unitrusts are not salable.

A reasonable estimate of the fair value of the other long-term liabilities could not be made because the other long-term liabilities are not salable.

The estimated fair values of the Order's long term financial instruments at June 30 are as follows:

	2007		2006	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Student Loans Receivable	$ 2,712,178	$ -	$ 2,731,430	$ -

Annuities and Unitrusts Payable	(10,526,171)	-	(11,623,756)	-
Other Long-Term Liabilities	(1,205,161)	-	(1,117,272)	-

Cash and Cash Equivalents

Cash and cash equivalents include all cash and highly liquid investments with a maturity of three months or less. The Order deposits its temporary cash investments in high quality financial institutions, Common Fund and Institutional Investors Income Fund. At times, cash investments at financial institutions may be in excess of the FDIC insurance limit.

Accounts, Loans and Other Receivables

Receivables are stated at net realizable value and are unsecured. The Order provides an allowance for bad debts using the allowance method, which is based on management judgment considering historical information. All student/employee accounts that are not paid when due are assessed one percent per month finance charge. Accounts past due more than 90 days are individually analyzed for collectibility. The Liturigical Press service charge on past due accounts is one and one half percent per month or eighteen percent annual. Accounts continue to accrue finance charges until the account is paid in full. Accounts for which no payments have been received are individually assessed for collectibility and are written off. When all collection efforts have been exhausted, the accounts are written off against the related allowance. At June 30, 2007 and 2006, an allowance of $914,000 and $1,388,200, respectively, has been recorded.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions Receivable

Promises to give that are expected to be collected within one year are recorded at their net realizable value. Promises that are expected to be collected in future years are recorded at the present value of the amounts expected to be collected. The discounts on those amounts are computed using an imputed interest rate applicable to the year in which the pledge is received. Conditional promises are not included as support until such time as the conditions are substantially met.

Notes Receivable

The University has a note receivable from an outside party from the sale of land. The note bears interest at 6 percent and matures in 2009. The balance of the note at June 30, 2007 and 2006 was $293,951.

Inventories

Inventories are valued at the lower of cost, on a first-in, first-out basis, or market. Inventories consist primarily of books and other educational materials held for resale through the Liturgical Press and the University Bookstore.

Amortization

Deferred debt acquisition costs are being amortized on a straight-line basis over the term of the bonds of 22-25 years. Amortization expense was $27,950 and $756,302 for the years ended June 30, 2007 and 2006, respectively.
