#### DETAILS OF THE BONDS

The Bonds will be dated May 1, 1988, as the date of original issue, and will bear interest payable on October 1 and April 1 of each year, commencing October 1, 1988. The Bonds will mature annually on October 1 in the amounts and years as follows:

The Bonds will bear additional interest at a rate of 2.00% per annum in the event of a Determination of Taxability as described in the Loan Agreement and the Trust Indenture.

#### OPTIONAL REDEMPTION

At the option of the Authority all Bonds maturing on or after October 1, 1999 may be redeemed prior to maturity on any interest payment date commencing October 1, 1998. Redemption may be in whole or in part of the Bonds subject to prepayment, and if in part, in any maturity or maturities as the College of St. Thomas (the "College") shall direct and by lot within a maturity in integral multiples of \$5,000.

The Bonds are also subject to redemption in whole but not in part on any interest payment date in certain events of damage or destruction described in a Loan Agreement between the College and the Authority and a Trust Indenture between the Authority and the Trustee, and in the event of a Determination of Taxability as defined therein. All prepayments shall be at a price of par and accrued interest.

#### SECURITY AND PURPOSE

The Bonds will be special obligations of the Authority payable solely from payments made by or on behalf of the College pursuant to the Loan Agreement or from other amounts pledged therefore

pursuant to the Trust Indenture. The Bonds are additionally secured by a pledge of the full faith and credit of the College, and by a debt service reserve. The debt service reserve will be in the amount of \$1,110,000 unless such amount exceeds the lesser of 10% of the proceeds of the Bonds (par less original issue discount according to the reoffering scale) or maximum annual principal of and interest on the Bonds, in which case the debt service reserve will be in the amount of such lesser sum. **The Bonds shall not be legal or moral obligations of the State of Minnesota nor constitute a debt for which the faith and credit of the Authority, or the State of Minnesota, or the taxing powers of the State, are pledged.** The Authority has no taxing powers. The proceeds will be used for renovations and additions to five buildings on the campus of the College in the City of Saint Paul, Minnesota, with appurtenant equipment and site improvements, and for acquisition of real property adjacent to the College and of computer equipment and software.

#### TYPE OF BID

A sealed bid for not less than \$10,933,500 and accrued interest on the total principal amount of the Bonds shall be filed with the undersigned prior to the time set for the opening of bids. Also prior to the time set for bid opening, a certified or cashier's check in the amount of \$111,000, payable to the order of the Authority, shall have been filed with the undersigned or SPRINGSTED Incorporated, the Authority's financial advisor. No bid will be considered for which said check has not been filed. The check of the Purchaser will be retained by the Authority as liquidated damages in the event the Purchaser fails to comply with the accepted bid. The Authority will deposit the check of the Purchaser, the amount of which will be deducted at settlement. No basic rate of interest specified for a maturity shall exceed the basic rate of interest specified for any subsequent maturity. Bonds of the same maturity shall bear a single basic rate from the date of the Bonds to the date of maturity.

#### AWARD

Subject to the Authority's reservation of rights as described below, the Bonds will be awarded to the Bidder offering the lowest dollar interest cost to be determined by the deduction of the premium, if any, from, or the addition of any amount less than par, to the total dollar interest on the Bonds from their date to their final scheduled maturity. The Authority's computation of the total net dollar interest cost of each bid, in accordance with customary practice, will be controlling.

The Authority reserves the right to: (i) waive non-substantive informalities of any bid or of matters relating to the receipt of bids and award of the Bonds, (ii) reject all bids with or without cause, or, (iii) reject any bid which the Authority determines to have failed to comply with the terms herein.

#### TRUSTEE/REGISTRAR/PAYING AGENT

The Trustee will be First Trust National Association, Saint Paul, Minnesota, which shall also act as Registrar and Paying Agent.

#### CUSIP NUMBERS

If the Bonds qualify for assignment of CUSIP numbers such numbers will be printed on the Bonds, but neither the failure to print such numbers on any Bond nor any error with respect thereto will constitute cause for failure or refusal by the Purchaser to accept delivery of the Bonds. The CUSIP Service Bureau charge for the assignment of CUSIP identification numbers shall be paid by the Purchaser.

#### SETTLEMENT

It is expected that on or about May 19, 1988, the Bonds will be delivered without cost to the Purchaser at the office of the Authority or at such other place mutually satisfactory to the Authority and the Purchaser. Delivery will be subject to receipt by the Purchaser of an approving legal opinion of Faegre & Benson of Minneapolis, Minnesota, as to the validity and exemption on the Bonds of federal and State of Minnesota income tax, which opinion will be printed on the Bonds, and of

customary closing papers, including a no-litigation certificate and a certificate pertaining to information in the Official Statement. Certain legal matters will be passed on for the College by Moore, Costello & Hart of Saint Paul, Minnesota. On the date of settlement payment for the Bonds shall be made in federal, or equivalent, funds which shall be received at the offices of the Trustee not later than 1:00 P.M., Central Time. Except as compliance with the terms of payment for the Bonds shall have been made impossible by action of the Authority, or its agents, the Purchaser shall be liable to the Authority for any loss suffered by the Authority by reason of the Purchaser's non-compliance with said terms for payment.

#### OFFICIAL STATEMENT

Prospective bidders may obtain a copy of the Official Statement by request to the Authority's financial advisor. The Purchaser will be provided with 50 copies of the Official Statement.

The Bonds are being issued pursuant to the provisions of Sections 136A.25 to 136A.42, Minnesota Statutes, by the provisions of which the Authority was created and authorized to issue its obligations to assist institutions of higher education within the State of Minnesota to finance certain projects.

Pursuant to a Loan Agreement between the College and the Authority, the College will covenant as a general obligation of the College to make payments and deposits in amounts sufficient to pay the principal of and interest on the Bonds as the same shall become due. The proceeds of the Issue will be loaned to the College by the Authority to finance renovations and additions to five buildings on the campus of the College in the City of St. Paul, Minnesota, with appurtenant equipment and site improvements, for the acquisition of real property adjacent to the College, and for the purchase of computer equipment and software.

From proceeds of the Bonds, there shall be deposited \$1,110,000 into a Reserve Account to be held by the Trustee as a debt service reserve for the Bonds, unless such amount exceeds 10% of the proceeds of the Bonds (par less original issue discount according to the reoffering scale) or maximum annual principal of and interest on the Bonds, in which case the debt service reserve will be in the amount of such lesser sum.

**The Bonds shall not be legal or moral obligations of the State of Minnesota nor constitute a debt for which the faith and credit of the Authority or the State of Minnesota or the taxing powers of the State are pledged. The Authority has no taxing powers.**

The foregoing Introductory Statement is a summary only. For more specific explanations, reference should be made to the following pages and appendices of this Official Statement.

## THE BONDS

The Bonds will be dated May 1, 1988 and will mature each October 1, commencing October 1, 1989, as set forth on the cover page of this Official Statement. The Bonds are being issued in denominations of \$5,000 and integral multiples thereof not exceeding the amount maturing in any maturity, and shall be fully registered as to principal and interest. Interest on the Bonds will be payable on each April 1 and October 1, commencing October 1, 1988.

The Bonds will be registered at the office of First Trust National Association as Trustee; the Trustee will also be the Registrar and Paying Agent. Bonds may be transferred and exchanged by surrender to the Trustee with a written authorization by the registered Owner thereof or the Owner's authorized attorney satisfactory to the Trustee, subject to such reasonable regulations as the Trustee may prescribe, and shall be without expense to the Owner, except as to any taxes or other governmental charges required to be paid. Bonds may be exchanged only for new Bonds of the same maturity which may be of any authorized denominations so long as the aggregate principal amount thereof equals the aggregate principal sum of the Bonds surrendered. Payment of principal will be at the corporate office of the Trustee and payment of interest shall be by check or draft of the Trustee mailed (or, pursuant to an agreement with the Trustee, by wire transfer) to the registered Owner at his address as shown on the registration books of the Authority.

Transfers shall not be made with respect to any Bonds called for redemption or during any period within fifteen days next prior to the required date for mailing or publication of notice of such redemption.

Interest on any Bond which is payable, and is punctually paid or duly provided for, on any interest payment date shall be paid to the person in whose name the Bond is registered at the close of business on the 15th day (whether or not a Business Day) of the calendar month next preceding such interest payment date (the "Regular Record Date"). Any interest on any Bond which is payable, but is not punctually paid or duly provided for, on any interest payment date shall forthwith cease to be payable to the registered Holder on the relevant Regular Record Date solely by virtue of such Holder having been such Holder; and such defaulted interest may be paid by the Trustee on a "Special Record Date," as follows:

- (a) Subject to the provisions of Article VII of the Indenture relating to application of money upon the occurrence of an Event of Default, upon receipt by the Trustee of any defaulted interest, the Trustee shall fix a Special Record Date for the payment of such defaulted interest which shall not be more than fifteen days nor less than ten days prior to the date of the payment set by the Trustee in its discretion, but not less than ten days after the receipt by the Trustee of such defaulted interest. The Trustee shall promptly notify the Authority of such Special Record Date and, in the name of the Authority, shall cause notice of the proposed payment of such defaulted interest and the Special Record Date therefor to be mailed first class postage prepaid, to each Holder at his address as it appears on the registration books on a date determined by the Trustee, but not less than ten days prior to such Special Record Date. The Trustee may, in its discretion in the name of the Authority, cause a similar notice to be published at least once in a financial journal, but such publication shall not be a condition precedent to the establishment of such Special Record Date. Notice of the proposed payment of such defaulted interest and the Special Record Date therefor having been mailed as aforesaid, such defaulted interest shall be paid to the registered Owners on such Special Record Date and shall no longer be payable pursuant to the following paragraph (b).

- (b) Subject to the provisions of Article VII of the Indenture, the Trustee may make payment of any defaulted interest on the Bonds in any other lawful manner, if after notice given to the Authority by the Trustee of the proposed payment pursuant to this paragraph (b), such payment shall be deemed practicable by the Trustee.

Subject to the foregoing provisions, each Bond delivered under the Indenture upon transfer of, or in exchange for, or in lieu of, any other Bond shall carry all the rights to interest accrued and unpaid, and to accrue, which were carried by such other Bond and each such Bond shall bear interest from such date that neither gain nor loss in interest shall result from such transfer, exchange or substitution.

### **Prior Redemption**

Bonds maturing on or after October 1, 1999 are subject to optional redemption, in whole or in part and if in part, in such order of maturity as the College shall direct, in integral multiples of \$5,000, on any interest date, commencing October 1, 1998, at par plus accrued interest.

The Bonds will also be subject to optional redemption at par and accrued interest, as a whole, but not in part, on any interest payment date, in certain cases of damage to or destruction or condemnation of the Project Facilities, and as a whole but not in part, upon a Determination of Taxability as provided in the Loan Agreement (see "SUMMARY OF DOCUMENTS - Loan Agreement").

### **Partial Redemption**

In the case of Bonds of denominations greater than \$5,000, if less than all of such Bonds then outstanding are to be called for redemption, then for all purposes in connection with redemption, each \$5,000 of principal amount shall be treated as though it was a separate Bond of the denomination of \$5,000 bearing the number borne by such fully registered Bond and a subnumber assigned by the Trustee. If it is determined that one or more, but not all of the \$5,000 units of principal amount represented by any such Bond is to be called for redemption, then upon notice of intention to redeem such \$5,000 unit or units, the Owner of such fully registered Bond shall forthwith surrender such Bond to the Trustee for (1) payment of the redemption price of the \$5,000 unit or units of principal amount called for redemption and (2) exchange for a new Bond or Bonds of the aggregate principal amount of the unredeemed balance of the principal amount of such Bond which shall be issued to the registered Owner thereof, without charge therefor. If the Owner of any such Bond of a denomination greater than \$5,000 shall fail to present such Bond to the Trustee for payment and exchange as aforesaid, such Bond shall nevertheless become due and payable on the date fixed for redemption to the extent of the \$5,000 unit or units of principal amount called for redemption (and to that extent only). Interest shall cease to accrue on the portion of the principal amount of such Bond represented by such \$5,000 unit or units of principal amount on and after the date fixed for redemption provided that funds sufficient for payment of the redemption price shall have been deposited with the Trustee and shall be available for the redemption of said \$5,000 unit or units on the date fixed for redemption, and in such event, such Bond shall not be entitled to the benefit or security of the Indenture or the Loan Agreement to the extent of the portion of its principal amount (and accrued interest to the date fixed for redemption and applicable premium, if any) represented by such \$5,000 unit or units of principal amount, nor shall new Bonds be thereafter issued corresponding to said unit or units.

### Notice of Redemption

Notice of any redemption shall be mailed to the registered Owners at their addresses shown on the registration books of the Authority and maintained by the Trustee not less than thirty days, and if more than 60 days, then again not less than 30 nor more than 60 days, before the date fixed for such payment. If moneys are available at the office of the Trustee to pay the redemption price on the date of redemption, any Bonds thus called shall not bear interest after the call date and, except for the purpose of payment by application of the funds so deposited, shall no longer be protected by the Indenture.

### **Determination of Taxability**

If a Determination of Taxability is made that the interest payable on the Bonds is subject to federal income taxes by reason of the application of the provisions of the Internal Revenue Code and regulations thereunder in effect on the date of issuance, the Bonds shall bear additional interest equal to two percent (2.00%) per annum above the basic rate from the date of taxability effective until the respective dates on which the principal of the Bonds is paid.

The College will have the option to prepay the Loan in full but not in part on any interest payment date after a Determination of Taxability at a price of par and accrued interest (including additional interest from the date of taxability).

### **USE OF BOND PROCEEDS**

Bond proceeds will be used approximately as follows:

|  |                     |
|--|---------------------|
| Project Costs                            | \$ 9,768,000        |
| Underwriters Discount and Issuance Costs | 222,000             |
| Debt Service Reserve                     | <u>1,110,000</u>    |
| Bond Issue                               | <u>\$11,100,000</u> |

Allocation of the proceeds among the projects described in "The Project," following, will be at the discretion of the College.

In the event issuance costs exceed \$222,000, such excess shall be paid by the College from other than Bond proceeds.

Accrued interest received at Bond Closing will be deposited into the Bond and Interest Sinking Fund Account and applied as a credit against the amount to be deposited in the Bond and Interest Sinking Fund on or before the next interest payment date. To the extent the purchase price exceeds the minimum price, the additional Bond proceeds will be deposited in the Construction Account and may be used for Project Costs.

### **THE PROJECT**

The Project consists of the following components:

1. The expansion and remodeling of Murray Hall, a student union facility;\*
2. Additions to and renovation of Brady Center, a classroom building;\*

3. Roof replacement and exterior repair to Grace and Cretin Residences, student housing facilities;\*
4. Renovation of the heating plant;\*
5. Acquisition and installation of computer hardware and software; and
5. Acquisition of parcels of real property adjacent to the campus in the City of St. Paul and situated within the blocks bounded by Summit, Cretin, Grand and Cleveland Avenues.

*\* With appurtenant equipment and site improvements.*

All Project construction and improvement has been substantially completed except the work for Murray Hall, which is being done under a design and build guaranteed maximum price contract. Project costs with respect to Grace and Cretin Residences may be paid or reimbursed to the College from the Construction Account only when those facilities are no longer used primarily for students of the School of Divinity, which is expected to occur January 1, 1990. Approximately \$500,000 has been spent or committed for purchase of adjacent real property out of approximately \$1,300,000 expected to be used for such purposes.

## SUMMARY OF SECURITY FOR THE BONDS

The Bonds are special obligations of the Authority payable solely from payments made by or on behalf of the College as required by the Loan Agreement or out of other amounts pledged therefor under the Indenture. Loan Repayments shall be a general obligation of the College, and shall be paid directly to the Trustee in such amounts and at such times as to assure that the Trustee has sufficient funds with which to pay the principal of and interest on the Bonds when due as well as to maintain a Reserve Account.

The College pledges its full faith and credit to the Loan Repayments and agrees to make such payments out of the general fund or any other moneys legally available to the College. The College covenants and agrees to charge tuition fees, other fees, rentals and charges which, together with the general funds or any other moneys legally available, will be sufficient at all times to make the Loan Repayments and other payment required under the Loan Agreement; to meet current operation and maintenance expenses of the Project Facilities; and to pay all other obligations of the College as they become due.

The Bonds are also secured by the Reserve Account, established in the amount of \$1,110,000 unless such amount exceeds the lesser of 10% of the proceeds of the Bonds (par less original issue discount according to the reoffering scale) or maximum annual principal of and interest on the Bonds, in which case the debt service reserve will be in the amount of such lesser sum (the "Reserve Requirement").

**The Bonds shall not be legal or moral obligations of the State of Minnesota nor constitute a debt for which the faith and credit of the Authority or the State of Minnesota, or the taxing powers of the State, are pledged. The Authority has no taxing powers.**

The Bonds will not be secured by the General Bond Reserve of the Authority (see "ACCOUNTS - General Bond Reserve Account").

## ACCOUNTS

### Summary

The Indenture will provide for the creation of certain trust accounts into which the proceeds from the sale of the Bonds and revenues received as Loan Repayments under the Loan Agreement are to be deposited. These accounts include a Construction Account, a Bond and Interest Sinking Fund Account, a Reserve Account, and a Redemption Account. The net proceeds of original issue and sale of the Bonds are to be deposited into the Construction Account, except that the amount of the Reserve Requirement (approximately \$1,110,000) will be deposited into the Reserve Account and accrued interest will be deposited in the Bond and Interest Sinking Fund Account. Following Bond Closing, amounts received by the Trustee from the College as Loan Repayments are to be deposited into the Bond and Interest Sinking Fund Account, and the Redemption Account and used, to the extent needed, to redeem or pay the principal of and interest on the Bonds, when due and to maintain a debt service reserve in the Reserve Account in the amount of the Reserve Requirement.

### Construction Account

There shall be deposited initially into the Construction Account the proceeds received from the sale of the Bonds (exclusive of accrued interest and the Reserve Requirement), which shall be approximately \$9,990,000, less the amount of underwriter's discount. In addition, the College will agree in the Loan Agreement to provide for payment of all Project Costs in excess of the proceeds of the Bonds available therefor and to pay out of available general funds all costs of issuance of the Bonds (including underwriting discount) in excess of 2.00% of the principal amount of the Bonds. Upon receipt of proper documentation, the Trustee will reimburse or pay for the account of the College costs incurred in connection with the Project, provided that Project costs incurred in connection with Grace and Cretin Residences shall not be paid or reimbursed to the College from the Construction Account until such facilities are no longer used primarily for students of the School of Divinity, which is expected to occur January 1, 1990. The Loan Agreement provides that the Project shall be completed by May 1, 1991 except that if the College fails to expend substantially all the sum of \$1,300,000 for the acquisition of Project Land (other than the Project Building Site) by May 1, 1991, the College may at its option extend such completion date for a period not to exceed one year for the purpose of acquiring additional parcels of the Project Land if the College shall certify that not less than 85% of the proceeds of the Bonds deposited in the Construction Account have been expended from the Construction Account in payment or reimbursement of Project Costs exclusive of costs of issuance of the Bonds, that the Institution expects to acquire or complete the acquisition of additional parcels of Project Land prior to May 1, 1992, that such parcels of Project Land are intended to be used as educational facilities or as sites for educational facilities and a "project" (as that term is used in the Act) and not for "private business use" (as that term is used in Section 141 of the Internal Revenue Code), and that all remaining moneys and investments in the Construction Account shall be invested or converted to cash and reinvested at a yield not to exceed the yield on the Bonds, provided that if the Institution shall furnish an opinion of counsel, who shall be nationally recognized bond counsel, that the investments of the Construction Account may be invested at a yield exceeding the yield on the Bonds without adversely affecting the tax exempt status of interest on the Bonds, the certificate of the Authorized Institution Representative may so state. When the Project has been completed, any balance in the Construction Account shall be deposited into the Bond and Interest Sinking Fund Account, the Reserve Account, or the Redemption Account, as more fully provided in the Indenture.

### **Bond and Interest Sinking Fund Account**

Initially there shall be deposited into the Bond and Interest Sinking Fund Account any amount of Bond proceeds representing accrued interest, which is to be used to pay interest on the Bonds. Deposits shall be made to the Bond and Interest Sinking Fund Account from earnings on other accounts established under the Indenture and from Loan Repayments made by the College. The moneys and investments in the Bond and Interest Sinking Fund Account will be irrevocably pledged to and shall be used by the Trustee, from time to time, to the extent required, for the payment of principal of and interest on the Bonds as and when such principal and interest shall become due and payable and for that purpose only.

### **Reserve Account**

There shall be initially deposited into the Reserve Account from Bond proceeds the amount of the Reserve Requirement irrevocably pledged to the payment of principal of and interest on the Bonds, as may be required from time to time. All amounts paid by the College as Loan Repayments not deposited or required to be deposited into the Bond and Interest Sinking Fund Account or Redemption Account will be deposited into the Reserve Account in order to maintain the Reserve Account in an amount not less than the Reserve Requirement, initially expected to be approximately \$1,110,000. In the event that a withdrawal of funds from the Reserve Account reduces the balance therein to a sum less than the Reserve Requirement, the College shall restore the deficiency from the next Loan Repayment. Investments in the Reserve Account are to be valued at the end of each Fiscal Year at par or (if purchased at a premium or discount) at amortized cost.

Interest and income of the Reserve Account shall be transferred to the Bond and Interest Sinking Fund Account if not necessary to maintain the balance in the Reserve Account as above provided, and when the moneys and investments in the Reserve Account shall be sufficient to pay the principal of and interest on all outstanding Bonds when due, such moneys and investments shall be transferred, as appropriate, into the Bond and Interest Sinking Fund Account, or the Redemption Account; provided that the Trustee is authorized, in its discretion, to use funds and investments in the Reserve Account to pay the amount of any rebate due the United States in respect of the Bonds under Section 148 of the Internal Revenue Code if the College shall have failed to pay or provide for the payment thereof under Section 6.09(f) of the Loan Agreement.

### **Redemption Account**

Any amounts received which are not otherwise committed will be paid into the Redemption Account. Funds in this Account will be available to maintain required balances in other accounts and to purchase or redeem Bonds. No specific amounts are required. Notwithstanding the foregoing, the Trustee, in its discretion, is authorized to use funds and investments in the Redemption Account to pay the amount of any rebate due the United States in respect of the Bonds under Section 148 of the Internal Revenue Code if the College shall have failed to pay or provide for the payment thereof under Section 6.09 of the Loan Agreement.

### **General Bond Reserve Account**

Pursuant to its General Bond Resolution adopted October 31, 1972, the Authority has established and maintains a General Bond Reserve Account. In general, the General

Bond Reserve Account secures certain Bonds of the Authority for which a deposit is made into the General Bond Reserve Account in compliance with the General Bond Resolution. In connection with the Bonds, the Authority will not require that the College deposit funds into the General Bond Reserve Account. **The Bonds will not be secured by the General Bond Reserve Account, and Bondholders will have no right to require the Authority to apply moneys or investments in the General Bond Reserve Account to the payment of the Bonds or interest thereon.**

#### **Authorized Investments**

Moneys on deposit to the credit of the Construction Account, Bond and Interest Sinking Fund Account, the Reserve Account, or the Redemption Account shall be invested by the Trustee only in Authorized Investments described in Section 5.04 of the Indenture. Obligations so purchased shall be deemed at all times to be a part of the respective fund or account, but may from time to time be sold or otherwise converted into cash, whereupon the proceeds derived from such sale or conversion shall be credited to such fund or account. The type, amount and maturity of any such investments shall conform to any instructions of the Authorized Institution Representative. Any interest and income accruing on and any profit realized from such investment shall be credited against Loan Repayments to be deposited by the College under the Loan Agreement. Any such interest or other investment income or profit not credited to Loan Repayments and deposits therefor under the Loan Agreement, and not needed to provide payments on the Bonds, shall be used as promptly as possible and in integral multiples of \$5,000 for the redemption of Bonds or the purchase of Bonds on the market, it being intended that interest, income and profit shall not be permitted to accumulate but shall be used to provide for the payment of principal of and interest on the Bonds or for the prior redemption or retirement of Bonds. Investment of funds shall be limited as to amount and yield of investment in such manner that no part of the outstanding Bonds shall be deemed "arbitrage bonds" under Section 148 of the Internal Revenue Code of 1986 and regulations thereunder.

### **THE AUTHORITY**

The Minnesota Higher Education Facilities Authority was created by Chapter 868, Laws of Minnesota, 1971 (Sections 136A.25 through 136A.42, Minnesota Statutes), for the purpose of assisting institutions of higher education within the State in the construction and financing of projects. The Authority consists of eight members appointed by the Governor with the advice and consent of the Senate. The Executive Director of the Minnesota Higher Education Coordinating Board, and the President of the Minnesota Private College Council, who is a non-voting member, are also members of the Authority.

Dr. Joseph E. LaBelle has been the Executive Director of the Authority since its inception.

The Authority is authorized and empowered to issue revenue bonds whose aggregate outstanding principal amount at any time shall not exceed \$150 million. The Authority has had 46 issues (including refunded and retired issues) totaling \$146,710,000 of which \$91,585,000 (excluding the Bonds) is outstanding as of March 2, 1988. Bonds issued by the Authority are payable only from the rentals, revenues and other income, charges and moneys pledged for their payment. The bonds of the Authority do not represent or constitute a debt or pledge of the faith or credit or moral obligation of the State of Minnesota.

Educational institutions eligible for assistance by the Authority are generally nonprofit educational institutions authorized to provide a program of education beyond the high school level. However, pursuant to special legislation, the Authority has once issued bonds upon behalf of a State owned and operated post-secondary institution. Sectarian institutions are not eligible for assistance; however, the fact that an institution is sponsored by a religious denomination does not of itself make the institution sectarian. Application to the Authority is voluntary.

The scope of projects for which the Authority may issue bonds is broad, including buildings or facilities for use as student housing, academic buildings, parking facilities and other structures or facilities required or useful for the instruction of students, or conducting of research, in the operation of an institution of higher education.

While the Authority retains broad powers to oversee planning and construction, it is current policy to permit the institution almost complete discretion with respect to these matters.

In Minnesota Higher Education Facilities Authority v Hawk, filed August 8, 1975, the Minnesota Supreme Court affirmed the constitutionality of the issuance of tax-exempt bonds by the Authority to refinance debts incurred by Minnesota private colleges in the construction of facilities used solely for nonsectarian education purposes. In the opinion of bond counsel, this decision also confirms the legality of bonds issued by the Authority to finance original construction, improvement, and remodeling projects.

The Authority is also authorized to issue revenue bonds for the purpose of refunding bonds of the Authority then outstanding, including payment of any redemption premium thereon and any interest accrued or to accrue to the earliest or any subsequent date of redemption.

The Authority is financed solely from fees paid by the participating institutions; it has no taxing power.

Bond issuance costs, including fees of bond counsel, the financial advisor and trustee, are paid by the participating institution.

## RATING

Moody's Investors Service, Inc. ("Moody's") has assigned an "A" rating to this Issue. This rating reflects only the opinion of Moody's. Any explanation of the significance of the rating may be obtained only from Moody's.

There is no assurance that the rating will continue for any given period of time, or that such rating will not be revised or withdrawn, if in the judgment of Moody's circumstances so warrant. A revision or withdrawal of the rating may have an adverse effect on the market price of the Bonds.

## LITIGATION

The Authority and the College are unaware of any pending or threatened litigation which would affect the validity of the Bonds or materially affect the ability of the College to pay the principal of or interest on the Bonds as the same become due.

## LEGALITY

The Bonds will be subject to the unqualified approving opinion as to validity and tax exemption by Faegre & Benson of Minneapolis, Minnesota as Bond Counsel. A legal opinion in substantially the form set out in Appendix II herein will be delivered at Bond Closing.

Certain legal matters will be passed upon for the College by Moore, Costello & Hart, Saint Paul, Minnesota.

## TAX EXEMPTION

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements that must be met subsequent to the issuance and delivery of the Bonds in order that interest on the Bonds be and remain excludable from gross income under Section 103 of the Code. These requirements include, but are not limited to, (1) a limitation of \$150,000,000 on the aggregate principal amount of "tax-exempt nonhospital bonds" (generally defined as bonds for other than acute care, in-patient hospital facilities) that is allocated to the College of St. Thomas or any 501(c)(3) organization under common management or control with the College as an owner or user of facilities financed with proceeds of such bonds, (2) provisions which prescribe yield and other limits relative to the investment of the proceeds of the Bonds and other amounts and (3) provisions which require that certain investment earnings be rebated periodically to the Federal government. Noncompliance with such requirements may cause interest on the Bonds to become includable in gross income for purposes of Federal and State of Minnesota income taxation retroactive to their date of original issue, irrespective in some cases of the date on which such noncompliance is ascertained.

The Loan Agreement and Indenture contain provisions (the "Tax Covenants") including covenants of the Authority and the College, pursuant to which, in the opinion of Bond Counsel, such requirements can be satisfied. Certificates will be furnished by officers of the Authority and the College to Bond Counsel at closing to the effect that, at the date of issuance of the Bonds, not more than \$150,000,000 of tax-exempt nonhospital bonds (including the Bonds) are outstanding allocable to the College of St. Thomas and 501(c)(3) organizations under common management or control. The Tax Covenants do not relate to all the continuing requirements referred to in the preceding paragraph. If a Determination of Taxability occurs, however, whether or not as a result of violation of any of the Tax Covenants, the outstanding Bonds are subject to optional redemption without premium, and the Bonds shall bear additional interest at a rate of two percent (2%) per annum from the date of taxability until the respective dates on which the principal of the Bonds is paid. (See "THE LOAN AGREEMENT- Determination of Taxability" in Appendix IV). A determination that interest on the Bonds is includable in the computation of the alternative minimum tax imposed on individuals under the Code is not a Determination of Taxability.

Interest on the Bonds is exempt from federal income taxes, including the alternative minimum tax imposed with respect to individuals and corporations and the environmental tax imposed with respect to corporations, except that (effective for taxable years beginning after 1986) interest on the Bonds will be included in the computation of "adjusted net book income" (or, for taxable years beginning after 1989, "adjusted current earnings"), which may be an item of tax preference includable in alternative minimum taxable income used in calculating the alternative minimum tax that may be imposed with respect to corporations.

The Code imposes an environmental tax with respect to corporations on the excess of a corporation's modified alternative minimum taxable income (determined as described above) over \$2 million. Regardless of whether a corporation is subject to the alternative minimum tax, the environmental tax applies with respect to taxable years beginning after December 31, 1986 and before January 1, 1992.

The Code imposes a 30% branch profits tax on the earnings and profits of a United States branch of certain foreign corporations attributable to its income effectively connected (or treated as effectively connected) with a United States trade or business. Included in the earnings and profits of a United States branch of a foreign corporation is income that would be effectively connected with a United States trade or business if such income were taxable, such as the interest on the Bonds. Existing United States income tax treaties may modify, reduce or eliminate the branch profits tax except in cases of "treaty shopping."

The Code further provides that interest on the Bonds is includable in the calculation of modified adjusted gross income in determining whether Social Security or railroad retirement payments are to be included in taxable income of individuals.

**Bondholders should consult their tax advisors with respect to the calculations of alternative minimum tax, environmental tax or foreign branch profits tax liability, or the inclusion of social security or other retirement payments in taxable income.**

Assuming compliance with the Tax Covenants and on the basis of the certifications to be furnished at Bond Closing, in the opinion of Faegre & Benson, Bond Counsel, under present laws and rulings: interest on the Bonds is exempt from Federal and Minnesota income tax purposes (other than Minnesota corporate and bank excise taxes measured by income). Interest on the Bonds is not treated as a preference item in calculating alternative minimum taxable income of individuals but is includable in "book income" or in "earnings and profits" for purposes of computing the alternative minimum tax and the environmental tax that may be imposed with respect to corporations. In addition, interest on the Bonds may be included in the income of a foreign corporation for purposes of the branch profits tax.

#### NOT QUALIFIED TAX-EXEMPT OBLIGATIONS

The Bonds will not be "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Internal Revenue Code of 1986 relating to the ability of financial institutions to deduct from income for federal income tax purposes, interest expense that is allocable to carrying and acquiring tax-exempt obligations.

#### CERTIFICATION

Officials of the Minnesota Higher Education Facilities Authority, and the College of St. Thomas for and on behalf of their respective entities only will, at Bond closing, furnish certificates to the effect that this Official Statement, as of its date, March 30, 1988, and the date of such certificate did not and does not contain any untrue statement of material fact or omit to state a material fact necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading.

## THE COLLEGE

The College of St. Thomas, a Minnesota not-for-profit corporation, was founded in 1885 by Archbishop John Ireland as St. Thomas Aquinas Seminary. The College became a four-year institution of higher education in 1908 and conferred its first baccalaureate degrees in 1910. The College currently offers a broad range of academic programs leading to undergraduate and graduate degrees. The College does not discriminate on the basis of race, creed, color, national origin, sex, age, or physical disability in the employment of faculty or staff, the admission or treatment of students, or in the operation of its educational programs and activities. As permitted by applicable statutes and regulations, the College reserves the right to consider sex as one factor in its undergraduate admissions policy in order to effect a desired balance in the proportionate representation of the sexes in the student body.

The main campus of the College is located in the west Summit Avenue area of Saint Paul, Minnesota, between the downtown districts of Saint Paul and Minneapolis. The College also has property in Owatonna, Minnesota which is used as a conference center, and recently acquired the former Peavey Company Technical Center and the Hazeltine Gates Building in Chaska, Minnesota. In January 1987, the College opened an educational center in the former Powers Department Store building in downtown Minneapolis.

The College is accredited by the North Central Association of Colleges and Schools and is registered with the Minnesota Higher Education Coordinating Board in accordance with Minnesota Statutes.

### Governance

The College is governed by a 40-member Board of Trustees (currently there are three vacancies). The Board elects its own members and each member serves a five-year term with no limit on the number of terms, except that one member is nominated by the College Alumni Association and elected by the Board of Trustees for a three-year term. Additionally, the Affiliation Agreement between the College and The Saint Paul Seminary requires that three members of the College's Board of Trustees be representatives from the Board of Trustees of the Seminary, one of which shall be the Rector of the Seminary. The remaining two are nominated by the Seminary and elected by the College's Board of Trustees. The present Board consists of 31 lay persons and six clergy. The President of the College, the Archbishop of Saint Paul and Minneapolis and the Vicar General of the Archdiocese of Saint Paul and Minneapolis are ex officio members of the Board of Trustees. The Archbishop and Vicar General are also the Chairman and Vice Chairman, respectively, by virtue of their positions.

Following is a list of the members of the Board of Trustees of the College and their business or professional affiliation, as of March 1, 1988:

| <u>Trustee</u>                             | <u>Principal Activity</u>  |

### Housing

Students may live either off campus or in one of the residence halls on campus. All students living on campus also must board on campus. As of fall 1987 the College had nine student residences with a capacity for 1,627. Approximately 36% of the undergraduate day student population for the academic year 1987/88 reside on campus.

## Tuition and Fees

The College meets the cost of educational programs primarily through tuition and fees. The following table lists the tuition charged full-time students in the College's major programs for the academic years beginning in the fall of 1983 through 1987.

|   | <u>1983</u> | <u>1984</u> | <u>1985</u> | <u>1986</u> | <u>1987</u> |
|---|-------------|-------------|-------------|-------------|-------------|
| Undergraduate (full-time) per academic year   | \$4,640     | \$5,360     | \$5,880     | \$6,352     | \$6,816     |
| Graduate education and religious education per credit   | 125         | 140         | 155         | 170         | 180         |
| Graduate School of Business, Business Communications, Engineering and Computer Science per credit | 145         | 167.5       | 185         | 200         | 212         |

The Board of Trustees reserves the right to revise charges from time to time. Although the Board of Trustees anticipates that it will be able to raise current tuition and fees without adversely affecting future enrollment, there can be no assurance that it will be able to do so. Future economic and other conditions may affect the ability to increase tuition and fees while sustaining current levels of enrollment.

The following table lists total revenue derived from tuition and fees for the fiscal years ended June 30, 1983 through 1987.

## Financial Aid

About 60% of the College's students currently receive some form of financial aid. Some of the federal and State financial aid programs apply to tuition and fees, whereas others provide aid for living expenses such as transportation, housing (on or off campus) and personal expenses.

The following table sets forth a five year summary of financial aid information for the College. It shows the growth in the number of students receiving financial aid in all forms and the changes that have occurred in each type of program.

(a) Total number of students receiving at least one type of financial aid (unduplicated count).

(b) Federal.

(c) Includes federal, State and College work-study funds.

There can be no assurance that federal or State programs of financial assistance to post-secondary institutions or students will continue or be funded at present levels.

Awards of financial aid, excluding competitive scholarships, are granted on the basis of need up to the maximum allowed by the various programs and can be substituted for each other in the establishment of a student's financial aid package. No assurance can be given that federal and State student financial aid will continue to be funded at current levels. If such student aid is curtailed, it may cause the enrollment of the College to decrease, which, in turn, may have an adverse effect on the College's revenues.

## **Pensions**

Retirement benefits are provided for the academic staff and some administrators through Teachers Insurance and Annuity Association (TIAA), a national organization used to fund pension benefits for educational institutions. Under this arrangement, the College and plan participants make annual contributions to TIAA to purchase individual annuities equivalent to retirement benefits earned. The cost of these benefits to the College was \$614,841 and \$527,162, for 1987 and 1986, respectively.

Retirement benefits are provided for the nonacademic staff under a trustee retirement plan administered by the Archdiocese of Saint Paul and Minneapolis.

Contributions are made solely by the College quarterly. Contributions, at a minimum, are to fund normal costs of benefits to be paid, actuarially computed. Contributions charged to Current Unrestricted Fund expenditures amounted to \$203,547 and \$172,056, for 1987 and 1986, respectively.

Retirement benefits are also provided for employees of the Catholic Publishing Center under a trustee retirement plan administered by an insurance company. Contributions are made solely by the Catholic Publishing Center on an annual basis. Contributions to the plan in 1987 and 1986 were \$23,759 and \$32,553, respectively.

## **Unions**

The International Brotherhood of Teamsters Local 120 represents 54 employees who are on the custodial or groundskeeping staff of the College. The College signed a two-year agreement with the Teamsters Local 120, which runs July 1, 1987 through June 30, 1989. The International Union of Operating Engineers Local 70 AFL-CIO, which represents six maintenance engineers and one maintenance assistant, signed a three-year agreement with the College, which runs September 1, 1987 through August 31, 1990. In addition, the International Brotherhood of Electrical Workers Local Union 110, AFL-CIO represents two electricians at the College, and the College honors the Construction and Maintenance Agreement negotiated between the St. Paul Chapter, National Electrical Contractors Association which runs May 4, 1985 through April 30, 1988.

## **Financial Records**

The College maintains its financial records on the basis of a fiscal year ended June 30. The College uses a fund accounting system and the financial statements of the College are prepared on the accrual basis except for depreciation accounting as explained in the notes to the College's financial statements. Appendix V sets forth the comprehensive financial statements of the College for the year ended June 30, 1987, which statements have been examined by Boulay, Heutmacker, Zibell & Co., certified public accountants. Supplemental schedules to the financial statements are available upon request.

## **Statement of Revenue, Expenditures and Transfers**

In the event of a Determination of Taxability (as defined in the Loan Agreement and Trust Indenture referred to below), the Bonds will bear additional interest at the rate of 2.00% per annum from the Date of Taxability (as defined). Interest is payable by check or draft mailed or sent by wire transfer to the registered owner, and principal is payable at the office of First Trust National Association, St. Paul, Minnesota, as Trustee (the "Trustee"). The Bonds are issued for the purpose of funding a loan from the Authority to the College of St. Thomas, a Minnesota nonprofit corporation and nonprofit institution of higher education located in the City of St. Paul, Minnesota (the "College"), in order to finance the costs of a project generally described as the acquisition and improvement of land, buildings and equipment (as further described in the Loan Agreement and Indenture, the "Project"). We have examined executed counterparts of the Loan Agreement between the Authority and the College and the Trust Indenture between the Authority and the Trustee, both dated as of April 1, 1988, opinions of Moore, Costello & Hart, as counsel to the College, the form of the Bonds prepared for execution, and such other documents as we deemed necessary for the purpose of the following opinion.

As to questions of fact material to our opinion, we have relied upon certified proceedings, documents and certifications furnished to us by public officials and officials of the College without undertaking to verify such facts by independent investigation. We have also relied upon the opinion of Moore, Costello & Hart as to the Loan Agreement having been duly authorized and executed and being binding upon the College, as to the corporate organization, good standing and powers of the College, and as to title to the Project Building Site (as defined in the Loan Agreement and Trust Indenture), without examining the records of the College or original title records or abstracts of title.

We have not been engaged or undertaken to verify the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds (except to the extent, if any, stated in the Official Statement), and we express no opinion relating thereto (except only matters set forth as our opinion in the Official Statement).

Based on our examination, we are of the opinion, as of the date hereof, as follows:

1. The Authority is an agency of the State of Minnesota with authority under Sections 136A.25 to 136A.42, Minnesota Statutes, to issue the Bonds, to loan the proceeds thereof to the College and to execute and deliver the Loan Agreement and the Indenture to secure the Bonds.

2. The Loan Agreement and the Indenture are valid and binding instruments of the parties thereto, enforceable in accordance with their terms.

3. The Bonds are secured by the assignment of the loan repayments payable by the College under the Loan Agreement to the Trustee in amounts and at times sufficient (if timely paid in full) to pay the principal of and interest on the Bonds when due, and the pledge of the funds and investments held by the Trustee under the Indenture.

4. Assuming compliance with the covenants in the Loan Agreement and Indenture, the interest on the Bonds is exempt from gross income for purposes of Federal income taxation and is exempt from Minnesota income taxation (other than Minnesota corporate franchise and bank excise taxes measured by income) under present laws and rulings. The Bonds are "private activity bonds" within the meaning of Section 141(a) and "qualified 501(c)(3) bonds" within the meaning of Section 145 of the Internal Revenue Code of 1986 (the "Code"). Interest on the Bonds is not an item of tax preference required to be included in the computation of "alternative minimum taxable income" for purposes of the federal alternative minimum tax applicable to individuals under Section 55 of the Code, but is includable in "book income" or in "earnings and profits" for the purpose of determining the "alternative minimum taxable income" of corporations for taxable years beginning after December 31, 1986. The alternative minimum taxable income is also used to determine the environmental tax imposed by Section 59A of the Code. In addition, interest on the Bonds may be included in the income of a foreign corporation for purposes of the branch profits tax imposed by Section 884 of the Code. Deductions for "losses

incurred" by property and casualty insurance companies must be reduced by 15% of the interest received or accrued on the Bonds, and ownership of the Bonds will result in disallowance of a deduction for a portion of the interest expense of a "financial institution" under Section 265(b) of the Code. The Bonds are not arbitrage bonds within the meaning of Section 148 of the Code.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Indenture and the Loan Agreement may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in accordance with general principles of law.

## SUMMARY OF DOCUMENTS

### THE LOAN AGREEMENT

The following is a summary of certain provisions of the Loan Agreement. This summary does not purport to be complete and reference is made to the full text of the Loan Agreement for a complete recital of its terms. Certain words and terms used in this summary are defined in "DEFINITIONS OF CERTAIN TERMS," Appendix III, contained herein.

#### Construction of Project

The College represents that the acquisition, construction and improvement of the Project are to be substantially completed by no later than May 1, 1991, subject only to (i) "force majeure," as provided in the Loan Agreement, or (ii) extension of such completion date pursuant to Section 3.01 of the Loan Agreement, as more fully described in this Official Statement under "Extension of Completion Date." The College agrees that it has previously paid or will itself pay all costs relating to the acquisition, construction, improving and equipping of the Project, including costs of issuance of the Bonds, to the extent such payments and costs are not met from proceeds of the Bonds in the Construction Account.

#### Extension of Completion Date

If the College fails to expend substantially all the sum of \$1,300,000 for the acquisition of Project Land (other than the Project Building Site) by May 1, 1991, the College may at its option extend the Completion Date for a period not to exceed one year for the purpose of acquiring additional parcels of the Project Land if an Authorized Institution Representative shall furnish a Certificate to the Trustee and the Authority stating in substance that the College desires to extend the Completion Date, that not less than 85% of the proceeds of the Bonds deposited in the Construction Account have been expended from the Construction Account in payment or reimbursement of Project Costs exclusive of costs of issuance of the Bonds, that the College expects to acquire or complete the acquisition of additional parcels of Project Land prior to May 1, 1992, that such parcels of Project Land are intended to be used as educational facilities or as sites for educational facilities and a "project" (as that term is used in the Act) and not for "private business use" (as the term is used in Section 141 of the Internal Revenue Code), and that all remaining moneys and investments in the Construction Account shall be invested or converted to cash and reinvested at a yield not to exceed the yield on the Bonds, provided that if the College shall furnish an Opinion of Counsel, who shall be nationally recognized bond counsel, that the investments of the Construction Account may be invested at a yield exceeding the yield on the Bonds without adversely affecting the tax exempt status of interest on the Bonds, the Certificate of the Authorized Institution Representative may so state.

#### Loan Repayments

Under the Loan Agreement, the College agrees to make Loan Repayments in amounts and at times sufficient to provide for payment in full of all principal of and interest on the Bonds when due. To provide for such payments the College covenants to pay for the account of the Authority in immediately available funds the following amounts:

- (a) At least 10 business days prior to each April 1 and October 1, commencing October 1, 1988, into the Bond and Interest Sinking Fund Account a sum which will be equal to the amount payable as interest on the Series Two-O Bonds on the next succeeding interest payment date, and at least 10 business days prior to each October 1, commencing on October 1, 1989, a sum equal to the amount payable as principal of the Series Two-O Bonds on the next succeeding principal payment date, provided however, that there shall be credited against such obligations (i) the net amount of funds and investments then on deposit to the credit of the Bond and Interest Sinking Fund Account, and (ii) any credits permitted by Sections 5.02, 5.03 or 5.04 of the Indenture (relating to the transfer to the Bond and Interest Sinking Fund Account of certain investment earnings); and
- (b) Prior to a date established for the optional redemption and payment of the Series Two-O Bonds, into the Redemption Account such amount, if any, as shall be necessary and sufficient to provide for the redemption of any Series Two-O Bonds called for redemption from the Redemption Account; and
- (c) Forthwith into the Bond and Interest Sinking Fund Account or Redemption Account, as appropriate, the amount of any deficiency in the event that the funds on deposit in the Bond and Interest Sinking Fund Account or Redemption Account on any Bond principal or interest payment date are for any reason insufficient to pay principal, premium (if any) and interest on the Series Two-O Bonds then due or then to become due (whether at maturity, or by call for redemption, or by acceleration of maturity); and
- (d) Into the Reserve Account forthwith the amount of any deficiency from the Reserve Requirement then required to be deposited therein by Section 5.02 of the Indenture; and
- (e) Into any fund or account designated by the Trustee, funds in the amount determined by the Trustee to be necessary to comply with the provisions of Section 6.09(f) of the Loan Agreement and Section 5.05 of the Indenture relating to the rebate of excess arbitrage earnings to the United States;

subject to the amounts of any credits allowable under Sections 5.02, 5.03, or 5.04 of the Indenture.

There is reserved to the College the right to prepay all or part of the Loan and to redeem Bonds prior to their maturity in certain events as described in this Official Statement under "THE BONDS."

As additional payments the College agrees to pay the annual fee of the Authority, fees and expenses of the Trustee and certain other expenses.

### **Use of Project Facilities**

The College agrees to use the Project Facilities (other than Grace and Cretin Residences prior to the time Project Costs with respect thereto may be paid from the Construction Account pursuant to the Indenture) as educational facilities, in compliance with law and ordinance requirements, and not as facilities for sectarian instruction or religious worship, nor primarily in connection with a program of a school or department of divinity for any religious denomination. The College agrees not to permit use of the Project Facilities in such manner or to such an extent as would result in loss of the tax-exemption of interest on the Bonds under the Internal Revenue Code or loss of its status as an exempt organization under Section 501(c)(3) of the Code.

## **Maintenance of Project Facilities**

The College agrees that, so long as there are Bonds outstanding, the College will keep the Project Facilities in good repair and good operating condition at its own cost, making such repairs and replacements as are necessary so that the Project will remain a "project" under the Act and interest on the Bonds will be exempt from federal income taxation; provided that the College shall have the right to demolish and remove (i) any improvements to Project Land (other than the Project Building Site) and (ii) any Project Building with the consent of the Authority evidenced by a Certified Resolution accompanied by an Opinion of Counsel, who shall be nationally recognized bond counsel acceptable to the Authority, to the effect that demolition and removal of the Project Building does not violate the Act, the Loan Agreement or the Indenture and does not affect the tax exempt status of interest on the Bonds. The College may lease or sublease or enter into agreements in the ordinary course of business for the use of the Project Facilities, so long as (i) the tax-exempt status of the Bonds will not be affected thereby, (ii) such lease, sublease or use agreement shall not be inconsistent with the Loan Agreement, the Indenture, or the Act, and (iii) the Institution shall remain fully obligated under the Loan Agreement.

## **Title to Property and Liens**

Except for Permitted Encumbrances, the College will not permit any liens to be established or to remain against the Project Facilities, including any mechanics liens for labor or materials furnished in connection with any remodeling, additions, modifications, improvements, repairs, renewals or replacements, provided the College may in good faith contest any liens filed or established against the Project Facilities and may permit the items so contested to remain undischarged and unsatisfied during the period of such contest unless the Authority or Trustee shall notify the College that, in the opinion of independent counsel, by nonpayment of any such items the Project Facilities will be subject to loss or forfeiture, in which event the College shall promptly pay all such items.

## **Taxes and Other Governmental Charges**

The College will pay all taxes, special assessments, license fees and governmental charges of any kind that may at any time be lawfully assessed or levied against, or with respect to the operations of the College, or the Project Facilities, or any improvements, equipment or related property installed or bought by the College therein or thereon, or the Bonds, the Loan Agreement, the Indenture, or the interest of the Authority, the Trustee, or the Bondholders therein.

The College may, at its expense, in good faith contest any such taxes, assessments, license fees and other charges and may permit the taxes, assessments, license fees or other charges so contested to remain unpaid during the period of such contest unless the Authority or the Trustee shall notify the College that, in the opinion of independent counsel, by nonpayment of any such items the Project Facilities or any part thereof, or the revenue therefrom, will be subject to loss or forfeiture, in which event such items shall be paid promptly.

## **Insurance**

The College is required to maintain, or cause to be maintained, insurance as follows:

- (a) Insurance against loss and/or damage to the Project Buildings and contents, including fire and extended coverage in an amount not less than

80% of the full insurable replacement value of the Project Buildings and contents.

- (b) Comprehensive general public liability insurance against liability for personal injury in the minimum amount for each occurrence of \$5,000,000 and aggregate for each year of \$5,000,000, and against liability for property damage in the minimum amount for each occurrence of \$100,000.
- (c) Workers' compensation insurance in such amount as is customarily carried by organizations in like activities of comparable size and liability exposure to the College.

The College is required to furnish to the Trustee policies or certificates or binders evidencing the required insurance. Each required policy shall contain a provision that the insurer will not cancel or modify the policy without giving written notice to the Board and the Trustee at least thirty days before the cancellation or modification becomes effective.

### **Damage or Destruction**

If the Project Buildings and contents shall be damaged or partially or totally destroyed there shall be no abatement in the Loan Repayments, and the College shall either repair, rebuild or restore the damaged facilities, or redeem and prepay all outstanding Bonds, as more fully provided in the Loan Agreement.

### **Condemnation**

If at any time before the Bonds have been fully paid (or provision for payment thereof has been made in accordance with the Indenture), title to a Project Building and site thereof or other Project Land shall be taken in any proceeding involving the exercise of the right of eminent domain, the College shall either redeem all outstanding Bonds or rebuild or restore such facilities, as more fully provided in the Loan Agreement.

### **Indemnification**

The College agrees to hold the Authority, its members and employees, harmless against any claim, cause of action, suit or liability for any loss or damage to property or any injury to or death of any person that may be occasioned by any cause whatsoever pertaining to the Project Facilities and the use thereof, including that caused by any negligence of the Authority or anyone acting in its behalf, provided that the indemnity shall be effective only to the extent of any loss that may be sustained by the Authority in excess of the net proceeds received by the Authority from any insurance carried with respect to the loss sustained.

The College agrees to indemnify and hold harmless the Authority against any and all losses, claims, damages or liability to which the Authority may become subject under law, and to reimburse the Authority for any out-of-pocket legal and other expenses (including reasonable counsel fees) incurred by the Authority in connection with investigating any such losses, claims, damages, or liabilities or in connection with defending any actions, insofar as the same relate to information furnished to the Authority by the College in connection with the sale of the Bonds.

### **Institution to Maintain its Existence and Accreditation**

The College agrees that during the term of the Loan Agreement it will maintain its existence as a nonprofit corporation and a nonprofit institution of higher education

under the laws of Minnesota and its accreditation as an institution of higher education by recognized accrediting agencies and that it will not consolidate with or merge into another corporation, or permit one or more other corporations to consolidate with or merge into it, or transfer all or substantially all of its assets to another institution except upon the following conditions: (i) if the surviving, resulting or transferee corporation, as the case may be, is other than the College, such surviving, resulting or transferee corporation shall assume in writing all of the obligations of the College in the Loan Agreement, and shall be either a state university or college or a nonprofit corporation and a nonprofit institution of higher education under the laws of Minnesota, eligible to be a participating nonprofit institution under the Act, and complies and will comply with the provisions of the Loan Agreement against discrimination and requiring that the institution be nonsectarian; and (ii) the College shall furnish to the Trustee an opinion of bond counsel that such consolidation, merger or transfer shall have no effect upon the tax-exempt nature of the interest on the Bonds under the Internal Revenue Code and regulations thereunder.

In no event will the College consolidate with or merge into another corporation or sell or otherwise transfer to another institution all or substantially all of its assets as an entirety and thereafter dissolve if the effect of any such transaction would be to cause the sum of the principal amount of the Bonds, plus the respective outstanding aggregate principal amounts of all tax-exempt bonds issued by or on behalf of the College or such other resulting entity, and all organizations under common management or control with the College or such resulting entity (other than qualified hospital bonds), within the meaning of Section 145 of the Internal Revenue Code, to exceed \$150,000,000.

### **College To Be Nonsectarian**

Except with respect to the School of Divinity, the College agrees that it will continue to be nonsectarian; will not require or forbid attendance by students or any other persons at religious worship or acceptance of any religious creed; and will not promulgate the distinctive doctrines, creeds or tenets of any particular religious sect.

### **Federal Income Tax Status**

The College represents that it presently is and agrees that it shall take all appropriate measures to assure that it remains an organization described in Section 501 (c) (3) of the Internal Revenue Code, exempt from income taxes under Section 501 (a) of such Code.

### **Determination of Taxability**

In the event a Determination of Taxability is made that interest payable on the Bonds is includible in gross income for purposes of federal income taxation under the provisions of the Internal Revenue Code and regulations thereunder as in effect at the date of issuance of the Bonds, the Bonds shall bear additional interest at the rate of two percent (2.00%) per annum from the Date of Taxability until the respective dates on which the principal of the Bonds is paid. In addition, in the event of such Determination of Taxability, the Bonds shall be subject to optional redemption, as a whole and not in part, on the next practicable interest payment date and any interest payment date thereafter and the redemption price therefor shall be equal to par plus accrued interest.

A "Determination of Taxability," as described above, means a Notice of Deficiency or a ruling from the National Office or any District Office of the Internal Revenue Service

or a final decision of a court of competent jurisdiction to the effect that interest on the Bonds is includible in the gross income of the recipient under Section 103 of the Internal Revenue Code, related sections and regulations thereunder, as in effect on the date of issuance of the Bonds. A determination that interest on the Bonds is includible in the computation of an alternative minimum tax is not a Determination of Taxability. "Date of Taxability" shall mean that date as of which the interest on the Bonds shall be so determined to be includible in the gross income of the Owners thereof.

### **Other Covenants**

The College agrees to provide financial statements and other information to the Authority and the Trustee; to comply with all applicable laws and regulations against discrimination, and not to discriminate on account of religion, race, color or creed in the use of the Project Facilities; to provide and file such financing statements and other instruments of further assurance as the Trustee may request; to perform all obligations imposed by the Internal Revenue Code and regulations thereunder so that the Bonds will not be deemed "arbitrage bonds", including but not limited to making all required rebate payments to the United States required by the Code and regulations; and to observe all applicable State laws and regulations, including those of the Authority and the Minnesota Higher Education Coordinating Board, subject to the right of contest.

### **Events of Default**

Following are Events of Default under Section 7.01 of the Loan Agreement:

- (a) If (i) the College shall fail to make any Loan Repayment when due and either (ii) the moneys on deposit in the Bond and Interest Sinking Fund Account, Reserve Account, or Redemption Account, as the case may be, on a Bond principal or interest payment date are insufficient to pay when due principal, premium, if any, and interest on the Bonds, or (iii) such failure shall continue for 5 Business Days after notice from the Trustee or the Authority to the College that such payment has not been made; or
- (b) If the College shall fail to comply with the provisions of 6.09(f) of the Loan Agreement (relating to arbitrage calculation and rebate requirements); or
- (c) If the College shall fail to observe and perform for reasons other than force majeure any other covenant, condition or agreement on its part under this Loan Agreement for a period of thirty (30) days after written notice, specifying such default and requesting that it be remedied, is given to the College by the Authority or the Trustee; or
- (d) If the College files a petition in voluntary bankruptcy, or for the composition of its affairs or for its corporate reorganization under any state or Federal bankruptcy or insolvency law, or makes an assignment for the benefit of creditors, or consents in writing to the appointment of a trustee or receiver for itself or for the whole or any substantial part of the property of the College; or
- (e) If a court of competent jurisdiction shall enter an order, judgment or decree against the College in any insolvency, bankruptcy, or reorganization proceeding, or appointing a trustee or receiver of the College or of the whole or any substantial part of the property of the College, and such order, judgment or decree shall not be vacated or set aside or stayed within sixty days from the date of the entry thereof; or

- (f) If, under the provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction shall assume custody or control of the College or of the whole or any substantial part of its property, and such custody or control shall not be terminated within sixty days from the date of assumption of such custody or control.

The term "force majeure" as used above includes the following: acts of God; strikes, lockouts or other employee disturbances; acts of public enemies; orders, regulations or laws of any kind of the government of the United States of America or of the State of Minnesota or any of their departments, agencies, political subdivisions or officials, or any civil or military authority; insurrections; riots; epidemics; landslides; lightning; earthquakes; fires; hurricanes; tornadoes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accident to machinery, transmission pipes or canals; partial or entire failure of utilities; or any other cause or event not reasonably within the control of the College. The provisions of paragraph (c) above, are subject to the further limitation that if the Default can be remedied but not within a period of thirty days after notice and if the College has taken all action reasonably possible to remedy such default within such thirty-day period, the default shall not become an Event of Default for so long as the College shall diligently proceed to remedy such default and in accordance with any directions or limitations of time made by the Trustee. The College agrees, however, to use its best efforts to remedy with all reasonable dispatch any cause or causes preventing the College from carrying out its agreements.

### **Remedies on Default**

Whenever any Event of Default shall have happened, the Loan Agreement provides that any one or more of the following steps may be taken:

- (a) The Trustee may declare all or any amount of Loan Repayments thereafter to become due and payable for the remainder of the term of the Loan Agreement to be immediately due and payable, whereupon the same (other than the portion thereof representing interest on the Bonds not yet accrued) shall become immediately due and payable.
- (b) The Trustee (or the Authority with respect to certain sections of the Loan Agreement) may take whatever action at law or in equity which may appear necessary or desirable to collect the payments then due and thereafter to become due (as they become due) or to enforce performance and observance of any obligation, agreement or covenant of the College under the Loan Agreement.
- (c) The Trustee may take whatever action in law or equity which appears necessary or desirable to enforce the security provided by or enforce any provision of the Loan Agreement or the Indenture in accordance with the provisions thereof.

### **Amendments**

Except as otherwise provided in the Loan Agreement or in the Indenture, subsequent to issuance of the Bonds and so long as any Bonds are outstanding, the Loan Agreement may not be amended without the prior written consent of the Trustee.

## THE INDENTURE

The following constitutes a summary of certain provisions of the Trust Indenture (the "Indenture"). This summary does not purport to be complete and reference is made to the full text of the Indenture for a complete recital of its terms. Certain words and terms used in this summary are defined in "DEFINITIONS OF CERTAIN TERMS," Appendix III, contained herein.

### Granting Clauses

Pursuant to the Indenture, the Authority grants to the Trustee, as security for the Holders of the Bonds, the following:

- (1) all right, title and interest of the Authority under the Loan Agreement and all Loan Repayments and other sums to become due under the Loan Agreement, except the Authority's annual fee and rights to indemnity and reimbursement;
- (2) a first lien on and pledge of (i) the moneys and investments in the Accounts covenanted to be paid and maintained under the Indenture, (ii) moneys and investments in the Construction Account not paid out for Project Costs, and (iii) all accounts, contract rights, general intangibles, moneys and instruments arising therefrom or relating thereto and all proceeds and products of and accessions to any thereof; and
- (3) any and all other property of every name and nature from time to time conveyed, mortgaged, assigned or transferred, or in which a security interest is granted, by the Authority or the College or by anyone in behalf of them or with their written consent, to the Trustee.

### Accounts

Bond proceeds and revenues derived under the Loan Agreement or the Indenture shall be deposited into accounts held by the Trustee as described in "ACCOUNTS," contained in the body of this Official Statement.

### Payments from Construction Account

Before any payments may be made from the Construction Account for certain Project Costs incurred or to be incurred with respect to the Grace and Cretin Residences, an Authorized Institution Representative shall certify to the Trustee and the Authority that the School of Divinity no longer has primary use of such facilities or, alternatively, bond counsel to the Authority shall furnish an Opinion of Counsel to the Trustee and the Authority that expenditure of proceeds of the Bonds on such facilities would not violate the Act or the First Amendment to the United States Constitution.

Before certain payments may be made from the Construction Account for acquisition of interest in Project Land other than the Project Building Site, the College shall furnish (i) a title Opinion of Counsel satisfactory to the Trustee and the Authority to the effect that the College has or upon payment of the balance of the purchase price from the Construction Account will acquire good and marketable title to the parcel of Project Land subject only to Permitted Encumbrances, provided that such title may also be subject to the rights of persons in possession pursuant to a lease which will terminate

(without right of renewal) no more than one year from the date thereof and may be subject to the lien of a purchase money mortgage (including any mortgage assumed by the College) for an amount not greater than 75% of the purchase price, payable in substantially equal installments of principal and interest which in any Fiscal Year will not exceed (except as an optional prepayment) 10% of the purchase price and (ii) a certificate of an Authorized Institution Representative, addressed to the Trustee and the Authority, to the effect that such parcel of Project Land is not occupied primarily for or by students or faculty of the School of Divinity and is being acquired by the College as educational facilities or as a site for educational facilities and a "project" (as such term is used in the Act) and not for "private business use" (as such term is used in Section 141 of the Internal Revenue Code), provided that the College shall be permitted to use such parcel of Project Land for or by students and faculty of the School of Divinity or temporarily for a private business use (as the case may be) if the College shall furnish to the Trustee and the Authority an Opinion of Counsel, who shall be nationally recognized bond counsel acceptable to the Authority, that such use for or by students or faculty of the School of Divinity or temporary private business use will not violate the Act or the First Amendment to the United States Constitution or affect the tax exempt status of the Bonds.

### **Trustee's Right to Payment**

The Trustee shall have a lien, with right of payment prior to payment of interest on or principal of the Bonds for reasonable compensation, expenses, advances and counsel fees incurred in and about the execution of the trusts created by the Indenture and exercise and performance of the powers and duties of the Trustee under the Indenture, and the cost and expenses incurred in defending against any liability in the premises of any character whatsoever (unless such liability is adjudicated to have resulted from the negligence or willful default of the Trustee).

### **Covenants of the Authority**

Under the Indenture the Authority covenants, among other things, to perform its various undertakings and agreements; not to extend the maturity of any of the Bonds or the time of payment of any claims for interest; to take such action or cause and permit the Trustee to take such action as may be necessary and advisable to enforce the covenants, terms and conditions of the Loan Agreement, if such action shall, in the discretion of the Trustee, be deemed to be in the best interests of the Authority or the Bondholders; to keep proper books, accounts and records; and not to issue or permit to be issued any Bonds under the Indenture in any manner other than in accordance with the provisions of the Indenture and not to suffer or permit any default to occur under the Indenture. Under the Act, and it is expressly agreed that, the Authority has no obligation to make any advance or payment or incur any expense or liability from its general funds for performing any of the conditions, covenants or requirements of the Indenture or from any funds other than Loan Repayments or Bond proceeds.

### **Events of Default**

The following are Events of Default under the Indenture:

- (a) If payment of the principal of any of the Bonds, when the same shall become due and payable (whether at maturity or by proceedings for redemption or by declaration of acceleration or otherwise), shall not be made; or
- (b) If payment of any interest on the Bonds when the same shall become due and payable (in which case interest shall be payable to the extent permitted by law

on any overdue installments of interest, in each case at the interest rate borne by the Bonds in respect of which such interest is overdue) shall not be made; or

- (c) If the Authority shall default in the due and punctual performance of any of the covenants, conditions, agreements and provisions contained in the Bonds or in the Indenture, or in any supplemental indenture on the part of the Authority to be performed, and such default shall have continued for a period of sixty days after written notice, specifying such default and requiring the same to be remedied, shall have been given to the Authority and to the College (giving the College the privilege of curing such default in the name of the Authority, if permitted by law) by the Trustee, which may give such notice in its discretion and shall give such notice upon written request of the Holders of not less than a majority in principal amount of the Bonds then outstanding; or
- (d) If any "event of default" on the part of the College, as that term is defined in the Loan Agreement shall occur and be continuing.

### **Remedies**

Upon the occurrence of an Event of Default, the Trustee may, and upon written request of the Holders of a majority in aggregate principal amount of Bonds outstanding shall, by notice in writing delivered to the Authority, declare the principal of all Bonds then outstanding and the interest accrued thereon immediately due and payable, and such principal and interest shall thereupon become and be immediately due and payable subject, however, to the right of the Holders of a majority in aggregate principal amount of Bonds then outstanding, by written notice to the Authority and to the Trustee, to annul such declaration and destroy its effect at any time if all covenants with respect to which default shall have been made shall be fully performed or made good, and all arrears of interest upon all Bonds outstanding and the reasonable expenses and charges of the Trustee, its agents and attorneys, and all other indebtedness secured by the Indenture (except the principal of any Bonds which have not then attained their stated maturity and interest accrued on such Bonds since the last interest payment date) shall be paid, or the amount thereof shall be paid to the Trustee for the benefit of those entitled thereto.

In the case of the breach of any of the covenants or conditions of the Loan Agreement or the Indenture, the Trustee, anything therein contained to the contrary notwithstanding and without any request from any Bondholder (subject, however to its rights to indemnity and notice provided in the Indenture) shall be obligated to take such action or actions for the enforcement of its rights and the rights of the Bondholders and the rights of the Authority under the Loan Agreement as due diligence, prudence and care would require and to pursue the same with like diligence, prudence and care.

Upon the happening and continuance of an Event of Default, the Trustee may, and shall upon the written request of the Holders of not less than a majority in aggregate principal amount of outstanding Bonds, proceed forthwith by suit or suits at law or in equity or by any other appropriate remedy to enforce payment of the Bonds and to enforce application to payment of the Bonds of the funds, revenues and income appropriated thereto by the Indenture and by the Bonds, and to enforce any such other appropriate legal or equitable remedy as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce any of its rights or any of the rights of the Bondholders. Notwithstanding the foregoing, the Trustee need not proceed upon any such written request of the Bondholders, as aforesaid, unless such Bondholders shall have offered to the Trustee security and indemnity satisfactory to it against the costs, expenses and liabilities to be incurred therein or thereby.

### **Concerning the Trustee**

The Trustee has no responsibility to use its own funds under the Indenture, but it may make advances at a rate specified in the Indenture, which advances are given priority of payment. The Trustee also has a lien with right of payment prior to payment of Bond interest or principal for reasonable compensation, expenses, advances and counsel fees. The responsibilities of the Trustee prior to an Event of Default are limited to express provisions of the Indenture, and at all times the Trustee shall not be liable unless it acts negligently or in bad faith. The Trustee is not required to institute suit or take other steps to enforce its rights and powers unless indemnified to its satisfaction against all costs and expenses. The Trustee and its officers and directors are authorized to acquire and hold Bonds and otherwise deal with the Authority or the College to the same extent as if it were not Trustee. Provision is made for the succession or replacement of the Trustee by another corporate Trustee with a minimum capital, surplus and undivided profits of \$10 million in event of merger, resignation, or removal by Holders of a majority in principal amount of outstanding Bonds, or in the event of disability, by the Authority or a court.

### **Concerning the Bondholders**

No Bondholder shall have any right to institute any proceeding in equity or at law for the enforcement of the Indenture or for any remedy under the Loan Agreement or the Security Agreement unless a default has occurred of which the Trustee has been notified or of which it is deemed to have notice; nor unless also such default shall have become an Event of Default and the Holders of a majority in aggregate principal amount of Bonds outstanding shall have made written request to the Trustee and shall have offered it reasonable opportunity either to proceed to exercise the powers granted or to institute such action, suit or proceeding in its own name; nor unless also they shall have offered to the Trustee indemnity as provided in the Indenture; and no one or more Bondholders shall have the right to affect, disturb, or prejudice the lien of the Indenture by his or their action or to enforce any right thereunder except in the manner therein provided, and that all proceedings at law or in equity shall be instituted and maintained in the manner therein provided and for the equal benefit of the Holders of all Bonds outstanding.

The Trustee, upon the written request of the Holders of a majority in principal amount of the Bonds at the time outstanding, shall waive any default under the Indenture and its consequences, except a default in the payment of the principal of the Bonds at the date of maturity specified therein; provided, however, that a default in the payment of interest on the Bonds shall not be waived unless, prior to such waiver, all arrears of interest, and all expenses of the Trustee shall have been paid or shall have been provided for by deposit with the Trustee of a sum sufficient to pay the same. In case of any such waiver, the Authority, the Trustee and the Holders of the Bonds shall be restored to their former positions and rights respectively. No waiver of any default or Event of Default, whether by the Trustee or by the Bondholders, shall extend to or shall affect any subsequent default or Event of Default or shall impair any rights or remedies consequent thereon.

Provision is made for meetings of Bondholders, proof of ownership of Bonds and execution of consents and other instruments by Bondholders.

### **Defeasance**

If the Authority and the College shall:

- (a) pay or cause to be paid the principal of, and premium, if any, and interest on the Bonds at the time and in the manner stipulated therein and in the Indenture, or
- (b) provide for the payment of principal of, and premium, if any, and interest on the outstanding Bonds by depositing with the Trustee at or at any time before maturity an amount either in cash or direct obligations of the United States in such aggregate face amount, bearing interest at such rates, and maturing on such dates sufficient to pay the entire amount due or to become due for principal and premium, if any, and interest to maturity of all Bonds outstanding, or
- (c) deliver to the Trustee (1) proof that notice of redemption of all of the outstanding Bonds not surrendered or to be surrendered to it for cancellation has been given or waived, or that arrangements have been made insuring that such notice will be given or waived, or (2) a written instrument executed by the College for the Authority and expressed to be irrevocable, authorizing the Trustee to give such notice for and on behalf of the Authority, or (3) file with the Trustee a waiver of such notice of redemption signed by the Holders of all such outstanding Bonds, and in any case, deposit with the Trustee before the date on which such Bonds are to be redeemed, the entire amount of the redemption price, including interest accrued and to accrue, and premium, if any, either in cash or direct obligations of the United States of America in such aggregate face amount, bearing interest at such rates and maturing at such dates as shall be sufficient to provide for the payment of the redemption price on the date such Bonds are to be redeemed and on any interest payment dates, or
- (d) surrender to the Trustee for cancellation all Bonds,

and shall also pay all other sums due and payable under the Indenture by the Authority, and shall also pay or provide for the payment of the unpaid fees and expenses of the Trustee and the rebate of all amounts due or to become due to the United States under Section 148 of the Internal Revenue Code, then at the request of the Authority or the College all the Trust Estate shall revert to the Authority and the College as their interests appear, and the entire estate, right, title and interest of the Trustee, and of registered owners of such Bonds in respect thereof, shall thereupon cease, terminate and become void; and the Trustee in such case, upon cancellation of all such Bonds for the payment of which cash or government obligations shall not have been deposited in accordance with the provisions of the Indenture, shall, upon receipt of a written request of the Authority and of a certificate of the Authority and an opinion of counsel as to compliance with conditions precedent, and at its cost and expense, execute to the Authority, or its order, proper instruments acknowledging satisfaction of the Indenture and surrender to the Authority or its order, all cash and deposited securities, if any (except that held for the payment of the Bonds), which shall then be held thereunder.

When the Authority or the College shall have deposited at any time with the Trustee in trust for the purpose, in the manner provided, or left with it if previously so deposited, cash or direct obligations of the United States of America sufficient to pay the principal of any Bonds (and premium, if any) when the same become due, either at maturity or otherwise, or at the date fixed for the redemption thereof and to pay all interest with respect thereto at the due date of such interest or to the date fixed for redemption, for the use and benefit of the Holders thereof, then upon such deposit all such Bonds shall cease to be entitled to any lien, benefit or security of the Indenture except the right to receive the funds so deposited, and such Bonds shall be deemed not to be outstanding thereunder; and from and after such redemption date or maturity, interest on such Bonds so called for redemption shall cease to accrue.

## **Supplemental Indentures**

The Authority and the Trustee may enter into such supplemental indentures as shall by them be deemed necessary or desirable for any one or more of the following purposes, among others:

- (a) to correct the description of any property conveyed or pledged by the Indenture or intended so to be, or to assign, convey, pledge or transfer and set over to the Trustee additional property for the benefit and security of the Holders and owners of all Bonds under the Indenture;
- (b) to add to the covenants and agreements of the Authority or to surrender any right or power reserved to or conferred upon the Authority;
- (c) to evidence the succession of any other department, agency, body or corporation to the Authority;
- (d) to cure any ambiguity or to correct or supplement any defective or inconsistent provision contained in the Indenture or in any supplemental indentures or to make such other provisions in regard to matters or questions arising under the Indenture or any supplemental indenture as the Authority may deem necessary or desirable and which shall not be inconsistent with the provisions of the Indenture or any supplemental indenture and which shall not impair the security of the same;
- (e) to create a series of and authorize Additional Bonds; and
- (f) to modify the Indenture as authorized by the Bondholders pursuant to the Indenture.

In addition and subject to the provisions set forth below, the Holders of not less than 65% in aggregate principal amount of the Bonds under the Indenture then outstanding shall have the right to consent to and approve such supplemental indentures as shall be deemed necessary or desirable by the Authority for the purpose of modifying, altering, amending, adding to or rescinding in any particular, any of the terms or provisions of the Indenture or in any supplemental indenture; provided, however, that such provision shall not be construed as permitting without the consent of the Holders of all such Bonds (a) an extension of the maturity of any Bond, or (b) a reduction in the principal amount of any Bond or the redemption premium or the rate of interest thereon, or (c) the creation of a lien upon or a pledge of revenues ranking prior to or on a parity with the lien or pledge created by the Indenture (except as provided in Section 2.09 of the Indenture with respect to Additional Bonds), or (d) a preference or priority of any Bond over any other, or (e) a reduction in the aggregate principal amount of the Bonds the Holders of which are required to consent to such supplemental indenture.

## **Amendments to the Loan Agreement**

The Authority and the Trustee may, without the consent of or notice to any of the Bondholders, consent to and (if requested) execute any amendment, change or modification of the Loan Agreement as may be required (a) by the provisions of the Loan Agreement or Indenture, or (b) for the purpose of curing any ambiguity or formal defect or omission, or (c) so as to add additional rights acquired in accordance with the provisions of the Loan Agreement, or (d) in connection with any other change therein which, in the judgment of the Trustee, is not to the prejudice of the Trustee or the Holders of the Bonds.

Except for amendments, changes or modifications provided for in the preceding paragraph, neither the Authority nor the Trustee may consent to any amendment, change or modification of the Loan Agreement without the written approval or consent of the Holders of not less than 65% in aggregate principal amount of the Bonds at the time outstanding, given and procured as provided in the Indenture. However, the Indenture does not permit a reduction in, or a postponement of, the payments under the Loan Agreement without the consent of the Holders of all the Bonds then outstanding.

### **Registration**

The Bonds shall be fully registered as to principal and interest at the office of the Trustee, which shall also perform the functions of registrar and paying agent. Bonds may be transferred and exchanged by surrender to the Trustee with a written authorization by the registered Owner or the Owner's authorized attorney satisfactory to the Trustee subject to such reasonable regulations as the Trustee may prescribe and shall be without expense to the Owner, except as to any taxes or other governmental charges required to be paid. Bonds may be exchanged only for a new Bond or Bonds of the same series, aggregate principal amount, maturity and basic interest rate of any authorized denominations. Payment of principal will be at the corporate office of the Trustee and interest shall be by check or draft of the Trustee mailed (or, pursuant to an agreement with the Trustee, by wire transfer) to the registered Owner at his address as shown on the registration books of the Trustee.

## INDEPENDENT ACCOUNTANTS' REPORT

Board of Trustees  
College of St. Thomas  
Saint Paul, Minnesota

We have examined the balance sheet of the College of St. Thomas, a Minnesota nonprofit corporation, as of June 30, 1987 and 1986, the related statement of changes in fund balances for the year ended June 30, 1987, and the related statement of current fund revenues, expenditures and other changes for the years ended June 30, 1987 and 1986. Our examinations were made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the financial statements referred to above present fairly the financial position of the College of St. Thomas as of June 30, 1987 and 1986, and the changes in fund balances for the year ended June 30, 1987 and current funds revenues, expenditures and other changes for the years ended June 30, 1987 and 1986, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

COLLEGE OF ST. THOMAS  
NOTES TO FINANCIAL STATEMENTS

June 30, 1987 and 1986

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Basis

The financial statements of the College of St. Thomas have been prepared on the accrual basis. The statement of current fund revenues, expenditures and other changes is a statement of financial activities of current funds related to the current reporting period. It does not purport to present the results of operations or the net income or loss for the period as would a statement of income or statement of revenues and expenses.

To the extent that current funds are used to finance plant assets, the amounts so provided are accounted for as (1) expenditures, in the case of normal replacement of movable equipment and library books; (2) mandatory transfers, in the case of required provisions for debt amortization and interest and equipment renewal and replacement; and (3) as transfers of a nonmandatory nature for all other cases, except as discussed in the following paragraph.

To assist in providing for future needs of capital for replacement of obsolete or worn equipment, and the renovation of existing facilities, the College has adopted a "Capital Recovery" system whereby amounts are reserved each year for future renewal and replacement of deteriorating capital investments. The amount to be reserved is based on percentages of the insured values of the buildings and contents. General Current Fund (unrestricted) expenditure accounts are charged for the amounts reserved. Disbursements for renewal and replacement are charged to the reserve account (in Plant Funds). The net amounts charged to the General Current Funds (unrestricted) were \$316,274 and \$227,999 in 1987 and 1986, respectively.

Fund Accounting

In order to ensure observance of limitations and restrictions placed on the use of the resources available to the College, the accounts of the College are maintained in accordance with the principles of "fund accounting". Fund accounting is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with activities or objectives specified. Separate accounts are maintained for each fund; however, in the accompanying financial statements, funds that have similar characteristics have been combined into fund groups. Accordingly, all financial transactions have been recorded and reported by fund group.

Within each fund group, fund balances restricted by outside sources are so indicated and are distinguished from unrestricted funds allocated to specific purposes by action of the governing board. Externally restricted funds may only be utilized in accordance with the purposes established by the source of funds and are in contrast with unrestricted funds over which the governing board retains full control to use in achieving any of its institutional purposes.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Fund Accounting - Continued

Endowment funds are subject to the restrictions of gift instruments requiring in perpetuity that the principal be invested and the income only be utilized. While quasi-endowment funds have been established by the governing board for the same purposes as endowment funds, any portion of quasi-endowment funds may be expended by action of the governing board.

All gains and losses arising from the sale, collection, or other disposition of investments and other noncash assets are accounted for in the fund which owned such assets. Ordinary income derived from investments, receivables, and the like, is accounted for in the fund owning such assets, except for income derived from investments of endowment and similar funds, which income is accounted for in the fund to which it is restricted or, if unrestricted, as revenues in unrestricted current funds. All other unrestricted revenue is accounted for in the unrestricted current fund. Restricted gifts, grants, appropriations, endowment income, and other restricted resources are accounted for in the appropriate restricted funds.

Principles of Consolidation

The financial statements of the College include the accounts of the Catholic Publishing Center Division. All significant inter-fund balances and transactions have been eliminated. The market value of the Catholic Publishing Center Division in excess of its book value at the date of gift to the College has been recorded as an asset on the balance sheet of the Endowment and Similar funds.

Investments

Investments are recorded at cost, adjusted where appropriate for amortization of premiums and accretion of discounts using the effective interest method. Investments by gift are recorded at market value at the date of acquisition.

Inventories

Inventories are recorded at the lower of cost (first-in, first-out) or market. Inventories consist mainly of College bookstore and Catholic Publishing Center books and materials.

Deferred Revenue and Prepaid Expenses

Receipts for magazine subscriptions and costs associated with publication are recognized by the Catholic Publishing Center as income and expense when the issues subscribed are published and sent to the subscribers. Receipts of tuition and prepaid costs for summer school sessions are recognized when the classes have been completed.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Plant Funds

Plant and equipment are recorded at cost. Gifts of buildings or equipment are recorded at fair value at date of acquisition. Depreciation is not recorded.

The College has financed construction and acquisition of several properties by issuing bonds structured as leases. All such transactions are capital leases under generally accepted accounting principles. Accordingly, all construction costs and properties acquired have been capitalized in the Plant Funds and the related bond issue debt has been recorded as long term debt in the same funds.

Amortization of Deferred Financing Costs and Leasehold Improvements

Deferred bond costs are being amortized by means of the straight-line method over the term of the bond issues (8-30 years). Leasehold improvements are being amortized by means of the straight line method over the term of the lease (46 months).

2. AFFILIATION AGREEMENT - SCHOOL OF DIVINITY

On May 3, 1987 (retroactive to July 1, 1986), the College entered into an affiliation agreement with The St. Paul Seminary and The Archdiocese of St. Paul and Minneapolis. It was the desire of the parties involved that The St. Paul Seminary and the College affiliate for the mutual benefit of each and for the purpose of creating The St. Paul Seminary School of Divinity of The College of St. Thomas (hereinafter referred to as the "School of Divinity").

The agreement called for the payment of \$2,500,000 to be made by the College to The St. Paul Seminary. In addition, the College will provide \$250,000 annually to the Program Improvement Fund of The School of Divinity. In each fiscal year, a maximum of \$150,000 of the above payment is to be used for supporting any operating deficit (as defined in the Affiliation Handbook) that may exist within the School of Divinity. Funds not used for the operating budget are set aside for enhancement of other School of Divinity programs.

The St. Paul Seminary transferred to the College certain real and personal property which was recorded within the Investment in Plant Fund at \$4,828,687. This amount represents the approximate historical cost as reported by The St. Paul Seminary at June 30, 1986.

In addition, in 1982 the College entered into an agreement with the Saint Paul Seminary to lease one of the dormitories (Loras Hall) on the Seminary Campus for a period of three years. Rent paid by the College to the Seminary totalled \$63,000 for the year ended June 30, 1986. The College was also responsible for all utilities, regular maintenance, staffing and management of the dormitory. Due to affiliation discussed above, no rent was paid to the St. Paul Seminary during the year ended June 30, 1987.

7. LIFE INSURANCE

The College capitalizes the cash value of life insurance policies donated to the College. The College has been named as the beneficiary and will receive the face value of the policies upon death of the donor. These gifts have been recorded in the Endowment fund group. The cumulative face value of these policies was \$1,383,152 at June 30, 1987 and \$1,261,992 at June 30, 1986.

8. RETIREMENT PROGRAMS

Retirement benefits are provided for the academic staff and some administrators through Teachers Insurance and Annuity Association (TIAA), a national organization, used to fund pension benefits for education institutions. Under this arrangement, the College and plan participants make annual contributions to TIAA to purchase individual annuities equivalent to retirement benefits earned. The cost of these benefits was \$614,841 and \$527,162, for 1987 and 1986, respectively.

Retirement benefits are provided for the nonacademic staff under a trustee retirement plan administered by the Archdiocese of Saint Paul and Minneapolis. Contributions are made solely by the College quarterly. Contributions, at a minimum, are to fund normal costs of benefits to be paid, actuarially computed. Contributions charged to Current Unrestricted Fund expenditures amounted to \$203,547 and \$172,056 for 1987 and 1986, respectively. Actuarial information for the individual participating entities is not available.

Retirement benefits are also provided for employees of the Catholic Publishing Center under a trustee retirement plan administered by an insurance company. Contributions are made solely by the Catholic Publishing Center on an annual basis. Contributions to the plan in 1987 and 1986 were \$23,759 and \$32,553, respectively.
